Cash & Cash Equivalents including financial investments	730.3	639.1		730.3	639.1	

Rakesh Verma, Chairman & Managing Director, MapmyIndia, commenting on the Q2 and H1 FY27 results, said "We are pleased to report another quarter of profitable growth, with Revenue from Operations growing 15.8% YoY to ₹131.7 crore in Q2FY27 and 18.4% to ₹271.5 crore in H1 FY27. Profitability improved significantly, with Q2 EBITDA growing 60.1% to ₹45.0 crore and PAT increasing 90.6% to ₹35.3 crore. For H1 FY27, EBITDA grew 20.4% to ₹101.1 crore and PAT increased 32.2% to ₹85 crore. Our strong cash position of ₹730.3 crore further reflects the strength and resilience of our business.

Across our three business verticals, Automotive delivered strong YoY growth of 51.9% in Q2 and 40.4% in H1 FY27, driven by increasing adoption of our integrated Map-led and IoT-led mobility solutions. Enterprise also recorded healthy growth of 44.1% in Q2 and 16.5% in H1 FY27. We continue to see significant business visibility and long-term opportunities across all our market and product segments. From a product perspective, Map-led revenue grew 8.9% to ₹175.3 crore in H1 FY27, with EBITDA margins remaining strong at 47.1%. IoT-led revenue grew an encouraging 29.1% to ₹96.2 crore, while EBITDA increased to ₹18.5 crore from ₹7.9 crore last year, reflecting higher margin solutions and operating leverage.

We are further strengthening our leadership team across technology, product and business to support the next phase of growth. In parallel, we are embedding AI, ML and neural networks across our map-led and IoT-led platforms, spanning intelligent mapping, navigation, in-vehicle intelligence, telematics, analytics and workflow automation. Backed by over three decades of technology innovation, proprietary data, deep domain expertise and a differentiated

geospatial and IoT portfolio, we are well positioned to accelerate AI-led innovation, create new growth opportunities and drive sustainable, profitable growth."

About MapmyIndia (C.E. Info Systems Ltd) & Mappls
www.mapmyindia.com / about.mappls.com / www.mappls.com

C.E. Info Systems Ltd (NSE: MAPMYINDIA; BSE: 543425) is India's leading deep-tech digital map data, geospatial software and location-based IoT products, platforms, solutions and APIs company, offering proprietary digital maps as a service ("MaaS"), software as a service ("SaaS") and platform as a service ("PaaS"). The company provides its digital maps, software products, platforms, application programming interfaces ("APIs"), IoT and solutions to new-age tech companies, businesses across industry verticals, automotive OEMs, government organisations, developers and consumers, under the Mappls MapmyIndia brand. The company has served more than 2000 B2B and B2B2C customers since inception. The company pioneered digital mapping in India in 1995 and has earned its market leadership position in this industry and built a strong moat by capitalizing on our early mover advantage, developing proprietary and integrated technologies, full stack product offerings, continuous innovation and robust sustainable business model.

MapmyIndia has built India's most comprehensive, accurate, feature-rich and continuously updated digital map data product down to address and urban building level detail pan India, covering all towns, villages, and the entire road network of the country. The company is building not just 2D maps, but also 3D (with landmarks, terrains and city models), 4D (updating in near real-time), HD (high-definition and high-accuracy), RealView (photo-realistic representing actual ground reality), and hyper-local geo-demographics data-rich maps, to continuously evolve its AI-powered Digital Metaverse Twin of the Real World. The company is also building digital maps for other regions in the world, and has integrated global maps for over 200 countries into its Mappls platform. The company's platform provides extensive and comprehensive functionalities and ever expanding set of use cases, including mapping, location and navigation, geospatial data analytics, GIS (geospatial information systems) and AI, GPS tracking and IoT-based fleet management, logistics optimisation and workforce management, drone-based solutions, developer APIs, N-CASE solution suite (for Navigation, Connected vehicle telematics and services, ADAS safety i.e. advanced driving assistance systems, Shared and Electric) for Automotive & Mobility Tech (A&M), and Consumer tech and Enterprise digital transformation solution suite (C&E). More about the entire range of the company's products and platforms can be learned about from about.mappls.com.

The company's consumer facing products include the free Mappls App (accessible on the web at www.mappls.com & downloadable from mappls.com/getApp), which provides the best and fully indigenous maps, navigation, safety, hyper local and IoT gadget-enabled app experience for users, and Mappls Gadgets (www.mapplsgadgets.com), which provides a range of IoT-enabled gadgets for safety, convenience, entertainment of your vehicles and loved ones such as vehicle trackers, dash cameras, and in-dash and in-helmet navi-tainment systems for cars and 2-wheelers.
