EMS Limited Emerges as L-1 Bidder for Rs 218.65 Crore Rajasthan Sewerage Project

- **Latest L-1 status strengthens order pipeline and reinforces the company's positioning in water and wastewater infrastructure**

Ghaziabad, September 2, 2026: EMS Limited (BSE: 543983, NSE: EMSLIMITED), a leading multi-disciplinary EPC company specialising in water, wastewater and sewerage infrastructure, has emerged as the Lowest Bidder (L-1) for a major sewerage project awarded by the Directorate of Local Bodies, Government of Rajasthan.

The project has an estimated value of ~Rs 218.65 crore (including GST), and covers sewerage and septage management works across six Urban Local Bodies (ULBs) in the districts of Ganganagar, Hanumangarh and Churu in Rajasthan.

The scope of work includes sewerage systems with Sewage Treatment Plants (STPs), along with laying, jointing, testing and commissioning of sewerage networks. The project also includes a one-year defect liability period and 10 years of Operations & Maintenance (O&M), with an execution period of 18 months.

The latest L-1 status further strengthens EMS Limited's order pipeline. It reinforces its growing presence in Rajasthan, while adding to its portfolio of projects focused on urban sanitation, wastewater management and sustainable water infrastructure.

Order Pipeline

EMS Limited continues to witness healthy tender activity across its core business segments. As of June 30, 2026, the company's order book stood at Rs 2,328.91 crore.

In June 2026, the company received L-1 status for another sewerage project in Varanasi valued at approximately Rs 102.85 crore, further demonstrating the company's strong participation in urban water and sanitation projects.

Management Commentary

Commenting on the development, **Mr. Ramveer Singh, Chairman, EMS Limited**, said:

"The latest L-1 status for the Rajasthan project is a significant addition to our growing project pipeline and reinforces our capabilities in executing large-scale sewerage and wastewater infrastructure projects. The project also strengthens our presence in Rajasthan and provides an opportunity to leverage our expertise across sewerage networks, treatment infrastructure and long-term O&M services.

The continued focus on urban infrastructure, sanitation and wastewater management is creating meaningful opportunities for specialised EPC players. With our established execution capabilities and strong order pipeline, we remain focused on

delivering sustainable infrastructure solutions and creating long-term value for our stakeholders.”

The latest project development comes amid improving operating performance for EMS Limited. During Q1 FY27, the company reported standalone operating income of Rs 125.72 crore, up 50.27% sequentially, while standalone EBITDA increased 39.81% to ₹25.53 crore. On a consolidated basis, operating income stood at Rs 157.24 crore, up to 30.49% sequentially, while EBITDA increased 31.62% to Rs 28.14 crore. The company remains focused on leveraging its expertise across water supply, sewerage, wastewater treatment and related infrastructure to participate in the growing opportunity presented by India’s urban infrastructure development.

About EMS Limited

Incorporated in 2010, EMS Ltd provides a range of services, including EPC and O&M in sewerage solutions, water supply systems, and wastewater schemes for government authorities and local municipal bodies. The company also engages in electricity transmission and distribution and the manufacture of items used for construction purposes. Headquartered in Ghaziabad, EMS Ltd offers water and sewerage infrastructure solutions, including laying sewerage networks and building sewerage and water treatment plants across Uttar Pradesh, Maharashtra, Bihar, Uttarakhand, Rajasthan and West Bengal.

EMS Ltd also has a major interest in the electrical contracting business, undertaking turnkey projects across India. It specializes in the construction of 33/11 KV, 66/33 KV, and 132/133 KV substations, internal and external electrification work, and the erection, testing, and commissioning of transformers. The company provides EPC services for building and road works, successfully delivering numerous projects to its clients.
