Nokian Tyres advances IT transformation with AI-led modernization in collaboration with TCS

Combining advanced AI capabilities with deep manufacturing domain expertise, TCS will support Nokian Tyres in driving innovation and sustainable business outcomes

HELSINKI | MUMBAI, June 4, 2026: [Tata Consultancy Services](#) (TCS) (BSE: 532540, NSE: TCS), a global leader in IT services, consulting, and business solutions organization, has announced a strategic partnership with Nokian Tyre PLC, a premium tire manufacturer headquartered in Finland. As part of the engagement, TCS will expand Nokian Tyres' use of artificial intelligence across application management, development, and onsite support services.

The collaboration will strengthen Nokian Tyres' IT operations by improving efficiency, resilience, and scalability. The AI-led transformation will accelerate the adoption of new ways of working, help address evolving business needs, and enable greater use of automation and data-driven services to drive long-term growth and agility in a rapidly evolving market. With AI-led and agentic automation embedded at the core of IT operations, the engagement will accelerate issue resolution, reduce operational cost, and strengthen resilience through unified digital infrastructure. TCS will deliver end-to-end application management services across Nokian Tyres' application landscape. This will include development, maintenance, and support for systems that will be supporting engineering, manufacturing, supply chain, commercial, and corporate functions.

Timmy McLellan, Chief Information Officer, Nokian Tyres, said: *"This strategic partnership with TCS will enable Nokian Tyres to have a globally unified, agile, and efficient operating model that supports business needs. In addition, it creates a sustainable foundation for the increasing adoption of next-generation technologies such as automation, data-driven solutions and artificial intelligence."*

Anupam Singhal, President - Manufacturing, TCS, said: *"The next era of manufacturing will be defined by intelligence at scale, where digital ecosystems, AI-enabled operations, and adaptive technologies work together to create more resilient and sustainable enterprises. Our collaboration reflects this shift. We are building a modern, insight-driven technology foundation to help Nokian Tyres accelerate innovation, respond faster to market shifts, and elevate manufacturing outcomes."*

Since 1991, TCS has operated in the Nordic region across Finland, Sweden, Norway, and Denmark. The company has played a pivotal role in driving growth and transformation for its customers. TCS has consistently received high customer-satisfaction ratings in independent surveys across the region and has been recognized as a Top Employer by the Top Employers Institute in multiple Nordic countries.

Nokian Tyres

Nokian Tyres' purpose is to make the world safer by reinventing tires, and how they are made, over and over again – a safer place to drive, work and live now and for generations to come. Inspired by our northern heritage, we develop and manufacture premium tires for passenger cars, trucks and heavy machinery with sustainability at the heart of all our operations. Our Vianor chain provides tire and car services. We are some 4,000 people with net sales of EUR 1.4 billion in 2025, and together we lead the journey to smarter driving for people and for businesses. Nokian Tyres is listed on Nasdaq Helsinki. Further information: company.nokiantyres.com, www.nokiantyres.com.
