Thanking you,

For Pavna Industries Limited

Kanchan Gupta

Company Secretary & Compliance Officer

Mb.No. A64223

Encl: As above

Establishment of New Warehousing Unit at upcoming Plant at Hosur, Tamil Nadu

We are pleased to inform you that the Construction of our Upcoming Manufacturing Facility is over . From today onwards PIL has shifted its Warehousing from rented to Owned Place. Post Festive Season Company will slowly start moving its Assembly Lines from Aligarh to Hosur (Tamil Nadu). By end of this Calendar Year, Complete Assembly Process will be shifted to manufacturing Facility located in Hosur.

The commencement of this facility represents an important step in strengthening the Company's presence and service capabilities in the South Indian market. It will also provide the necessary infrastructure to support the growing requirements of our OEM customers in the region as the upcoming plant progresses towards its planned operations.

We remain committed to enhancing our operational capabilities and strengthening customer relationships through improved service levels and supply-chain efficiency.

The establishment of the new facility is expected to strengthen the Company's operational infrastructure and enable it to cater more efficiently to the requirements of its customers and business operations in the southern region.

We will continue to keep you informed of significant developments relating to the upcoming plant and associated facilities.

About Pavna Industries Limited:

Pavna Industries Limited, formerly known as Pavna Locks Limited, was incorporated in April 19, 1994. The company is engaged in the business of manufacturing wide range of reliable and high-quality automotive parts for reputed OEMs serving different vehicle segments including passenger vehicles, two-wheelers, three-wheelers, heavy and light commercial vehicles, and off-road vehicles. PAVNA is a well-established company in the South Asian automotive industry, with long history of innovation, technology, manufacturing and market leadership spanning over 50 years.

The Company has its state-of-the-art manufacturing plants located strategically in Aligarh (Uttar Pradesh), Aurangabad (Maharashtra), and Pantnagar (Uttarakhand). The Company's upcoming Plant is located in Hosur (Tamil Nadu). These plants are situated in close proximity to the plants of its OEM customers, allowing for greater interaction and timely response to their requirements. It also has diverse range of product portfolio which includes Ignition Switches, Fuel Tank Caps, Latches, Auto Locks, Switches, Oil Pump, Throttle Body, Fuel Cocks, Casting Components, and more. The Company has wide presence in the domestic as well as export markets, exporting to several countries like Italy, Sri Lanka, Indonesia, Sudan, U.S.A. and Bangladesh. Apart from this the Company is also focused on customer centric approach catering to various esteemed Companies in the industry like Bajaj, Kawasaki, Honda, TVS, Mahindra, Escorts, Royal Enfield, Ashok Leyland, Mahindra Wheels, Eicher Motors, Tork Motors, Revolt, Mahindra Electric, etc.

PAVNA is committed to providing its customers with the latest and most innovative products, which is why the Company undertakes extensive research and development activities. The focus is on enhancing

product portfolio, improving the quality of products, and upgrading the manufacturing processes. This is achieved through a combination of in-house R&D capabilities, as well as joint ventures and technical collaborations with partners such as Sunworld Moto Industrial Co, an Indo-Taiwan joint venture Company.

The Company's goal is to continuously strive towards technological advancement and innovation, while keeping customers' needs at the forefront of everything the Company does.
