## — BUSINESS UPDATE · AI STRATEGY IN EXECUTION

# NINtec Adds Another AI Mandate — €1.10 Million Engagement with a Finland-Based AI Company.

NINtec has signed a new **€1.10 million (~Rs. 12.10 Cr)** engagement with a Finland-based AI company — a fast-growing platform building autonomous chatbots and AI agents for enterprises — to act as its **strategic technology partner**, supporting the client across its full technology stack. This is one of several AI-led mandates the Company is closing as it executes the AI-first strategy outlined in the previous communication — with a **healthy pipeline of similar opportunities** at advanced stages across geographies.

**Ahmedabad, June 19th, 2026** – NINtec Systems Limited (NSE - NINSYS | BSE - 539843) announces that its wholly-owned subsidiary, NINtec Systems B.V., has signed a new AI engagement in the Nordic region.

## — KEY HIGHLIGHTS OF THE ENGAGEMENT

- 01** Contract value of **€1.10 million (~Rs. 12.10 Cr)**, secured and added to the Company's **consolidated order book**.
- 02** NINtec to act as **strategic technology partner** — supporting the client's AI platform, integrations and overall technology operations.
- 03** Client is a Finland-based AI company building autonomous **chatbots and AI agents** for enterprises across automotive, education, public sector and professional services.
- 04** Latest in a series of AI mandates being closed — with **multiple similar opportunities** at advanced stages across geographies.

*“This is one of several AI engagements being closed in the current period — the AI-first strategy is playing out, with a healthy pipeline of similar opportunities at advanced stages across geographies.”*

## — ABOUT THE CLIENT

The client is a **Finland-based AI company** that builds autonomous chat solutions for sales and customer service — the AI agents businesses use to handle enquiries, qualify leads and automate online sales conversations, 24/7. Its product suite spans AI Chatbots and AI Agents, embedded conversion engines, a conversation-analytics engine, and integration with CRM, ERP and backend systems. The client also operates a dedicated automotive e-commerce platform and serves enterprises across **automotive, education, public sector and professional services** in the Nordic region — closely aligned with NINtec's services in **AI agents, Generative AI applications, and intelligent automation platforms**.

## — STRATEGIC SIGNIFICANCE

This engagement reinforces NINtec's positioning as a **technology partner of choice for AI-driven businesses**. As more enterprises build AI platforms and agentic-AI applications, the Company's engineering depth across AI, Generative AI, and intelligent automation is increasingly relevant. NINtec is seeing continued momentum in client conversations across geographies, with multiple AI-led mandates at advanced stages. Each such engagement adds to the long-term, durable revenue the Company is building toward — and to its growing track record as a technology backbone for AI-native businesses.

*We will continue to share business updates like this, at regular intervals.*
