Sub: General Update.

Dear Sir/Madam,

We wish to inform you that the Company has secured approximately **12.8 MW of additional data centre capacity over and above the Company's existing data centre capacity of approximately 14.6 MW**, to support its growing business requirements and the increasing demand for AI computing and cloud infrastructure services.

The additional capacity represents an increase of approximately 88% over the Company's existing data centre capacity, taking the Company's total data centre capacity to approximately 27.4 MW. The additional data centre capacity will enable the Company to strengthen its infrastructure capabilities and cater to the growing demand for its GPU cloud infrastructure and other AI-related services.

This is for your information and records.

Thanking You,

Yours faithfully,

For E2E Networks Limited
