An Ordinary Resolution proposing appointment of Mr Chetan Shah as Non-Executive Non-Independent Director is included at Item No. 6 of the Notice convening the 26th Annual General Meeting.

In view of his expertise, experience and knowledge in the area of agrochemicals business and his familiarity with the Company and its business, the Board has appointed Mr Chetan Shah as Advisor for the period from 01 September 2026 up to 31 August 2027 to advise the Company from time to time on various strategic matters including mentoring the executive directors and ensuing smooth transition/succession and to pay him advisory fees of ₹ 26.5 million for the said period pursuant to the provisions of Section 197 of the Companies Act, 2013 and Article 91 of the Articles of Association of the Company. Except Mr Chetan Shah, none of the directors, key managerial personnel of the Company or their relatives, is in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 8 of the Notice.

Item No. 9

Pursuant to the provisions of Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("**LODR**") read with Industry Standards on "Minimum information to be provided to the Audit Committee and Shareholders for approval of Related Party Transactions", ("**Industry Standards**") all related party transactions require prior approval of the Audit Committee and all material related party transactions and material modifications thereto require prior approval of members through a resolution. Schedule XII to LODR read with Regulation 23(1) of LODR specify transaction(s) which are considered as 'material transactions.'

Sumitomo Chemical Company, Limited, Japan ("**SCC**"), a leading crop protection company globally, is the Company's holding company with 75% stake in the Company's equity capital and hence a related party. SCC and the Company are in similar businesses i.e. agri-input, public health and animal nutrition products. As a part of its regular business, the Company has business transactions with SCC which comprise purchase, sale and supply of goods (including raw materials, intermediates,

finished products and other items), providing and availing services, reimbursement of expenses, transfer of resources / services and other transactions in the ordinary course of business. The transactions with SCC are at arm's length. All the related party transactions are approved by the Company's Audit Committee pursuant to the provisions of the Companies Act, 2013 and rules made thereunder and LODR. The Audit Committee is furnished certificates duly signed by the Executive Director, Deputy Managing Director and Chief Financial Officer confirming that the transactions placed before it for approval are in the overall interest of the Company. The Audit Committee reviews the same.

The transactions for sale to SCC comprise of the products, originally innovated by SCC, which are manufactured by the Company in India. Similarly, the purchase transactions with SCC involve products, originally innovated by SCC, which the Company distributes in India. The Company also has transactions for services and reimbursement of expenses with SCC. The services include IT-related services, services in connection with market research, market development and assistance for procurement and sale of materials and products. F.Y. 2026-27 onwards, it is proposed to pay royalty to SCC for use of their trademark for selected group of products. The transactions with SCC are carried out with a focus on fairness and transparency, maintaining an arm's length approach. Payment/credit terms for these transactions are in line with industry practice. The margins earned on transactions with SCC are comparable with other products manufactured by the Company or sourced from others. This approach prioritizes safeguarding of interest of the Company and its shareholders, including public shareholders, by ensuring that the Company treats all its stakeholders fairly, without showing any preference towards related parties. These business transactions help smoothen the Company's business operations ensuring consistent and timely flow of required quality and quantity of materials, improved production capacity utilization, access to larger global market for the Company's products and in sustaining growth of business in domestic and export markets. The transactions proposed to be entered into with SCC do not relate to loans, inter-corporate deposits, advances or investments.

The maximum aggregate amount of transactions entered into and proposed to be entered into with SCC during the financial year 2026-27 is estimated at ₹ 16,235 million, which works out to 50.59% of the consolidated sales turnover of the Company for the financial year 2025-26.
