Subject: Update on Temporary Suspension of Trading and Status of Resolution of the Matter

Dear Shareholders,

We wish to inform all our valued shareholders that the temporary suspension of trading in the shares of AVI Polymers Limited was the result of an inadvertent misunderstanding during a physical verification visit conducted by the Bombay Stock Exchange (BSE) at the Company's registered office address.

During the course of the verification process, the visiting officials were mistakenly directed to another office located within the same building. Owing to the similarity of the office/gala numbers, the officials inspected a different premises that was not operational and was unrelated to the Company. Based on this misunderstanding, an adverse observation was recorded, which subsequently led to the suspension of trading in the Company's securities.

Upon becoming aware of the matter, the Company immediately engaged with the concerned authorities at BSE and provided comprehensive clarifications along with all supporting documentary evidence, including proof of the registered office address, photographs, videos, and other relevant records demonstrating the existence and functioning of the Company's registered office.

We are pleased to inform shareholders that BSE has acknowledged the Company's representations and supporting evidence. The matter is presently under review, and the process for rectification of the records and revocation of the trading suspension is underway at the BSE's end.

The management is actively coordinating with the Exchange and is committed to ensuring an expeditious resolution of the matter. We would like to reassure all shareholders that this issue arose solely due to a misunderstanding during the verification process and does not affect the Company's operations, business activities, or compliance commitments.

Shareholders are requested not to be concerned, as the matter is being addressed with the relevant authorities and is in the process of resolution. The Company will continue to keep shareholders informed of any material developments in accordance with applicable regulatory requirements.

We thank all our shareholders for their continued trust, support, and patience.
