Press Release

Rajesh Power Services Limited Bags ₹362.83 Crore PGVCL Orders, Expanding Its Leadership in Underground Distribution Projects

Ahmedabad, August 04, 2026: Rajesh Power Services Limited (RAJESH) BSE: 544291, ISIN: INE0VN801010, one of the leading EPC Contractors in Power Transmission & Distribution on Thursday announced that the company has secured new orders worth Rs. 362.83 crores (Incl. taxes) from Paschim Gujarat Vij Company Limited (PGVCL), a government of Gujarat undertaking.

These turnkey projects pertain to Conversion of Existing 11kV High Tension (HT) Line and Low Tension (LT) Line network into Under Ground Cable Network with Ring Main System with GIS mapping and asset tagging at Jamnagar circle of Gujarat.

"This order represents another important milestone for Rajesh Power Services Limited and reflects the continued investments being made towards strengthening India's power distribution infrastructure. As the sector advances with greater emphasis on network modernization and reliability, we remain committed to supporting this transformation through engineering excellence, responsible growth, and sustainable value creation." said Mr. Kurang Panchal, Managing Director, Rajesh Power Services Limited.

About Rajesh Power Services Limited:

RPSL is a leading specialized Engineering, Procurement and Construction (EPC) company engaged in the Power Transmission and Distribution Sector. RPSL is providing its services across various verticals including Turnkey execution of GIS Substations, AIS Substations, Extra High Voltage Power Cables and Transmission Lines, construction of Distribution Systems and operation and maintenance services. A concentrated, customer—focused approach and the mission to deliver timely top-class quality have enabled RPSL to maintain its position in its core business area for over five decades. The company is executing projects in Gujarat, Rajasthan, Uttarakhand, Maharashtra, Madhya Pradesh and Orissa. The Company is backed by comprehensive ISO certifications like ISO 9001, 14001, 45001, 50001, and 55001, demonstrating its commitment to safety, reliability, and innovation. Guided by values of integrity and safety, RPSL leverages modern technologies to deliver efficient, client-focused power infrastructure solutions.
