ACME Solar commissions additional 66.68 MW solar capacity at its Hybrid Project in Rajasthan

Gurugram – November 3, 2026: ACME Solar Holdings Limited (ACME Solar), through its subsidiary, ACME Renewtech Private Limited, has commissioned additional 66.68 MW of solar power capacity in Bikaner, Rajasthan. The latest operational milestone takes this hybrid project's total operational capacity to 200.04 MW. The Commercial Operation Date (COD) for the same shall be November 04, 2026.

The addition of wind capacity to this hybrid project will complement its solar generation, thereby enabling a more diversified renewable energy generation profile. Following the commissioning of this project, the operational capacity of ACME Solar is now approximately ~3,190 MW. The ACME Renewtech Hybrid Project's operational capacity addition further strengthen ACME Solar's growing portfolio, underscoring its focus on developing diversified solutions across the renewable energy spectrum.

ACME Renewtech's hybrid project is located at Kelan Village in Bikaner, Rajasthan. The Power Purchase Agreement (PPA) for the project has been signed with NTPC Limited at a tariff of ₹3.36 per kWh. ACME Solar expects to progressively operationalize the entire 300 MW solar component of this project by the end of Q3 FY27.

About ACME Solar: ACME Solar Holdings Limited is a leading integrated renewable energy player with a diversified contracted portfolio of 8,370 MW spanning solar, wind, storage, FDRE and hybrid solutions and an operational installed capacity of ~3,190 MW and 5.64 GWh of BESS capacity. With an in-house EPC and O&M division, the company does end-to-end development and O&M of the plants, thereby delivering projects in a time & cost-effective manner while ensuring best in class operating performance evident in its industry leading CUF and operating margins.
