Dear Sir/ Madam,

Security ID: GNRL

Security Code: 513536

Sub: Disclosure giving operational update of drilling campaign by the Company & its Subsidiary

In accordance with Part B of Schedule III, read with Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and as part of our ongoing communication regarding the drilling campaign being undertaken by the Company, Gujarat Natural Resources Limited (GNRL), and its subsidiary, GNRL Oil & Gas (I) Private Limited (GOGIL), we are pleased to provide the following update:

After a pause in drilling operations due to the monsoon, GNRL is recommencing its aggressive development and appraisal drilling programme, with 2 drilling rigs to be deployed in different locations to undertake simultaneous drilling operations and fulfil the targets contemplated before the year ending 31st March, 2027.

During the pre-monsoon drilling campaign, GNRL drilled 5 wells (4 development wells and 1 appraisal well). The 4 development wells are producing oil and gas, and the appraisal well in North Kathana has proved the presence of substantial oil and gas reserves in the EPIV, Cambay Shale and Olpad formations. The testing and evaluation of each prospective layer is under progress. Based on the results of the appraisal well, further development wells are being planned in North Kathana.

GNRL is also pursuing new exploration and producing assets in India and abroad. GNRL has forged alliances with strategic partners to materialise the acquisition of few opportunities which are in advanced stages of negotiation.

The Company remains focused on advancing its exploration and development programme and creating long-term value for its stakeholders.

You are requested to take the above information on record.

We will continue to keep you updated on the progress of this significant initiative.

Thanking You.

Yours Faithfully,

For, Gujarat Natural Resources Limited

Shalin Shah
