Update on Monetisation of Thane Factory Leasehold Land

In continuation of the Company's earlier disclosures regarding the proposed development of an IT-ITES Business Park on its leasehold land situated at C-7, Wagle Industrial Estate, Thane, Maharashtra (Thane).

The Company is pleased to inform that it has received a **Letter of Intent (LOI) from the Maharashtra Industrial Development Corporation (MIDC)** for the proposed development of the IT-ITES Business Park.

Further, as part of its strategic business restructuring, the Company has shifted its office from Thane to its Registered Office at Great Social Building, 60, Sir P. M. Road, Fort, Mumbai.

EPD - Technical Services

Through Engineered Products Division (EPD), the Company is committed to provide solutions and support to the customers by way of Erection, Installation & Commissioning, Testing Services, Training, Calibration, Annual Maintenance Contract, Repair, Consultancy, Customised and turnkey project services, Supply of spares parts and other services. Company presently have 9 branch offices across India with qualified, experienced and trained engineering team who has capability to serve customers of various market domains.

Further, Company has two NABL Accredited laboratories at Mumbai and Kolkata to provide calibration services to our customers in Power sector and one technical services and customised calibration centre in Bengaluru to support our Sound & Vibration instrument customers of various market segments.

The Company proposes to open two more NABL accredited laboratories & service centres during the year. One service center will cover our Power sector customers of North India and the other center in Pune will cover Automotive, Space, Aerospace & Défense and General Engineering customers.

The Order in hand as on 30-09-2026 in Engineering Product Division (EPD) is of Rs 9,353 lakhs and EPC projects is of Rs 6,006 lakhs.

Commenting on the performance, Jai Prakash Agarwal, Chairman, said:

"The Company has delivered a strong improvement in profitability during the second quarter and the first half of FY 2026-27, despite a moderation in revenue. The significant growth in Profit Before Exceptional Items and Tax and Profit After Tax reflects our continued focus on operational efficiency, cost optimisation, disciplined execution and improving the quality of our business.

The Engineering Products Division (EPD) continues to remain the core focus of the Company. We are committed to strengthening our presence in the engineering products segment by offering technologically advanced solutions through our globally reputed principals, while leveraging our established market presence, technical expertise and customer relationships.

We are also focusing on expanding our technical service capabilities, including strengthening our NABL-accredited calibration facilities and service network across India. These initiatives are aimed at enhancing customer support, improving service delivery and creating sustainable long-term business opportunities.

Going forward, we remain cautiously optimistic about the business outlook and will continue to focus on profitable growth, operational excellence and strengthening our position in the engineering products and solutions segment.
