Datamatics Recognized in the 2026 Gartner® Magic Quadrant™ for Finance & Accounting Business Process Outsourcing Report for the Fifth Consecutive Year

Mumbai, India – 25th August 2026: Datamatics, a global Digital Operations, Technologies, and Experiences company, today announced that it has been recognized as a Niche Player in the 2026 Gartner Magic Quadrant for Finance & Accounting Business Process Outsourcing report for the fifth consecutive year. We believe that this recognition solidifies Datamatics' position as a preferred partner for CFOs seeking AI-powered autonomous finance.

The Gartner Magic Quadrant for Finance & Accounting Business Process Outsourcing evaluated 16 Finance & Accounting BPO providers globally based on their Ability to Execute and Completeness of Vision, assessing vendors across product and service capabilities, innovation, customer experience, geographic strategy, and market responsiveness.

Datamatics' Finance & Accounting BPO offering is powered by its proprietary FINATO platform. FINATO integrates Datamatics' proprietary technologies across AI, automation, analytics, and intelligent document processing to transform finance operations across Procure-to-Pay (P2P), Order-to-Cash (O2C), and Record-to-Report (R2R).

Mitul Mehta, EVP and Chief Marketing Officer, Datamatics, said, "We're pleased to be recognized in the Gartner Magic Quadrant for the fifth consecutive year. In our opinion, this recognition reflects our approach of pairing AI with professional judgment. AI and agentic technology now sit at the core of FINATO's platform, built for enterprises for the next decade, not just today."
