Notes:

1 The above results for the quarter and six months ended Sept 30, 2026 were reviewed and recommended by the audit committee and approved by the Board of Directors in its meeting held on 13-Nov-2026. These results for the quarter and six months ended Sept 30, 2026 have been reviewed by the statutory auditors of the company in terms of Regulation 33 of the SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015 (as amended). They have given an unqualified report on the above results.

2 This statement has prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) (as amended) prescribed under section 133 of the Companies Act, 2013 (as amended) and other recognised accounting practices and policies to the extent applicable.

3 The Company is presently operating in only one business segment i.e. Dairy Products.

4 The Adavinekkalam plant underwent its trial run at the end of December 2024 and the first week of January 2025, subsequently commencing commercial operations. This transition led to increased operational expenses and depreciation, contributing to a negative profit for some of the previous quarters. Although the management had projected that the plant would achieve breakeven by Q3 of F.Y. 2026-27, owing to effective management, improved operational efficiencies and better cost control, the Company successfully achieved profitability as early as Q2 of F.Y. 2026-27, ahead of its original expectations. The Company expects this positive performance to continue, with further improvements in production efficiency, capacity utilisation and cost optimisation, thereby strengthening its profitability and generating better financial results in the coming quarters and future financial years.

5 Previous period figures are re-arranged / re-grouped wherever necessary, in line with the current period presentation.
