Management Commentary

Mr. Chandreshkumar Shankerlal Patel
Promoter, Chairman & Managing Director

MESSAGE FROM THE CHAIRMAN & MANAGING DIRECTOR

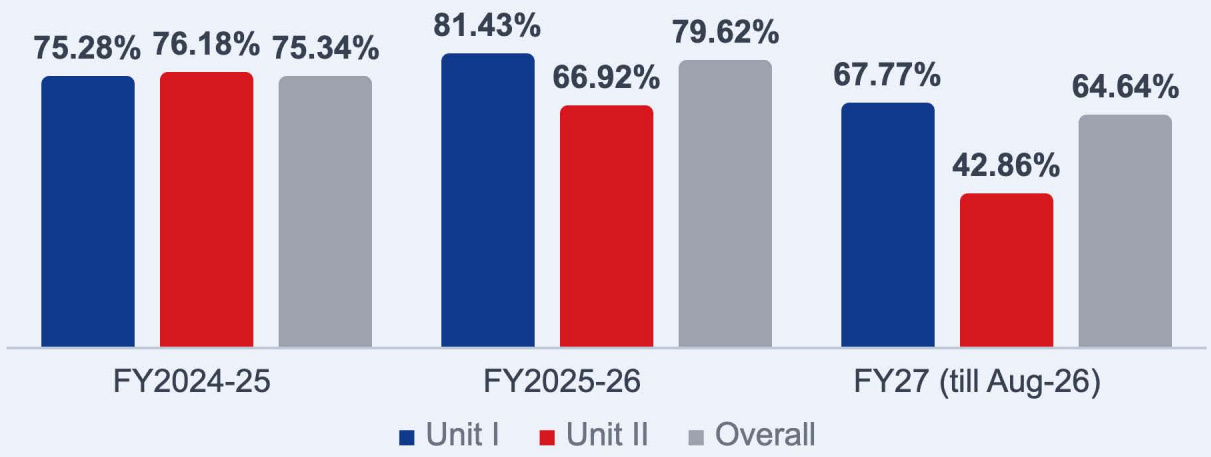
I am pleased to share our first set of financial results following the listing of JohnsonCab Electricals Limited on the SME platform of BSE on November 06, 2026. For the half year ended September 30, 2026, revenue from operations stood at ₹ 13,955.60 Lakhs – about 66% of our full-year FY26 revenue of ₹ 21,047.41 Lakhs. EBITDA was ₹ 1,727.47 Lakhs at a margin of 12.38% (FY26: 11.61%), and profit after tax was ₹ 950.71 Lakhs, a margin of 6.81%.

Demand from our key end-user segments – renewable energy, railways, power transmission & distribution and construction – continued to support our growth, and we continue to widen our distributor network.

On expansion, construction of the additional factory shed at Unit II is scheduled for November–December 2026. Once the new machinery is installed, our total installed capacity will rise from 79,950 KMS to 2,47,530 KMS p.a. The PICC line remains on track for commercial production by March 2027, and the rooftop solar power plant is expected to begin generation in January 2027.

I thank our shareholders, customers, employees and partners for their continued trust.

Capacity Utilisation – Unit-wise



FY26 capacity utilisation – meter view

Unit I	81.43%
Unit II	66.92%
Overall	79.62%

Product portfolio & management

Manufacturing facilities & process

Company Overview

- Manufacturer of low-voltage electrical wires and cables up to 1.1 kV under the brand JOHNSON CABLES; established in 2012 as Johnson Cables.
- Two manufacturing units at Mehsana, Gujarat with a combined installed capacity of 79,950 KMS p.a. (FY26).
- Portfolio spans power, control, industrial single & multicore cables, house/building wires, solar/PV, welding and submersible flat cables.
- H1 FY27: revenue ₹ 139.56 Cr, PAT ₹ 9.51 Cr; FY26: revenue ₹ 210.47 Cr, PAT ₹ 13.30 Cr.
- Listed on the SME platform of BSE on 06-Nov-2026 (BSE code: 545021) after an IPO of ₹ 56.02 Cr.

Meet Our Management

Mr. Chandreshkumar Shankerlal Patel

Promoter, Chairman & Managing Director

Experience
37 years in the submersible pump and cable industry.

Key Responsibilities
Overall management, strategic planning, business development and operational supervision.

Mr. Anjal Chandreshkumar Patel

Promoter, Whole-Time Director & CFO

Experience
4 years in the cable industry.

Key Responsibilities
Finance and accounts, financial planning and reporting; business operations and customer relationships.

Mr. Manish Devasi

Vice-President

Experience
11 years at JohnsonCab Electricals Limited.

Key Responsibilities
Strategic planning, sales and market expansion; customers, production, budgets and working capital.

