

Savita Oil Technologies Ltd.

Investor Presentation – September 2026

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Savita Oil Technologies Limited (the “Company”)**, have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

This presentation contains certain forward looking statements concerning the Company’s future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The Company does not undertake to make any announcement in case any of these forward looking statements become materially incorrect in future or update any forward looking statements made from time to time by or on behalf of the Company.

Q1 FY27 Financial Highlights

Highest Ever Quarterly & Yearly Volumes & Revenues

Revenue* (in Rs. Cr)

EBITDA (in Rs. Cr)

PBT (in Rs. Cr)

Revenue* (in Rs. Cr)

EBITDA (in Rs. Cr)

5.4% 6.6% Margin

PBT (in Rs. Cr)

Q1 FY27 Performance Highlights

“We are pleased to report a record quarterly performance, with total income growing 49% YoY in Q1FY27 and PBT rising 435%. This performance was supported by double-digit volume growth in the Lubricant and Export divisions. We expect the export demand to remain buoyant in the coming quarters as well. The Company’s newly launched portfolio of Ester based fluids is rapidly gaining traction with several significant important OEM approvals and we remain very optimistic about the future growth volumes for this range. The Company is now focused on developing innovative new products to address the emerging opportunities in Data Centres, Energy Storage and Electric Vehicles—sectors that are expected to offer substantial growth prospects in the years ahead.”

Mr. Gautam N. Mehra
Chairman and Managing Director

Key Highlights

- The Company reported a record quarterly performance with the highest-ever quarterly revenue of ~Rs. 1,513 crore and Profit Before Tax of ~Rs. 387 crore, representing YoY growth of 49.2% and 434.7%, respectively.
- The Company recorded double-digit volume growth in the Export and Lubricating Oil businesses on a YoY basis; however, domestic white oil sales recorded a degrowth.
- The Middle East crisis created uncertainty around feedstock availability and caused logistical challenges at ports, sharply impacting April volumes; however, volumes began normalizing after April.
- The quarter witnessed a sharp rise in crude oil and refined product prices, coupled with tightening supply conditions, resulting in significant price increase in our input feedstocks and across our product portfolio coupled with inventory gains during the quarter.
- The Company remains optimistic but cautious as it manages a period of significant daily volatility in key feedstock supplies.
- The Savsol Ester5 automotive lubricant range continues to accelerate with sales growth 4X of the industry growth, reinforcing the strategy to pivot towards a more premium product portfolio by leveraging its advanced ester technology.

Board of Directors

Gautam Mehra, Chairman & Managing Director

- › Three decades of Experience
- › B.E. (Chem), M.B.A. from University of California (Berkeley)
- › Under his leadership and guidance, the Company has successfully led the core business of Petroleum Specialties to new heights year after year

Siddharth Mehra, Joint Managing Director*

- › More than 10+ years of experience
- › Holds a B. Sc in Technical Systems Management from University of Illinois (USA) & Master's degree of Science in Management from London School of Economics and Political Science
- › Actively involved in the field of Business Development & Marketing

**Effective 1st October, 2026*

Ajay Reche, Additional Director (Whole Time)

- › 29+ years of experience in Personnel Management, Industrial Relations, & Human Resource Development
- › Holds a B.Tech. in Agricultural Engineering and a post-graduate qualification in Personnel Management & Industrial Relations from the Tata Institute of Social Sciences
- › Engaged with Company as Head, Human Resources since August 2019

Kavita Nair, Independent Director

- › More than 25 years of experience in diverse functions like Consumer and Enterprise domains, Retail, Digital, Data and Customer Experience & Operations.
- › MBA (Marketing) from Maharaja Sayajirao University, Baroda.
- › Also completed Senior Leadership Programs from London Business School and IIM Ahmedabad

Ravindra Pisharody, Independent Director

- › 35 year of executive experience
- › B. Tech from IIT, Kharagpur and PGDM from IIM, Calcutta
- › National, Regional and Global leadership roles in Sales & Marketing, Strategy Development

Hariharan Sunder, Independent Director

- › 35 years of experience in finance, taxation, accounts, legal, secretarial, international business
- › B.COM & Chartered Accountant
- › General corporate management including stints with Raymond Limited and Jost's Engineering Company Limited among others

- › High Focus on Energy Saving
- › Installed and commissioned Roof Top Solar Units at the 4 plants with combined capacity in excess of 650 KWp
- › Investing in renewable energy installations since 1999 with over 53 MW of installed capacity

The Bandra Holy Family Hospital Society (Revive Heart Foundation Project)

Project dedicated to the cause of providing free basic fundamental knowledge and training (Online and In Person) to the lay citizens of the country on how to handle a Sudden Cardiac Arrest emergency until medical help arrives. CPR workshops conducted at:

📍 Times of India, CST

📍 Nitro Fitness Club, Powai

Shri Chaitanya Health and Care Trust, Mumbai – Construction & expansion of OPD Wing at Bhaktivedanta Hospital

The OPD is often the first point of contact for patients in a hospital and plays a critical role in shaping their healthcare experience. With rising patient footfall and the addition of advanced medical specialties, this expansion will significantly enhance the hospital's ability to deliver timely and patient-centric care.

