VEEFIN APPOINTS RIDDHI DUTTA AS CHIEF REVENUE OFFICER TO ACCELERATE GLOBAL GROWTH

Mumbai, India – June 11, 2026 – Veefin Solutions Limited, a global leader in banking, lending and working capital technology solutions, today announced the appointment of Riddhi Dutta as Chief Revenue Officer (CRO).

As CRO, Riddhi will be responsible for driving Veefin’s global revenue strategy, accelerating growth across international markets, leading the company’s sales and marketing functions, strengthening strategic customer relationships, expanding the partner ecosystem, and scaling Veefin’s go-to-market organisation worldwide.

Riddhi brings over two decades of experience in enterprise technology, digital banking, and financial services transformation. Over the course of his career, he has led commercial, growth, and transformation initiatives across global banking technology organisations, working closely with financial institutions across Asia-Pacific, India, and the Middle East. He has helped banks modernise customer experiences, digitise operations, and accelerate business growth while building and scaling high-performing teams across multiple markets.

Prior to joining Veefin, Riddhi spent more than seven years at Backbase, where he played a pivotal role in establishing and scaling the company’s business across Asia-Pacific. During his tenure, he led teams responsible for delivering 10x business growth, built and scaled a high-performing go-to-market organisation, and managed relationships with some of the region’s largest and most innovative financial institutions. His leadership helped strengthen Backbase’s position as a leading digital banking platform provider across key markets in the region.

The appointment reflects Veefin’s commitment to accelerating global growth and strengthening its commercial leadership as the company expands its presence across international banking markets. As financial institutions worldwide continue to invest in digital transformation, lending modernisation, and embedded financial services, Veefin is focused on scaling its global business, deepening engagement with customers and partners, and reinforcing its position as a leading provider of banking and lending technology solutions.

Leadership Statements

Raja Debnath, Co-founder and Managing Director, Veefin Solutions Limited, said:

“As Veefin enters its next phase of global growth, building a world-class commercial organisation is a strategic priority. Riddhi brings deep industry expertise, strong customer relationships, and a proven track record of scaling technology businesses across international markets. His experience in driving sustained growth and building high-performing teams will be instrumental as we continue to expand our global presence and strengthen our leadership position in banking technology.”

Riddhi Dutta, Chief Revenue Officer, Veefin Solutions Limited, said:

“Veefin has built an exceptional platform and product portfolio that addresses some of the most critical challenges faced by financial institutions globally. I am excited to join the company at such an important stage in its journey and look forward to working closely with customers, partners, and colleagues worldwide to accelerate growth, strengthen market leadership, and create long-term value for all stakeholders.”

About Veefin
