**Subject : Price Movement**

Further to our reply dated Tuesday, March 17, 2026 to your correspondence L/SURV/ONL/PV/APJ/ 2025-2026 / 3430 dated Friday, March 13, 2026, we have noted significant movement in the price of our security/ Scrip no. : 531380 at BSE Ltd, in the recent days and we again request vide this letter to The Executive Director, BSE Limited, [Investigation / Surveillance Department], Registered Office : Floor 25, P. J. Towers, Dalal Street, Fort, Mumbai 400001, MAHARASHTRA, T: 22 2272 1233/1234 | F: 22 2272 3121/3719 | www.bseindia.com along with the details of the trading activity for the period as per the attachment, shareholders who have sold and purchased equity shares of our company, and requesting **Urgent attention to examine / check for POSSIBLE MISUSE / UNETHICAL / UNUSUAL TRADES** in the equity share price of our company as seen from the abnormal price rise / fall, which has not been supported by any corporate announcements or material changes in the business activities of our Company and these appear to be manipulative trades.

We are attaching [Annexures] details of the purchase and sale activity till May 8, 2026 and the movement in the price of our security/ Scrip no. : 531380 has seen substantial increase in the price of equity shares and hope our submission provides enough documentary support to conclude that this is a **POSSIBLE** price rigging and this is not being based on mere suspicion or presumption.

We request your department to examine if these transactions are legally valid, that the genuineness of the arrangement has to be viewed not in relation to every step taken to achieve the result but in relation to the final result, that one has to look at the truth of the transaction (and if permissible) by going behind the facade of the number of shares / documentation or the series of steps taken, that SEBI always have the freedom to 'go behind the documents to find out the real intention of the parties, that the rule presupposes that in a given case the real intention of the parties to a document / transaction / arrangement could be different from what it appears from it ex facie, that SEBI must normally proceed on the basis of the professed intention, but if that is under doubt or is disputed or is challenged, then its power to find out the real intention of the parties by ignoring the apparent has to be and has always been conceded, that in cases of make believe arrangement or a subterfuge or a dubious or a colourable transaction's adopted, SEBI will be merely removing the facade to expose the real intention of the parties cleverly cloaked and if that intention is discovered to be the evasion of SEBI / BSE Ltd., attention, it cannot be given effect to merely because all the steps taken as component parts of the arrangements are legally correct or valid, that the right of the parties to enter into transactions according to their free will and choice has always been protected, the only rider being that both the professed intention and the real intention should be the same, that all commercial arrangements and documents or transactions have to be given effect to even though they result in price escalation, provided that they are genuine, bonafide and not colourable transaction.

Letter to BSE Ltd. on Price movement

The trading volume of shares during the period, in which manipulations are done to raise the market price, is extremely thin and do not have the credentials to justify the sharp rise in Market Price of our company's shares.

Most of the purported buyers are buying 1 to 5 shares in our company. Thus, an enquiry would reveal that most of the buyers through brokers are spread all over INDIA and some are repeated buyers and this is probably done to avoid the eyes of SEBI | BSE surveillance.

An analysis in respect of persons / buyers involved in purchase and sell transactions apparently carried out in order to jack up the share price has been done in respect of our company. It has been noted that many common persons/entities were involved in trading in during the period in question when the shares were made to rise which implies that they had contributed to such price rise and this has clearly been schemed and pre-planned with malafide intention, and these transactions are unnatural and highly suspicious.

Further, it appears the main person / entity does not allow any person / entity / buyers to buy/sell to any person outside the syndicate. This is generally ensured by way of synchronized trading by the buyers / operators amongst themselves and/or by utilizing the mechanism of upper/lower circuit of the BSE Ltd., Exchange.

The issue for consideration before us is whether, in such cases, the legal documentary trading evidence produced by our company has to guide our decision in the matter or the general observations based on trading / number of shares bought and sold / circular trading all over INDIA / repeated investors / synchronized trading by the investors / operators amongst themselves, probabilities, human behaviour and discovery of the modus operandi adopted in rigging the price that will surface during investigations, should guide the authorities SEBI and BSE Limited in arriving at a conclusion as to whether our claim is genuine.

Further, our company has not made any announcement which is of material nature to encourage this significant increase/decrease in the share price, and we are seeking a probe into the unusual trading pattern. We feel that there are some people / parties / company's trying to manipulate the price of our company's shares with vested interest. Hence, we request you to intervene in the matter and conduct a complete investigation into this scrip. We as the company / promoters are ready for any kind of assistance that is required in a detailed investigation into probable violation of securities laws. We hope that you will investigate this matter on a priority basis. Our company has taken a decision to approach you, to protect the interest of the shareholders and to curb any misuse, unethical or illegal activities which may have an adverse effect on the reputation of our company.

We once again wish to place on record that the Company, its Promoters, Directors or associates have no role in this misuse, unethical or illegal activities. We urge and request your good offices to investigate the price movement and operations in the CENTENIAL SURGICAL SUTURE LTD., equity shares in the recent past and initiate appropriate penal actions against concerned broking house(s) and/or their clients to ensure that the conspirators are brought to book immediately, rather be treated as an emergency.

Yours sincerely,

for **CENTENIAL SURGICAL SUTURE LTD.**
