Subject: Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Partnership agreement with WizeVerse AI Private Limited

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that Praruh Technologies Limited has signed **exclusive Business Agreement** with WizeVerse AI Private Limited (erstwhile NetworkWize Technologies Private Limited).

WizeVerse AI Private Limited is building the next generation of enterprise intelligence by enabling organizations to transform data into decisions and automation into measurable business outcomes. They believe AI should not remain confined to isolated models or experiments-it should become a trusted, scalable capability that seamlessly integrates into everyday business operations. Their mission is to help enterprises accelerate digital transformation by making advanced AI accessible, secure, and production-ready. To achieve this, they have developed a unified enterprise AI platform that combines Agentic AI, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), machine learning, workflow orchestration, and intelligent automation into a single ecosystem. Through products including WizeAgents, WizeMLOps, WizeAssist, WizeMonitor, and WizeSense, organizations can build, deploy, govern, and scale AI solutions while maintaining enterprise-grade security, compliance, and operational reliability. Their platform powers use cases across **Government, Manufacturing, Education, BFSI, Healthcare, and other Enterprise sectors**, enabling faster decision-making, improved productivity, and intelligent automation at scale.

The Partnership enables the Company to market and promote eligible WizeVerse solutions and collaborate with WizeVerse in accordance with the terms and conditions of the WizeVerse Partner Program. The Company believes that this Partnership strengthens its technology partner ecosystem and enhances its capability to deliver AI and enterprise infrastructure solutions to customers. The Partnership is expected to support the Company's business development initiatives and expand its market reach.

This Partnership does not provide for any assured business, minimum revenue commitment, and any future commercial engagements shall be governed by the applicable terms and conditions of specific customer transactions.

The above information is being submitted for the information of stakeholders only. Kindly take the above information on record