Akshay Patra Foundation

Mid-day meals to more than 7,000 children at Silvassa

- › The company's internal control systems are in line with size, scale and complexity of its operations
- › Have suitable Risk Management Framework
- › Promotes ethical behavior in all its business activities and has Whistle Blower Policy
- › The Company is a member of:
 - Confederation of Indian Industry (CII)
 - Bombay Chamber of Commerce and Industry (BCCI)
 - Indian Merchant Chamber (IMC)
 - Indian Electrical & Electronics Manufacturers' Association (IEEMA)
 - Indian Transformer Manufacturers Association (ITMA)
 - Electrical Research and Development Association (ERDA)
 - CHEMEXCIL
 - Manufacturers of Petroleum Specialties Association (MOPSA)

Product Portfolio

1. Transformer Oils (1/2)

Only global manufacturer of mineral, natural and synthetic ester-based transformer oils

TRANSOL
Insulating Oils For Transformers

bioTRANSOL
efficient | safe | eco-friendly
A Natural Ester Based Dielectric Fluid

TRANSOL Synth
efficient | safe | eco-friendly
Synthetic Ester Based Dielectric Fluid

- › These oils are used as an insulating and cooling medium in distribution transformers, power transformers and instrumentation transformers
- › Offer a full range of Transformer Oils under “TRANSOL” brand
- › Products delivered and tailor made to meet specifications for domestic and global customers

End User Industries

- › Transformer Manufacturers
- › Electricity Boards
- › Power Plant Operators

Key Customers

SIEMENS

TATA POWER

TOSHIBA

Key Growth Drivers

- › Rising Investments over the next decade in transmission segment to support higher generation capacity and rural electrification
- › Rising demand for modernization of aging grid infrastructure coupled with large scale capacity addition will boost the market

1. Transformer Oil - Ester Fluids for High Growth Applications (2/2)

A cutting-edge innovation redefining the industry standards

- › Best-in-class synthetic ester fluid with superior performance, developed through advanced in-house R&D
- › Proven reliability and safety, being silver corrosion-free and validated by leading laboratories and transformer OEMs
- › Widely adopted across critical transformer applications, including traction, floating solar inverter duty, and power & distribution transformers

End User Industries

- › Semi- High-Speed Trains
- › Data Centers
- › Battery Energy Storage System (BESS)
- › Floating Solar Projects
- › Wind farm projects
- › Traction transformers

Key Customers

Key Growth Drivers

- › Massive rise in power demand leading to power utilities seeking solutions that are safe, highly efficient, yet environmentally friendly
- › Growing significance of fire-safety for critical electrical systems

2. White & Mineral Oils

Sav-Superior

SAVOGEL

TECHNOL

Savonol

Leading Supplier of White & Minerals Oils in India

- › Offer wide range of highly refined specialty mineral oil-based products under the “TECHNOL” and “SAVONOL” brand
- › Also manufacture petroleum jellies like Ultima White, Snow White, Yellow Petroleum Jelly and other specific industrial grade petrolatum's under the brand “Savogel”
- › Key properties of this fluids are good lubricity, smoothness, softness and resistance to moisture in the formulations

End User Industries

- › Personal Care
- › Pharmaceutical
- › Plastics
- › Elastomers
- › Rubber Compound

Key Customers

Johnson & Johnson

Key Growth Drivers

- › The Indian personal care industry is witnessing a boom due to changing perceptions, growing awareness, and the rise of direct-to-consumer (D2C) companies making waves in the online retail space
- › Growing demand of cosmetic and pharma products from urban & rural India

3. Formulated & Specialty Products

Leading supplier of Formulated & Specialty Products in India    

- › Specialized waxes and emulsions including paraffin wax emulsions, microcrystalline wax, Polyethylene wax, oxidized PE wax and a range of wax emulsions. Wax Emulsion protect coating and ink surfaces for diverse applications
- › Cable filling and flooding compounds for copper cables as well as Optic Fiber Cables under “Savofill”, “Savoflood” and “Vitagel” brand names. This compound helps moisture tolerance, softness and stability at an extreme temperature

