Seshaasai Technologies Secures Contract with Leading Public Sector Life Insurer for Centralized Printing and Fulfilment Services

Mumbai, India - 25 September 2026: Seshaasai Technologies Limited (BSE: 544533) (NSE: STYL), a technology-driven solutions company empowering Payments, Communication and IoT, announces that it has secured a three-year contract with a leading public sector life insurance company for the secure printing and handling of policy bond kits along with associated logistics services.

The contract was awarded through a tendering process, in which Seshaasai emerged as one of the two successful bidders and secured a significant share of the customer's business under the tender. The Company's revenues under the engagement will accrue in line with actual allocations and volumes executed over the three-year contract period.

This contract marks the continuation of Seshaasai's relationship with the customer, for whom the Company has been providing these services as the service provider for the past two years.

Commenting on the win, Pragnyat Lalwani, Managing Director, Seshaasai Technologies, said:

"We are pleased to continue our association with one of the country's leading public sector life insurers through this significant three-year contract. This win further strengthens our position in delivering secure, scalable and technology-led communication and fulfilment solutions to the BFSI sector."

ABOUT SESHAASAI TECHNOLOGIES LIMITED

Seshaasai Technologies Limited (BSE: 544533) (NSE: STYL), is a technology-led, multi-location solutions provider with a strong focus on the banking, financial services, and insurance (BFSI) sector. The Company specializes in secure payment solutions, omnichannel communication, and fulfilment services, offering innovative, scalable technologies tailored to the evolving needs of its clients. With proprietary platforms at the core of its offerings, Seshaasai delivers recurring, enterprise-grade solutions that power critical operations across the BFSI ecosystem in India. In addition to its BFSI-centric services, the Company also provides IoT-enabled solutions for a diverse clientele spanning industries such as retail, renewables, logistics, and manufacturing. The Company's facilities are accredited by global and national standards, including NPCI, PCI, Global Payment schemes and IBA, for the secure manufacturing of payment cards, cheques, and data handling— ensuring full compliance with international IT, cyber and physical security protocols.
