WABAG secures repeat order from RIL to deliver state-of-the-art ETP at Jamnagar

Chennai, September 7, 2026: VA TECH WABAG ('WABAG'), a leading Pure-Play Multinational Water Technology Group, secured a 'Medium' order from the Reliance Industries Limited ('RIL'), towards Design, Engineering, Manufacturing, Supply, Erection & Commissioning of an Effluent Treatment Plant ('ETP'), at Dhirubhai Ambani Green Energy Giga Complex (DAGEGC), Jamnagar. The proposed ETP scheduled to be completed in 13 months will be designed comprising chemical and biological treatment using the state-of the art technologies, along with a sludge treatment incorporating low-temperature drying for efficient sludge management.

Commenting on the order win, Mr. Sivakumar V, Senior General Manager – Sales and Marketing, India Cluster, said, *"This repeat order reinforces our long-standing relationship with RIL, a key customer, and reflects the continued trust and confidence RIL places in our capabilities. We are pleased to be associated with RIL and support its evolving water and wastewater management requirements. This order is a testament to WABAG's technological expertise, execution capabilities, and leadership in delivering advanced industrial water and wastewater treatment solutions."*

Order Classification	Small	Medium	Large	Major	Mega
Domestic (in INR Crores)	Upto 100	100 to 250	250 to 600	600 to 1,000	Above 1,000
International (In USD Millions)	Upto 10	10 to 30	30 to 75	75 to 150	Above 150

About WABAG:

With over a century of expertise, WABAG stands as a global leader in water technology, offering innovative and sustainable solutions for both municipal and industrial sectors. As a Pure-Play Indian Water Technology Multinational, WABAG delivers end-to-end water solutions, tailored to meet diverse customer needs across the globe. Backed by a team of around 2,000 water professionals operating in more than 25 countries, WABAG positively impacts millions of lives every day. Over the past three decades, WABAG has successfully designed and built over 1,500 municipal and industrial water and wastewater treatment plants worldwide. WABAG serves as a trusted lifecycle partner, managing every phase of water treatment, from Design, Engineering, Supply, and Construction to Installation, Start-up, and Long-term Operational Management across various business models. Driven by a passion for innovation, WABAG operates state-of the-art R&D centers in Europe and India and holds over 125 intellectual property rights. Its vision aligns with the United Nations Sustainable Development Goals (UNSDGs) and Environmental, Social, and Governance (ESG) principles, with a strong focus on conservation, resource optimization, recycling, and reuse. As one of the world's foremost partners in water sustainability, WABAG is shaping a future where water challenges are transformed into opportunities for a better, more sustainable world.