The management team is supported by a team of professionals across production, quality, sales and finance.

Industry overview

Capacity Expansion – Building for the Future

Expanding our manufacturing capabilities to meet growing demand

Unit II installed capacity

9,950 → 1,77,530

KMS p.a., through additional machinery

Implementation timeline (as per RHP)

- Building & civil works: Nov–Dec 2026
- Machinery delivery & installation: Jan–Feb 2027
- Trial runs & commissioning: Mar–Apr 2027
- **Commercial production: April 2027**

₹ 8.46 Cr
Additional factory shed (IPO funded)

₹ 9.38 Cr
Plant & machinery (IPO funded)

₹ 3.23 Cr
Rooftop solar plant (IPO funded)

New Product – Paper Insulated Conductors (PICC)

Addition of a high-value product – **Paper Insulated Copper / Aluminium Conductors (PICC)** – to strengthen the portfolio and serve growing demand.

Key Applications

- Oil-filled power & distribution transformers
- Dry-type transformers
- High-tension motors & generators
- Windmill generators

Manufacturing & Investment Plan

Investment
₹ 850.12 L total; ₹ 733.11 L from IPO proceeds

Location
Unit II – new machinery in the constructed shed

Factory shed
Civil works completed (Aug-2026); term-loan funded

Proposed capacity
47.25 MT (Technical Evaluation Report, 06-Aug-2026)

Commercial production targeted: March 2027
Machinery installation Oct–Nov 2026 • Trial runs Dec 2026–Jan 2027

Source: RHP dated 26-Oct-2026. Of ₹ 850.12 L total cost, ₹ 117.01 L advance already paid and ₹ 733.11 L funded from net proceeds.

Business Strategy

Expand Manufacturing Capacity

- Additional shed & machinery at Unit II
- Capacity +1,67,580 KMS
- Better efficiency and flexibility

Energy Efficiency through Solar

- Rooftop solar plants at facilities
- Lower conventional power costs
- Sustainable operations

Product Innovation & Quality

- Products for evolving customer needs
- Leverage technical expertise
- ISO-certified, BIS-compliant

Higher Value-Added Products

- Paper covered copper / aluminium conductors
- For transformers, motors and generators

Renewable Energy Presence

- Solar cables & aluminium earthing wires
- More renewable & power projects

Operational & Financial Efficiency

- Cost optimisation & automation
- COGS / revenue: 90.50% (FY24) → 85.12% (FY26)

Brand & Customer Relationships

- Marketing, exhibitions, industry forums
- Quality and timely delivery
- Deepen and widen customer base

Investment Rationale

Consistent Revenue Growth
Revenue grew from ₹ 88.34 Cr (FY24) to ₹ 210.47 Cr (FY26); H1 FY27 at ₹ 139.56 Cr.

Integrated Manufacturing
Wire drawing, annealing, bunching, insulation, extrusion, testing and packing in-house.

Proposed Capacity Expansion
Unit II capacity to rise from 9,950 KMS to 1,77,530 KMS.

Diversified Product Portfolio
Power, house & building, industrial control, submersible flat, solar/PV and welding cables.

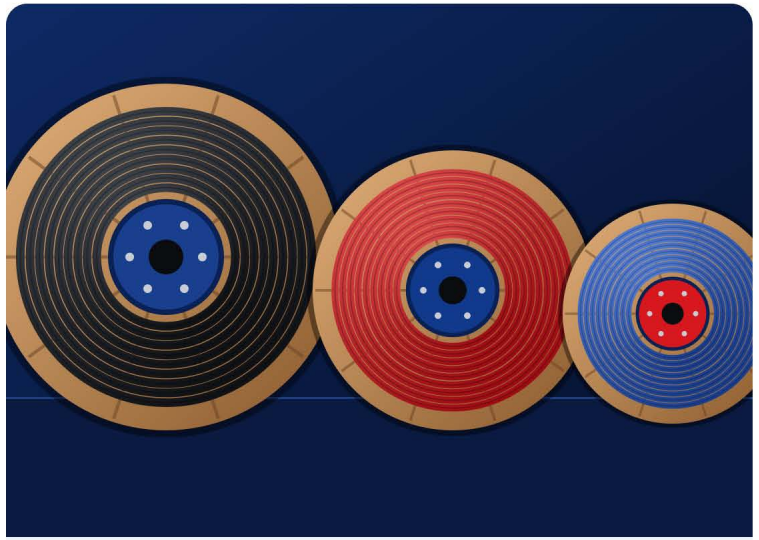
Established Customer Base
PSUs, state agencies and private customers; government & PSU 18.89% of FY26 revenue.

Industry Tailwinds
T&D build-out, railway modernisation, reconductoring and premiumisation.

