Key events of the year

1. CG bagged an order for supply and servicing of 765kV Transformer Package 7TR-12-Bulk from the PowerGrid Corporation of India Limited (PGCIL). The total value of the order is around INR 641 Cr (\$74M), making it the highest single order (domestic) received by the Transformers business of CG. The order is expected to be completed over a period of 18 to 36 months.
2. CG secured the largest single order of INR 244 Cr for EHV Business from Techno electric for supply of packaging instrument transformer, circuit breakers and lightning arrestors.
3. CG launched and successfully completed Qualified Institutional Placement (QIP) of equity shares and raised INR 3,000 Cr. The Issue opened on 30th June 2025 and

closed on 3rd July 2025. It was oversubscribed by >3x and saw participation from both Indian and global marquee investors.

4. CG Semi Private Limited (“CG Semi”), a subsidiary of the CG, unveiled one of India’s first end-to-end Outsourced Semiconductor Assembly and Test (OSAT) facility in Sanand, Gujarat on 28th August 2025. With this launch of G1 facility, CG Semi becomes one of India’s first full-service OSAT providers, offering solutions across both traditional and advanced packaging technologies. This marks a major step in strengthening India’s semiconductor capabilities and supporting the country’s goal of becoming self-reliant while also serving global markets. The G1 facility will operate at a peak capacity of 0.5 million units per day. G2 facility, located about 3 km from G1, is under construction and expected to be completed by the end of calendar year 2026. Once operational, G2 will scale up to a capacity of approximately 14.5 million units per day. Together, the two facilities are projected to generate over 5,000 direct and indirect jobs in the coming years.
5. CG Semi is eligible for Capital Assistance as per the scheme for setting up Outsourced Semiconductor Assembly and Test (OSAT) facility launched by India Semiconductor Mission (ISM) under Ministry of Electronics and Information Technology (MeitY) vide Approval dated 08th March, 2024. The approval covers a five-year period from FY 2024-25 to FY 2028-29 for a total project cost of INR 7,584 Crores, with Central Government assistance of INR 3,501 Crores and additional State Government support equal to 40% of the Central government’s assistance i.e. INR 1,400 Crores. The Fiscal Support Agreement was signed on January 17, 2025 and the Trust and Retention account agreement was signed on September 15, 2025.
6. The Board of Directors, on 29th October 2025, approved a Greenfield expansion for Switchgear business at an investment of INR 748 Cr (net of taxes). The expansion is proposed considering the expected increase in demand for MV/EHV circuit breakers, instrument transformers and Gas Insulated Switchgear (GIS) in domestic market and also cater to export market.
7. CG secured INR 900 Cr (\$99.2M) power transformers export order from Tallgrass Integrated Logistics Solutions LLC USA, for a large-scale data center project in the United States. This order was received on 16th January 2026 and it’s the largest ever single order for CG. This is the largest single order ever won by CG and is a direct export order for the supply of power transformers. Under the contract, CG will supply power transformers, specifically engineered to meet the stringent reliability, efficiency and uptime requirements of hyperscale data center applications. This order will be executed over a delivery period of 12 to 20 months, with delivery terms FAS Mumbai Port (Incoterms® 2020).
8. The Board of Directors of the Company at its meeting held on January 27, 2026, considered and approved the payment of Interim Dividend at INR 1.30 per equity share i.e. 65% on face value of INR 2 per share for the financial year 2025-26.
