¹Total production, including trial, from new smelter at 27 KT (2QFY27) & 51 KT (1H FY27)

²VAP figures have been restated for previous periods for like-to-like comparison

- Highest-ever Quarterly & Half-Yearly Aluminium production at 649 KT & 1281 KT respectively with new smelter volume supported by efficiency of existing lines.
- BALCO continues to accelerate its growth trajectory with the successful commissioning of the second zone of its pioneering 525 kA smelter potline, the first of its kind in the world (ex-China), taking operational capacity to 50% of the planned 435 KTPA expansion and reinforcing its technology-led journey towards scale, competitiveness, and sustainable value creation.
- Record Quarterly & Half-Yearly Alumina production at 895 KT & 1721 KT respectively reflecting the ramp-up & stabilization of the expansion circuit.
- Value-Added production capabilities enhanced in the last two quarters in response to accelerating Asian Automotive segment and growing Domestic Downstream demand.
- Consent to Operate (CTO) has been obtained for the Sijimali Bauxite Block.

This press release contains “forward-looking statements” – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “should” or “will.” Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional, and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements and investors should take their own informed decisions.
