Commenting on the results, Mr. Amit Rambhia, Chairman & Managing Director, Panache Digilife Limited said:

"We are pleased to report a strong performance in Q2 and H1 FY27, reflecting the strength of our technological capabilities and sustained R&D efforts. Total Income for Q2 FY27 grew 231.7% YoY and 153.7% QoQ to ₹13,075 lakhs, while H1 FY27 Total Income rose 163.5% YoY to ₹18,229 lakhs. Our focused efforts over the years are now translating into tangible results, with early investments in building a strong technological foundation beginning to deliver returns.

EBITDA for Q2 FY27 grew 371.2% YoY to ₹1,353 lakhs, with EBITDA margin expanding by 306 basis points to 10.3% from 7.3% in Q2 FY26. For H1 FY27, EBITDA increased 286.5% YoY to ₹1,944 lakhs, with margins improving by 339 basis points to 10.7%. The margin expansion was driven by robust execution, resulting in operating leverage, an improved product mix and a higher share of value-added products.

PAT grew significantly by 5.5x, up 450.8% YoY to ₹770 lakhs in Q2 FY27, with PAT margin expanding by 234 basis points to 5.9%. For H1 FY27, PAT grew 407.8% YoY to ₹1,150 lakhs, with PAT margin improving by 304 basis points to 6.3%.

During the quarter, we strengthened our foothold through a significant order in the telecom sector through our subsidiary, Panache Newage Technology Private Limited. The engagement encompasses the delivery of advanced technology solutions and services, including installation, configuration, technical support, and real-time monitoring. This engagement represents a significant milestone in our strategic expansion into India's rapidly evolving telecom sector. We believe it establishes a strong foundation for scaling our presence in this high-growth market, pursuing larger and more complex projects, strengthening our technology services capabilities, and fostering long-term strategic partnerships.

We remain confident in the growth potential of India's Electronic System Design and Manufacturing (ESDM) ecosystem, driven by increasing localisation, domestic manufacturing and the growing adoption of AI, IoT, networking and smart devices. With integrated capabilities across product design, engineering and manufacturing, Panache is well positioned to capitalise on these opportunities.

During the quarter, Panache was honoured with the prestigious Innovation & Excellence Award by Intel at the Industry Solution Builders Connect 2026. This recognition underscores our continued commitment to innovation, excellence in product development, and technological advancement, while reinforcing our position as a trusted provider of cutting-edge technology solutions.

Looking ahead, we remain focused on expanding our customer base and product portfolio, strengthening strategic partnerships and increasing our presence in high-growth, technology-intensive segments. We believe these initiatives, combined with our integrated capabilities and expanding addressable market, position us to unlock new growth opportunities, enhance operating leverage and deliver sustainable growth and long-term value for our stakeholders."