End User Industries

- › Optic Fibre Cables
- › Textile & Leather
- › Auto components
- › Polymers
- › Refrigeration Compressors
- › Construction Compounds

Key Customers

Key Growth Drivers

- › The 5G Telecom spectrum auction held in 2022 and subsequent rollout of the network is expected to generate healthy demand for this product
- › Growing demand from end user market
- › Government Linked PLI Scheme

4. Automotive Oils – B2B Segment (1/2)

Leading supplier of Automotive Oils in India

- › Savita Oil Technologies known for its high-quality lubricant manufacturing with state-of-the-art plants and technology centre has been amongst preferred supplier to automotive OEMs for a wide range of lubricant applications
- › Trusted partner for leading automotive OEMs. Some of OEM associations are existing for over two decades
- › A fully equipped technical and quality control lab ensures high-quality standards

End User Industries

- › Two Wheelers
- › Four Wheelers
- › Commercial Vehicles
- › Farm Equipment

Key Customers

	<i>Partnership for last</i>
	27+ Years
	24+ Years
	13+ Years
	4+ Years

Key Growth Drivers

- › Low vehicle density - all global players focused on India story
- › Increase in per capita income and improved infrastructure leading to rise in vehicle ownership
- › Expansion of OEM franchise workshop network

4. Automotive Oils – B2C Segment (2/2)

Apart from a sizable B2B business, we market our popular SAVSOL range of lubricants, greases and coolants to retail customers

- › The lubricant brand SAVSOL manufactures and markets high-performance lubricants, fluids, coolants & greases and is amongst the fastest growing lubricant brand of India
- › It has a comprehensive range of automotive lubricants meeting the growing demand for sustainable products in various categories, i.e., Passenger Car Oils, Motorcycle Oils, Commercial Vehicle Oils, and Other Specialty Products
- › SAVSOL portfolio has products which successfully meets the latest & stringent BS VI emission norms for automobiles

5. Industrials Oils – CMI Segments (1/2)

Leading supplier of Industrial Oils in India

- › Savita Oil Technologies has been a trusted partner to Industrial OEMs for a wide range of lubricant application needs.
- › It has an elaborate product portfolio under Brand “SAVSOL” catering to various Industrial applications and provides excellent lubrication, performance and protection to different types of Machines and Industrial Equipment
- › The exhaustive portfolio includes wide range of Hydraulic Oils, Turbine Oils, Thermic Fluids, Heavy Duty Industrial Gear Oils, Transmission Oils, Greases, Heat Treatment (Quenching Oils), Metal Working Oils and other Specialty Oils

End User Industries

- › Industrial Machines & Equipment

Key Customers

TATA HITACHI

Key Growth Drivers

- › Maintenance of existing and new industrial machines & equipment
- › Make in India – Increased manufacturing activity
- › Enhanced infrastructure development

5. Industrials Oils – B2B/ B2C Segments (2/2)

Leading supplier of Industrial Oils in India

- › A Wide range of high-performance lubricants specially formulated to protect engines, enhance fuel efficiency and ensure smooth operation in any condition.
- › From hydraulic and turbine oils to transmission and spindle fluids, each product delivers reliable performance across all terrains and temperatures.

Applications

- › Compressor
- › Hydraulic
- › Turbine
- › Thermic
- › Transmission
- › MWO/ Spindle Oil
- › Quench

Key Customers

Key Growth Drivers

- › Growth of Infrastructure investment in India
- › Expansion of Industrial Channel Distribution network
- › Addition of new customers

Competitive Edge

What Drives Competitive Advantage

65+ years of industry leadership and stakeholder value creation

Leading manufacturer of specialty petroleum products in India

First Indian lubricant company to manufacture **Ester molecules** under the SAVSOL Ester5 range

Among the few global players offering **mineral, natural and synthetic ester-based transformer fluids**

Diversified portfolio catering to multiple industries and applications

Robust manufacturing Infrastructure supported by strong R&D capabilities

Extensive **pan-India distribution** network

Consistent profitability across business cycles

Debt-free balance sheet with strong Financial discipline

Diversified customer base with individual customer concentration not exceeding 7%

