Sub: Commissioning of further capacity under the 370 MW / 677 MWp Hybrid IPP Project

Dear Sir/Madam,

Apropos the captioned subject and pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that KPI Green Energy Limited ("the Company") has commissioned further capacity of **65.1 MWp**, comprising **52.5 MWp of solar** and **12.6 MW of wind capacity**, under its 370 MW / 677 MWp Hybrid Power Project (IPP) at Bharuch, Gujarat.

With the commissioning of the aforesaid capacity, the Company has cumulatively energized **575.8 MWp out of 677 MWp** capacity under the said Hybrid IPP Project, comprising **501.7 MWp of solar and 74.1 MW of wind capacity**. The project is being developed by the Company as an Independent Power Producer (IPP) under a long-term Power Purchase Agreement with **Gujarat Urja Vikas Nigam Limited (GUVNL).**

This addition brings the Hybrid IPP Project closer to full commissioning. With this, the Company's cumulative energized Independent Power Producer (IPP) capacity has increased to **1.41 GWp,** out of its total IPP portfolio of **3.22 GW**. The Company remains focused on the timely execution of its project pipeline, as each phase of capacity commissioned under long-term PPAs adds to its stable, annuity-based revenue base, improving cash-flow visibility and supporting long-term value creation for its stakeholders.

This is for your information and records.

Thanking you,

Yours Faithfully,
For KPI Green Energy Limited