Established Vendor Approvals
Western Railway, UGVCL, JVVNL, Gujarat R&B Department, GSRTC and others.

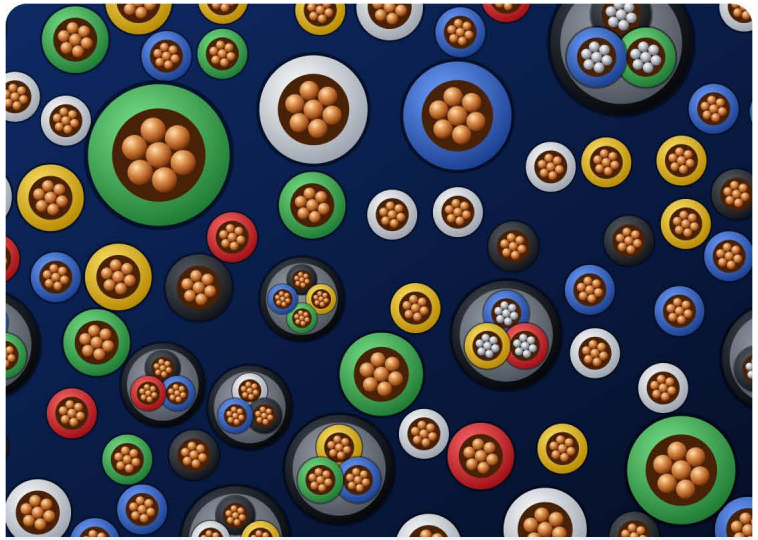
Strong Earnings Growth
EBITDA ₹ 5.52 Cr (FY24) to ₹ 24.43 Cr (FY26); PAT ₹ 2.52 Cr to ₹ 13.30 Cr.

Key Growth Drivers



Capacity Expansion at Unit II

Expanding Unit II from 9,950 KMS to 1,77,530 KMS p.a. through additional machinery, to support growing demand and scale operations.



Higher Production & Diversified Portfolio

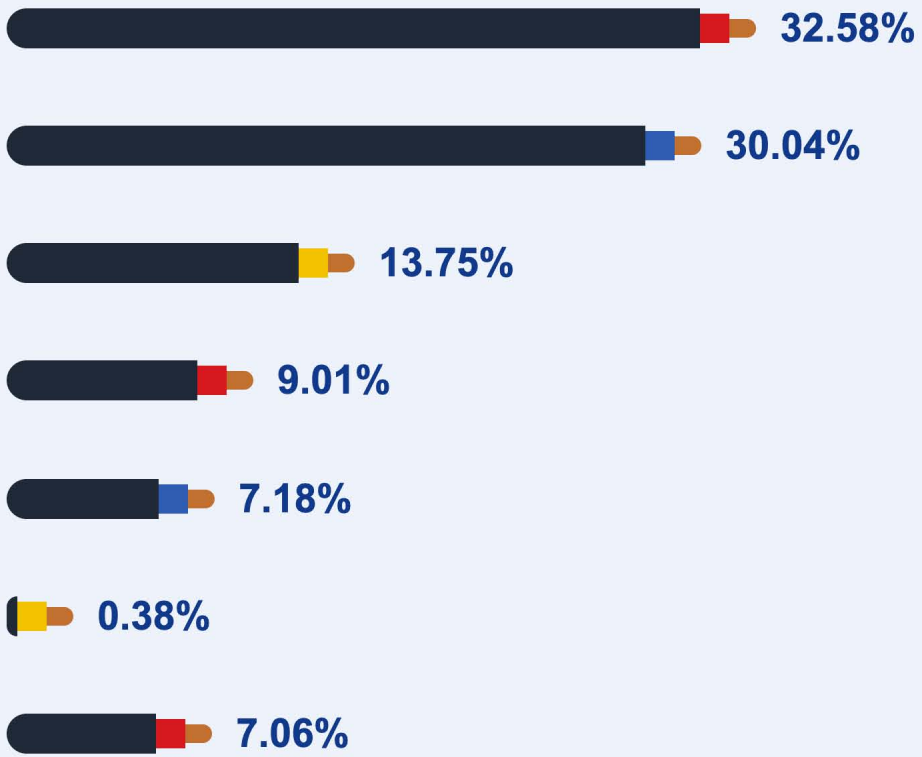
A broad range across power cables, housing wires, industrial control, solar/PV and specialised products supports higher volumes.

Export Presence in Mining & Power

Building presence in international markets, particularly Africa, by supplying flagship products for mining and power applications.

