Key Highlights

- Highest Ever Quarterly & Yearly Volumes & Revenue.
- Total Income in FY26 grew by ~14% on YoY basis. Overall volume for FY26 rose by 17% on YoY basis surpassing the 5 lac KL (5,00,000 KL) mark for the first time, marking an all-time high sales volume.
- On annual basis, Transformer Oil, White Oil, and Exports all posted double-digit growth, while Lubricants delivered high single-digit growth. In Q4FY26, double digit volume growth was recorded across all divisions.
- The Savsol Ester5 automotive lubricant range continues to accelerate with sales growth 5X of the Industry growth in FY26, reinforcing the strategy to premiumise the portfolio through advanced technology.
- Continuous focus on strengthening brand recall, expanding distribution in B2C segments and aiming for healthy double-digit growth in India and International markets for the existing business.
- Focus remains on new business around the central themes of energy transition and developing newer ester and advanced fluids across verticals like Cooling and Renewable Energies.
- The Board has recommended a final dividend of Rs. 5/- per equity share of face value of Rs. 2/- each.

Commenting on the performance, Mr. Gautam N. Mehra, Chairman and Managing Director, said “We are pleased to report a record performance for both the quarter and for the full year, with total income growing 22% YoY in Q4FY26 and 14% for FY26, alongside strong profitability with PBT increasing 60% for the quarter and 57% annually. The Q4 performance was underpinned by robust double-digit volume growth across all divisions. With robust demand, the Company continues to operate at optimal levels with improved efficiencies across operations, and we would like to thank all our employees for their grit, commitment and contribution to this strong performance.

Savsol Ester5 range of automotive lubricants has seen strong market acceptance and is scaling rapidly. Looking ahead, we remain focused on strengthening our brand, expanding B2C reach, and aim for double-digit growth across domestic and international markets. We are also actively building new growth

engines with a range of new offerings which can bring long term sustainable growth. With rapidly growing Power & Industrial Infrastructure in India, we see a significant opportunity for our ester-based and other advanced products, positioning us well to capitalise on the India Growth Story.”

About Savita Oil Technologies Limited (SAVITA)

Established in 1961, Savita Oil Technologies Limited (BSE: 524667 | NSE: SOTL) is a leading manufacturer of petroleum specialty products. SAVITA has developed and manufactured a broad array of products including Transformer Oils, Liquid Paraffins, White Oils, Automotive and Industrial Lubricants, Coolants and Greases, among others. Headquartered in Mumbai, SAVITA has world-class manufacturing facilities situated in the state of Maharashtra and at Silvassa in the Union Territory of Dadra and Nagar Haveli and Daman & Diu.

SAVITA serves varied industries such as Power Generation and Distribution, Automotive, Thermoplastic Rubbers, FMCG, Plastics, Pharmaceutical, Agriculture, Refrigeration, Polymers, among others. In addition to catering to a sizeable B2B clientele, SAVITA’s popular range of lubricants, greases, and coolants are sold to retail customers under the brand SAVSOL.

Sustainability has always been one of the cornerstones of SAVITA’s business philosophy and SAVITA was one of the first corporates in India to commence investing in renewable energy way back in 1999 when it set up its first wind energy generator. SAVITA currently generates renewable energy from wind at 18 sites in the states of Maharashtra, Tamil Nadu, and Karnataka with an installed capacity to produce 53.8 MW of wind-powered electricity.
