Hexaware Recognized as a Challenger in the 2026 Gartner® Magic Quadrant™ for Service Integration and Management Services

November 24, 2026: Hexaware Technologies (NSE: HEXT), a global provider of IT solutions and services, today announced it has been recognized as a Challenger in the 2026 Gartner® Magic Quadrant™ for Service Integration and Management Services.

Hexaware believes this recognition reflects its focus on end-to-end visibility across the supplier ecosystem and outcomes tied to user experience and business goals, supported by AI-led operations that enable enterprises to move from managing incidents to eliminating them.

The company's proprietary AI-driven Tensai® platform unifies multi-vendor telemetry and automates workflows to rapidly stabilize supplier estates.

Gartner, Magic Quadrant for Service Integration and Management Services, by Andrea Lanzavecchia, Joe Trejo, Jess Aggio, 21 October 2026

"We see service integration as a path to Zero Friction, not merely a coordination function," said **Girish Ravindran, Executive Vice President & Global Head – Digital IT Operations, Hexaware.** "We believe being recognized as a Challenger validates that vision. Our experience-led governance and AI-driven operations give clients end-to-end visibility and clear accountability across every supplier, along with a measurable route from managing incidents to eliminating them."

The full Gartner report is available here.