Revenue Mix – Product-wise

FY26 share of revenue



62.62%

from power cables and house/building wires (FY26)

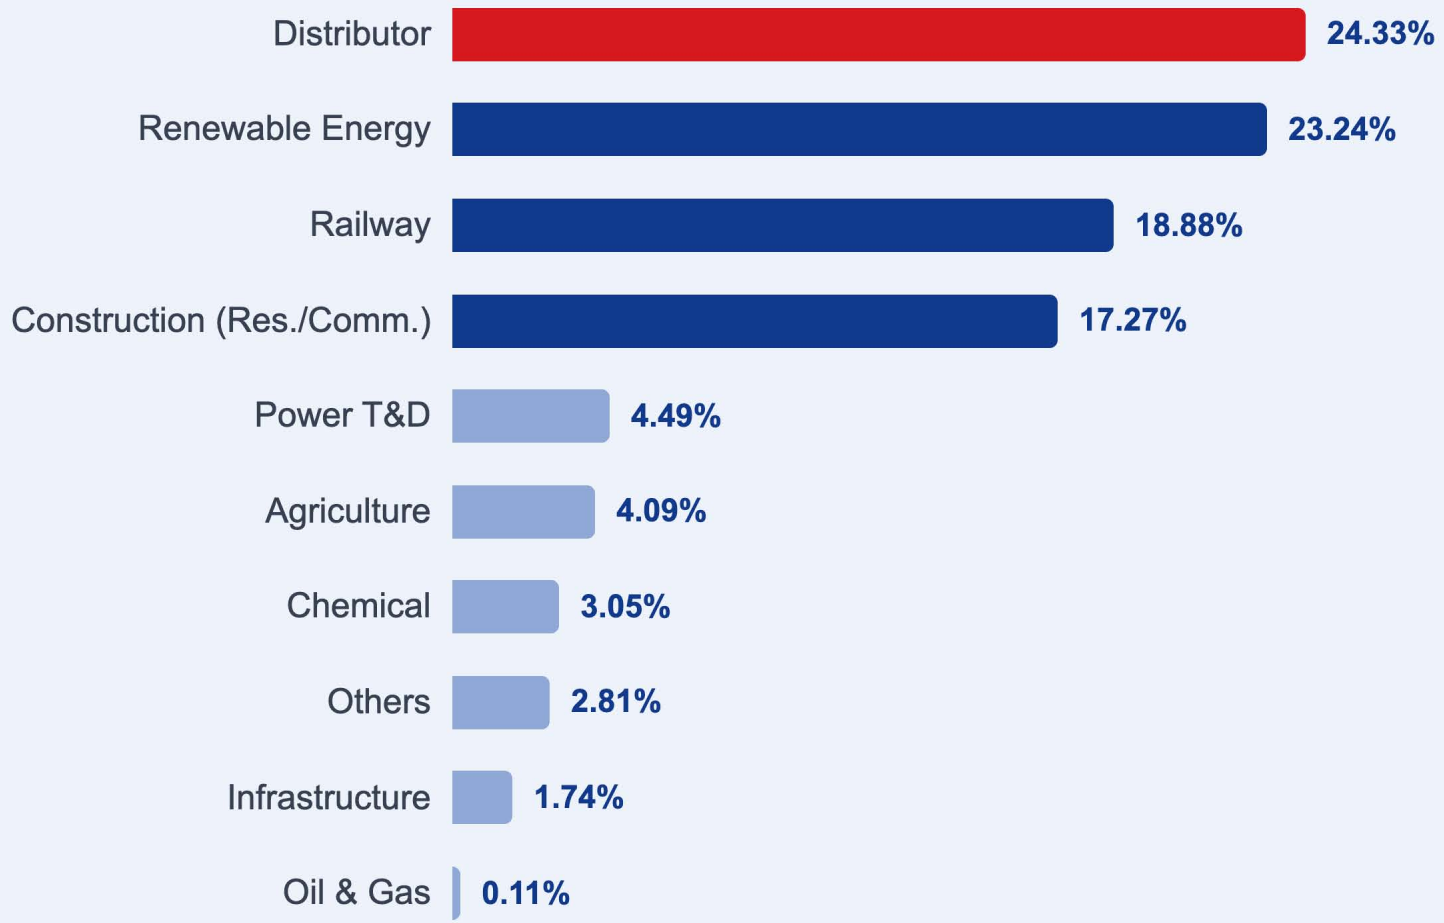
7

product segments across power, building, flat, solar, control and welding cables

**Others includes sale of scrap, raw materials and other residual products. FY26 split as per IPO presentation.*

Revenue Contribution by End-Use Industry

FY26 revenue mix by end-use industry (%)



83.72%

from the top four segments – distributors, renewable energy, railways and construction

18.89%

of FY26 revenue from government and public-sector customers

10

end-use segments in the FY26 revenue mix, from renewables and railways to oil & gas
