Moneyboxx Finance Limited classifies as Middle Layer NBFC

New Delhi, October 07, 2026: Moneyboxx Finance Limited ("Moneyboxx" or "the Company"), a listed NBFC serving micro and small enterprises across semi-urban and rural India, has surpassed the ₹1,000 crore total assets milestone as of September 30, 2026.

"Total assets" here refers to the Company's total assets as per its balance sheet and is distinct from assets under management (AUM). The figure is based on provisional, unaudited management accounts as at September 30, 2026, and is subject to limited review by the statutory auditors.

Crossing ₹1,000 crore in total assets is an important milestone in Moneyboxx's growth journey and reflects the increasing scale and maturity of the Company's lending platform.

Over the years, Moneyboxx has built a diversified financial-services platform focused on underserved micro and small enterprises, spanning secured MSME finance, livestock finance, rooftop solar finance and digital lending. As the business has scaled, the Company has continued to strengthen its portfolio quality, institutional funding relationships, technology platform, risk-management framework and governance capabilities.

Under the Reserve Bank of India's framework, non-deposit-taking NBFCs with an asset size of ₹1,000 crore and above fall within the Middle Layer (NBFC-ML). Accordingly, the Company will become subject to the regulatory requirements applicable to NBFC-ML in accordance with the provisions and timelines of that framework. The Company views this as a natural progression that reinforces its commitment to high standards of governance, risk management, compliance and responsible lending.

Mr. Deepak Aggarwal, Co-Founder and Co-CEO, Moneyboxx Finance Limited, said:

"Crossing ₹1,000 crore in total assets is a proud moment for Moneyboxx and an important step in building a strong, scalable and responsible financial institution. We are deeply grateful to our shareholders, lenders, employees, customers and partners, whose trust has brought us here.

Over the last few years, we have strengthened the foundations of the business, from the secured nature of our portfolio to our technology, risk management and funding relationships. As we enter our next phase of scale, our focus remains on disciplined growth, strong asset quality and improving operating efficiency, and we are excited about the opportunity ahead."

The Company will continue to comply with all applicable regulatory requirements prescribed by the Reserve Bank of India and other regulatory authorities from time to time.

Disclaimer: This communication contains certain forward-looking statements regarding the Company's business, growth and prospects. These statements are based on current expectations and are subject to risks and uncertainties that could cause actual results to differ materially. The Company undertakes no obligation to update them. Figures stated are provisional and unaudited.
