Dynacons Systems & Solutions Limited Reports Q1 FY2027 Results — Landmark RBI Contract Execution Commences; Order Book at Multi-Year High

Q1FY27 Revenue from Operations of ₹3,136.88 million; PAT at 6.31%; Order Book at ₹31,040 million

Thursday, August 13, 2026; (NSE: DSSL | BSE: 532365)

Dynacons Systems & Solutions Limited (NSE: DSSL | BSE: 532365), a leading IT infrastructure and digital transformation company, announced its Unaudited Consolidated Financial Results for Q1 FY2027 (quarter ended 30 June 2026), as approved by its Board of Directors at its meeting held on 13th August 2026.

The Company continued to deliver a steady performance during the quarter, anchored by continued execution on its strong order book and robust demand from BFSI, government, and enterprise customers across Data Centre & Cloud Infrastructure, Network & Cybersecurity, Digital Workplace Solutions, and Managed Services. The quarter was particularly marked by the commencement of large, multi-year contracts, including the landmark ₹750.82 crore Reserve Bank of India private cloud mandate, further strengthening Dynacons' position as a trusted digital infrastructure partner for India's most critical institutions.

Financial Performance:

(₹ in Crores)

Particulars (INR cr)	Q1FY27	Q1FY26	Y-o-Y Change	Q4FY26	Q-o-Q Change	FY26

Profit After Tax	19.80	19.65	0.77%	18.99	4.24%	85
PAT Margin (%)	6.31%	5.97%	5.64%	5%	33.74%	6.0%
EPS (Rs.)	15.54	15.44	0.66%	14.92	4.17%	66.64

Strategic and Business Highlights

1. **Landmark Contract Wins Reinforce Dynacons' Positioning in Critical National Infrastructure**
   Q1 FY27 saw Dynacons secure its largest-ever order win, with a **₹750.82 crore RBI** mandate for end-to-end private cloud infrastructure across its data centres, including the greenfield Bhubaneswar facility, over 5 years. The Company also won a **₹125.88 crore Central Bank of India** project for private cloud expansion, Kubernetes deployment and NVIDIA H200 GPU infrastructure, marking its entry into AI/ML-ready infrastructure. Additionally, Dynacons secured a **₹25 crore J&K Bank** ERP mandate on a 5-year OPEX model. Total Q1 FY27 **order inflow exceeded ₹900 crore.** Subsequent to the quarter, the Company secured a **₹267.58 crore order from NPCI** for data centre augmentation with enterprise server infrastructure, along with 7-year support and warranty.

2. **Robust Order Book Provides Strong Revenue Visibility Across BFSI and Government Segments**

   The Company's order book as of date stood at ₹3104 crore, supported by a robust bidding pipeline. The order book is underpinned by large, multi-year mandates across private cloud infrastructure, enterprise applications, digital workplace solutions, Device-as-a-Service and managed networking — spanning marquee BFSI institutions and central government organisations, providing strong and diversified revenue visibility through FY27 and beyond.

3. **Advancing AI-Ready Infrastructure and Deepening Cloud Capabilities Across the Portfolio**

   The Central Bank of India contract, involving NVIDIA H200 Blackwell GPU-based servers and an on-premises Kubernetes containerisation platform, marks a significant inflection point in Dynacons' portfolio, positioning the Company at the intersection of Cloud, AI Infrastructure and Containerisation. Combined with the other projects secured, the win reflects accelerating demand from India's systemically important financial institutions for large-scale, reliable and future-ready digital infrastructure, where Dynacons has built a differentiated end-to-end execution capability.

4. **Nationally and Globally Recognised for High Growth and Execution Excellence**

   During the quarter, Dynacons received two landmark growth recognitions, ranking **63rd in TIME Magazine's India's Fastest-Growing Companies 2026** and being featured in the **Financial Times High-Growth Companies Asia-Pacific 2026** for the fifth consecutive year. The Company was also recognised as Best Region SI, Government Business (West Region) at the Acer & Intel Pinnacle Club 2025 and named HPE Best Partner for Driving HPE & Nutanix Solutions FY25, reflecting its strong execution across public and private sector technology deployments.

5. **Sustained Momentum in BFSI and Government Segments Drives Execution Quality**

   Across Q1 FY27, Dynacons demonstrated strong execution momentum on its order book, with active delivery across Data Centre & Cloud Infrastructure, Digital Workplace Solutions, Network & Cybersecurity and Managed Services. The continued preference of leading public sector banks, insurance companies and central government bodies for Dynacons as their strategic IT infrastructure partner reflects the depth of the Company's relationships, pan-India delivery capability across 250+ locations, and adherence to the highest quality standards — reinforced by its CMMI Level 5 rating and ISO 9001, ISO 20000 and ISO 27001 certifications.

Management Commentary

"Q1 FY2027 was a defining quarter for Dynacons. The landmark ₹750.82 crore private cloud mandate from the Reserve Bank of India — the largest order in our Company's history — validates our capabilities in delivering mission-critical, large-scale infrastructure for India's most regulated and systemically important institutions. In the same quarter, our breakthrough AI-ready Private Cloud project from Central Bank of India using NVIDIA H200 Blackwell GPUs and Kubernetes reflects the rapidly evolving demand for AI-native compute within the public sector. Our recognition among TIME's India's Fastest-Growing Companies 2026 and our fifth consecutive inclusion in the Financial Times High-Growth Companies Asia-Pacific list affirm our consistent, long-term growth trajectory. We remain focused on disciplined execution, deepening our margin profile and selectively expanding our presence in high-growth segments — AI infrastructure, data centre managed services, cybersecurity and Device-as-a-Service — as we build sustainable, long-term value for all our stakeholders."

— Mr. Shirish Anjaria

Chairman cum Managing Director

About Dynacons Systems & Solutions:

Dynacons Systems & Solutions Ltd is a leading technology solutions and digital transformation company with over 30 years of experience in helping organizations build, modernize, and manage mission-critical technology environments. Headquartered in Mumbai and publicly listed in India, Dynacons serves enterprises, financial institutions, government organizations, and public sector undertakings as an integrated technology lifecycle partner across infrastructure, cloud, cybersecurity, digital workplace, software, managed services, and AI. The Company delivers end-to-end consulting, design, implementation, systems integration, and managed services, with deep expertise in Data Centre & Cloud Infrastructure, Network & Cybersecurity, Private and Public Cloud, Hyperconverged Infrastructure (HCI), Enterprise Applications, Digital Workplace Solutions, and AI-led Digital Transformation. Backed by a strong pan-India delivery network, a highly skilled workforce, and globally recognized certifications including CMMI Level 5 and multiple ISO standards, Dynacons enables customers to build secure, scalable, resilient, and future-ready digital ecosystems.
