Prime Industries Concludes ₹11.86 Crore Fundraise Through Preferential Issue; Dr. Uday Narang Joins as Strategic Investor

Ludhiana, September 2026: Prime Industries Ltd. has completed a ₹11.86 crore fundraise through a preferential issue, resulting in the acquisition of a 10% stake by Dr. Uday Narang.

About Dr. Uday Narang

Dr. Uday Narang, promoter of OBSC Perfection Limited, Founder of Omega Seiki Mobility (OSM) and associated with Simastra Systems Limited, brings experience in precision engineering and manufacturing, with capabilities spanning machining, forging, casting, fabrication and assembly, and an expanding presence in defence and aerospace.

His association with Prime Industries brings relevant experience in advanced manufacturing and specialised engineering. His exposure to precision manufacturing and strategic sectors, including defence and nuclear-related applications, along with his industrial network, provides valuable context to Prime Industries' focus on specialised engineering, precision manufacturing and high-value industrial opportunities.

A Growing Industrial Presence

Prime Industries is developing an active presence across specialised engineering, advanced manufacturing and new-age technology-led businesses through its active equity stakes in Kay Bouvet Engineering Limited and Linga Agri Trading and Machinery Private Limited.

Kay Bouvet Engineering Limited brings decades of experience in heavy engineering and specialised manufacturing, serving demanding sectors including Defence, Nuclear and Space. Its capabilities include precision engineering, fabrication and the manufacture of critical components for specialised applications.

Linga Agri Trading and Machinery Private Limited develops proprietary advance machinery and engineering solutions across agricultural mechanisation, waste management, biomining and other industrial applications.

Together, these businesses provide Prime Industries with an active presence across engineering, manufacturing, machinery and technology, creating a strong foundation for its broader industrial ambitions.

About Prime Industries Ltd.

Prime Industries Ltd. is working across specialised engineering, advanced manufacturing and technology-led businesses. Through its businesses and strategic partnerships, the Company is developing capabilities across Defence, Nuclear, Aerospace, Capital Goods, specialised machinery and emerging technologies.

Prime Industries combines strategic capital, industry expertise and operational support to strengthen businesses, create industry synergies and scale opportunities with the potential to contribute to India's next phase of industrial growth. To know more visit www.primeindustrieslimited.com
