PRESS RELEASE

Monarch Surveyors Secures ₹11.66 Crore Order from Government of Bihar for Greenfield Satellite Township Planning

Pune, July 20th, 2026: Monarch Surveyors and Engineering Consultants Limited (BSE: 544453), a leading civil infrastructure consulting and engineering services company, has secured a prestigious contract from the **Government of Bihar, Urban Development & Housing Department**, for the **Preparation of Town Planning Scheme(s) for Multiple Greenfield Satellite Townships in Bihar (Group-1)**. The total value of the order stands at **₹11.66 crore (inclusive of GST)**.

The project marks another significant milestone in Monarch's growing participation in India's urban infrastructure development initiatives. Under the contract, the Company will undertake comprehensive town planning activities for the proposed greenfield satellite townships, supporting the Government's vision of planned urban expansion, sustainable infrastructure, and integrated regional development. The work is scheduled to commence immediately and will be executed as per the timelines stipulated in the Letter of Acceptance.

The contract has been awarded by a domestic government entity and is expected to further strengthen Monarch's credentials in delivering large-scale urban planning and infrastructure consultancy assignments for public sector clients across India. The Company continues to leverage its multidisciplinary expertise in surveying, geospatial solutions, engineering consultancy, and project management to support transformative infrastructure projects nationwide.

Commenting on the development, **Mr. Sunil Kokare, Director – Business, Monarch Surveyors and Engineering Consultants Limited**, said:

"We are pleased to receive this prestigious assignment from the Government of Bihar, marking another important milestone in our strategy to expand Monarch's presence across key infrastructure markets in India. This project not only reflects the continued trust that government agencies place in our technical expertise and execution capabilities but also strengthens our domestic geographic diversification beyond our established markets."

ABOUT MONARCH

Founded in 1999, Monarch Surveyors and Engineering Consultants Ltd. is a publicly listed leader in infrastructure driving transformative projects across railways, roads, urban development and industrial corridors. By providing comprehensive infrastructure consulting services, we deliver DPRs, urban development, land acquisition planning, geospatial mapping using LiDAR and 3-D scanning, detailed engineering design and project management services.
