MANAGEMENT COMMENTARY

Commenting on the performance, **Mr. Shikhir Gupta, Chairman & Managing Director, Austere Systems Limited**, said:

*"The year began on a positive note, with **Urban Digital Governance** continuing to be a key strategic focus. Our **Dial 11: Urbansphere** platform is being used by several Municipal Corporations to*

streamline citizen grievance redressal, field operations, revenue collection and real-time performance monitoring.

During the first half of FY27, we expanded our growth initiatives by establishing a subsidiary in the USA, launching a new IT services company and entering into a strategic partnership to develop AI-led services.

As governments and municipalities accelerate digital transformation, the demand for integrated, paperless and data-driven governance platforms continues to grow. Austere aims to strengthen its position as a trusted technology partner to Government Departments, Municipal Corporations and Urban Local Bodies, while expanding its presence across PSU and private-sector customers."

BUSINESS OUTLOOK

- **Dial 11: Urbansphere:** The Company's modular and scalable municipal digital governance platform covers Citizen Services, Revenue Management, Urban Operations, Governance, GIS and AI, allowing municipalities to adopt modules progressively.
- **AI and Data Analytics:** The Company is embedding AI and data analytics across its solutions for chatbots, document intelligence and predictive reporting.
- **Enterprise Solutions:** The Company delivers enterprise technology solutions and implementation services across leading platforms, including **SAP, ServiceNow, Oracle and Microsoft 365**, enabling organisations to modernise business processes, enterprise applications and digital workplace capabilities.
- **Process Excellence:** The Company's processes have been appraised at CMMI Level 3 under ISACA, supporting consistent delivery of complex programmes.
- **Board Strengthened:** CA Mayank Gupta, with 14 years of experience in taxation and audits, was appointed as an Additional Independent Director to strengthen risk and compliance oversight.
- **Outlook:** The Company plans to expand Dial 11: Urbansphere with more modules, GIS and AI, and to scale AI-led solutions, advanced analytics dashboards, cloud/SaaS offerings and reusable technology frameworks that shorten implementation cycles.
