## Accord Transformer & Switchgear Receives Vendor Approval from Aditya Birla Renewables

*Strengthening Presence in India's Renewable Energy Sector*

**Gurugram, July 06, 2026** – Accord Transformer & Switchgear Limited, one of India's leading manufacturers of transformers and switchgear solutions, has received Vendor Approval from Aditya Birla Renewables Limited for the supply of transformers for its renewable energy projects. This approval marks another significant milestone in the Company's growth journey and further reinforces its position as a trusted partner in India's fast-growing renewable energy ecosystem.

Aditya Birla Renewables, a part of the Aditya Birla Group, is focused on developing and operating large-scale renewable energy projects across India. The vendor approval enables Accord Transformer & Switchgear Limited to participate in opportunities for supplying transformers across the company's renewable energy portfolio, subject to project requirements and applicable commercial terms.

The approval follows a comprehensive evaluation of the Company's manufacturing capabilities, quality management systems, technical expertise, and operational standards. It reflects the confidence placed by Aditya Birla Renewables in Accord's ability to deliver high-quality, reliable, and efficient transformer solutions for clean energy infrastructure.

This development further expands the Company's approved customer base in the renewable energy segment and creates new opportunities to support India's energy transition through participation in utility-scale solar, wind, and hybrid power projects.

**Mr. Pradeep Kumar Verma, Chairman & Managing Director, Accord Transformer & Switchgear Limited, commented,** *"The vendor approval from Aditya Birla Renewables is an important milestone for our Company and reflects the strength of our manufacturing capabilities, quality standards, and commitment to delivering reliable transformer solutions. As India accelerates its transition towards clean energy, we are pleased to partner with one of the country's leading renewable energy developers. We believe this approval will further strengthen our presence in the renewable energy sector and support our long-term growth strategy."*

The approval aligns with the Company's strategic focus on expanding its presence across renewable energy developers, power utilities, industrial infrastructure, and transmission & distribution projects while continuing to deliver reliable, efficient, and future-ready electrical solutions.

### About Accord Transformer & Switchgear Limited:

Accord Transformer & Switchgear Limited is a leading provider of comprehensive energy solutions, specializing in the design, manufacturing, installation, and commissioning of transformers, substations, and switchgear systems. With advanced manufacturing facilities in Bhiwadi and a strong presence across power transmission, renewable energy, and industrial sectors, the Company is committed to delivering reliable, efficient, and future-ready infrastructure solutions.