2,061 kWp of installed rooftop solar capacity across 4 manufacturing facilities

Long-standing relationships with customers, vendors and channel partners

First Indian Lubricant Company to Manufacture the Ester Molecule

Ester Molecule empowering
New and Futuristic High-performance Fluids

TRANSOL Synth
Redefining the industry standards

Efficient. Safe. Eco-friendly

2015

Pilot Development

Trailing and testing
the product on
pilot scale

2023

Commercialization

India's **first commercial**
synthetic ester
plant

TODAY

Pioneer in India

Indian Lubricant
company making **ester
molecule** through
In-house R&D Efforts

In-house R&D

- ✓ Ester chemistry developed **entirely in-house**
- ✓ Dedicated R&D and pilot facility behind it
- ✓ Platform for **next-gen cooling** solutions

**Readily
Biodegradable**

- ✓ Readily biodegradable, non-toxic base fluid
- ✓ Higher fire point — **safer in service**
- ✓ Outperforms conventional mineral base oils

*Tested & approved by
global institutions*

**One molecule,
many end-markets**

**EV
Coolants**

**Auto
Lubricants**

Cooling**

**Transformer
Fluids**

**Power &
BESS**

**Data
Centers**

High Performance Fluids to serve New Age Requirements

E-Mobility Fluids

Single-phase immersion coolant **QuantiCool**

- › Synthetic ester-based, single-phase immersion coolant for EV batteries, enabling superior cooling, thermal runaway prevention, 3C+ fast charging, and safer, sustainable electric mobility.

Applications

Passenger EVs

Commercial EVs

High Performance EVs

EV Industrial Drone

EV Tractor

Next Gen Chemistries

BESS Fluids

Single-phase immersion coolant **QuantiCool**

- › Synthetic ester-based, single-phase immersion coolant for BESS that enhances battery safety and performance through direct cell and module immersion, enabling efficient cooling, fire suppression and extended battery life

Applications

Grid Scale BESS

BESS for Industrial Application

Peak Saving Peak Load Management BESS

Transmission & Distribution Deferral BESS

BESS for Renewable Energy Integration

Data Centre Fluids

Glycol-based Coolants **QuantiCool**

- › India's pioneer in ester and glycol-based cooling solutions, offering ethylene and propylene-glycol coolants for Direct Liquid Cooling (DLC) applications under the QuantiCool™ brand

Applications

AI_HPC Server Rack

Immersion Cooled Data Centre

Direct Liquid Cooling

Hyperscale Data Centre

Unified Liquid Cooling Solutions

Cooling the future

SAVSOL Ester5 accelerating with 4x industry growth

Built for Performance

- › Savsol Ester5 is the high-performance lubricant range engineered for modern engines and demanding operating conditions
- › As modern engines become more compact and powerful, they generate higher temperatures and place greater stress on critical components
- › Designed to reduce friction, support cleaner engines, enhance heat protection, and deliver reliable engine protection, Savsol Ester5 provides the confidence to perform under demanding conditions

Powered by Ester Fluid Technology (EFT)

- › With advanced formulations powered by Ester Fluid Technology (EFT), Savsol Ester5 is designed to meet the demands of modern engines
- › The Ester inside the oil helps form a durable protective film on engine surfaces, supporting enhanced heat protection under demanding conditions
- › By helping reduce friction and minimise deposits, it supports smoother performance, cleaner engines, reliable protection, and helps support longer engine life

*Inspired by Jet Engines. **Now Built for Your Rides.***

4x

Heat Protection*

Strengthening Strategic Partnerships

Savita Oil Technologies joins forces with Mahindra - Farm Tractor Division to power Mahindra tractors across India with Genuine Lubricant Solutions

*Driving performance
through Partnership*

- › A strategic multi-year partnership with Mahindra and Mahindra Limited [Automotive and Farm Equipment Business] further deepening a long-standing association grounded in shared values and technological excellence.
- › As part of this collaboration, SOTL will supply Mahindra Tractor Genuine Engine Oils, offered under the MStar brand, across Mahindra's Franchise Workshops and Spare Parts Distributor Network in SOTL assigned geographies.
- › The collaboration aims to deliver consistent performance, dependable service, and long-term reliability for Mahindra tractors.

Creating Value through Strategic Growth Drivers

Optimum Business Mix

Well positioned across product portfolio – Transformer, Industrial, Auto and Non-Auto Segments

Distribution Expansion

Accelerating the expansion of the Industrial distribution network is a key pillar for the SAVSOL's Growth Strategy

Premium & Mid-Premium Offerings

Continued focus to increase share in Mid-Tier and Top-Tier product categories

Innovative Products

Launching new product innovations across different categories
e.g. Synthetic Esters

Capacity Expansion

Continued investments in increasing capacity to compete effectively with a comprehensive, balanced product portfolio

Branding

Striving to become a sustainable, trustworthy brand. Poised to grow faster than category growth
