Sub.: Intimation under Regulation 30 of SEBI (LODR) Regulations, 2015 – Receipt of Work Order worth approx. ₹2,025 crore for 500 MW / 550 MWp Solar EPC Project from NACOF Oorja Private Limited

Dear Sir/Madam,

Apropos the captioned subject and pursuant to **Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**, we wish to inform you that **KPI Green Energy Limited** ("the Company") has received a **Work Order from NACOF Oorja Private Limited** ("NOPL"), a subsidiary of NACOF, for the **turnkey Engineering, Procurement and Construction (EPC) of a 500 MW / 550 MWp solar photovoltaic power project**. The order is valued at approximately **₹2,025 crore (inclusive of all taxes)**.

The project of 500 MW forms part of the 5,000 MW Solar Photovoltaic Power Park being developed by NOPL at Village Dantoor, Tehsil Khajuwala, District Bikaner, Rajasthan. Under the Work Order, the Company will be responsible for the complete design, engineering, procurement, supply, installation, testing and commissioning of the plant. The scope includes civil works, PV modules, module mounting structures, inverters, inverter transformers, HT switchgear and associated electrical systems, the 33 kV transmission line and evacuation bay, and SCADA and monitoring systems. The project is scheduled to be completed within **12 Months** from the handing over of the project site

This order comes after the 500 MW / 550 MWp solar BOS package awarded to the Company by NTPC Renewable Energy Limited at Bikaner earlier this year and further strengthens the Company's position in Rajasthan. As a full turnkey mandate, it also reflects the Company's end-to-end EPC capabilities in utility-scale solar. The order adds meaningfully to the Company's EPC order book and provides good revenue visibility over the coming year.

The details as required under Regulation 30 of the SEBI LODR Regulations read with SEBI Master Circular dated January 30, 2026, are enclosed herewith as Annexure I.

Thanking you,
Yours Faithfully,
For KPI Green Energy Limited
