**PRESS RELEASE**
Delhi, 9th November 2026

# Maharaja & Speedex Raises Installed Capacity to 72 Lakh Units a Year from Internal Accruals — Monthly Revenue Run-Rate Up to ~₹16 Cr

**Maharaja & Speedex India Limited (BSE: 544925)**, which makes stainless-steel bottles and drinkware under the Speedex and Maharaja brands, is pleased to announce a **9 lakh-unit addition to its annual manufacturing capacity**. The Company has installed additional machinery, **funded entirely from internal accruals**, taking installed capacity to **72 lakh units a year** and the monthly revenue run-rate to **about ₹16 Cr**.

## Capacity build-up, January to November 2026

| Stage | Capacity | Run-rate / month | Capacity (to scale) |
|---|---|---|---|
| January 2026 | **48 lakh units** | – | |
| March 2026 onwards | **63 lakh units** | **~₹14.5 Cr** | |
| **November 2026 (this addition)** | **72 lakh units** | **~₹16 Cr** | |

**Since January 2026:** installed capacity up 50% · monthly revenue run-rate up about 10% on the earlier ₹14.5 Cr

## What the addition does

**Bottleneck cleared, more automation:** The new machinery removes the constraint that was capping output at the Sonipat units, operated through the Company's wholly owned subsidiary, Dewdrop Bottles Private Limited, so the lines already in place can run to their full potential. It moves production towards **greater automation** and strengthens the Company's shift to a **design-led OEM / ODM**.

**Demand catch-up:** This enables Speedex to cater to demand that is fast outpacing capacity, from both its own brands and its OEM partners.

**Positioned for an organising market:** The Company is better placed to raise its share as the market moves towards organised, BIS-certified makers.

## Next phase: IPO-funded expansion

Separately, the **31 lakh-unit expansion** funded from the IPO proceeds is **on track** and is expected to go live in **Q4 of this fiscal (Q4 FY27)**, in line with the timelines stated in the Red Herring Prospectus. It is a distinct programme from the capacity announced today.

> "Speedex and Maharaja have earned their place with consumers and OEM partners by being dependable on quality and supply. This added capacity lets us serve our distributors and partners better and puts our monthly run-rate on a higher footing. It gives **Maharaja & Speedex a stronger base** to keep growing as a larger, more organised player in stainless-steel drinkware, and we are well placed for the next stage."
>
> — Mr. Akash Aggarwal, CEO, Maharaja & Speedex India Limited

## About Maharaja & Speedex India Limited

Maharaja & Speedex India Limited makes stainless-steel bottles, flasks and drinkware under its own Speedex and Maharaja brands and as an OEM partner to leading consumer brands. It manufactures in-house at two units in Sonipat, Haryana, through its wholly owned subsidiary Dewdrop Bottles Private Limited, and sells through 101 distributors across 17 states and 2 union territories, and online. The Company is listed on the BSE SME platform (scrip code 544925).
