08.09.2026:

Heard both sides on the maintainability of the appeal. The appeal apparently has been filed within the period of limitation. But the objection taken was that it was not competently filed. The suspended director has to introduce himself as such while filing the appeal, has literally lifted the description as given in the cause title of the Tribunal below. The appellant is stated to be the corporate debtor itself is represented by its manager, and the correction was sought on 10.08.2026, which is about 7 days after the expiry of the condonable period of limitation.

2. The submission of the learned counsel for the appellant is that the order was not pronounced on 19.06.2026 but only on 30.06.2026 that was also the date according to the respondent, on which the order was posted on the official website.
