Dear Sir / Madam,

Subject: Investor Presentation for Q1 FY 27

Pursuant to the Regulation 30 read with Schedule III of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended please find enclosed a copy of the Investor Presentation on Un-Audited (Standalone and Consolidated) Financial Results for the Quarter ended June 30, 2026.

The Presentation will also be available on the Company's website at <https://midwest.in/investors> .

Kindly take the same on record.

Thanking you,

Yours faithfully,
For **Midwest Limited**

K. Achyutanand Reddy

“

I am happy to share that Midwest has started FY27 on a strong note, with Q1FY27 Revenue, EBITDA, and PAT growing 35%, 25%, and 27% YoY, respectively. Alongside our strong operating performance, we continue to make strategic progress in building our presence across high-potential materials. **Midwest Limited, together with Midwest Energy Limited and NFTDC, has signed an MoU with Indonesia's state-owned PERMINAS** to collaborate across the Critical Minerals and Rare Earth value chain, including Rare Earth Magnet manufacturing.

With strong leadership, a robust balance sheet, diversified reserves, and operational excellence, we are confident in our vision of building Midwest into a world-class integrated materials processing company. **Over the next 3 - 4 years, we aim to achieve 2.5x+ revenue growth, 3x+ profitability growth and 35% ROCE, supported by ₹300 crore of planned capex, while reducing energy consumption by 15–20%.** We also remain focused on establishing new growth verticals in Rare Earth Materials, Heavy Mineral Sands and High Purity Quartz, and building leadership in quartz, titanium feedstock and rare earth oxides globally.

Mr. Kollareddy Ramachandra
Promoter, Whole-time Director & CEO

”

Q1 FY27 Performance

Q1 FY27 Strategic Update

Midwest Limited, Midwest Energy Limited & NFTDC sign MoU with Indonesia's PERMINAS to collaborate on Critical Minerals & Rare Earth Resources, including Rare Earth Magnet manufacturing.

Management has planned to add the HPQ line along with Quartz Phase II instead of its initial plan of Phase III.

CRISIL reaffirmed the Company's credit ratings at CRISIL A/Stable (Long Term) and CRISIL A1 (Short Term), reaffirming its strong credit profile.

The electricity requirement for the mines has been tied up with a renewable energy supplier under a group captive arrangement, enabling the Company to achieve savings of approximately Rs. 2 per unit.

Company at a Glance

Strengthening Midwest's Portfolio from Granite to Quartz and Rare Earths Materials

Business Model Snapshot

- Over **four decades** of expertise in dimensional natural stone exploration, mining, processing, and global distribution across 17 countries and 5 continents, with key markets in China, Italy, and Thailand.
- Strong track record of sustained growth, profitability and high quality earnings wherein receivables are backed by advances and letter of credits.
- Exclusive mining rights gives competitive edge in terms of strong revenue visibility.
- Serves as an organized player in an otherwise unorganized and fragmented market.

Powering Growth Through Diversified Segments

Granite

India's largest producer & exporter of Black Galaxy Granite, a premium variety of granite

Largest producer of Absolute Black Granite

Used in **High Value Real Estate Projects** like in kitchen counters, floor tiles, bathroom vanities etc.

Quartz

Commenced operations of Phase I - Quartz processing plant with installed capacity of **303,600 MTPA** in Q1FY26

Plans to **double the capacity** in Phase II

Caters to **Engineered Stone & Solar Glass Industries**

REE & HMS

Diversifying into **Heavy Mineral Sands (HMS) & Rare Earth Materials (REE)**

Secured **4 HMS Exploration licenses** in Sri Lanka

Will cater to **Aerospace, Chemicals, Automotive, Electronics, Medical Devices etc.**

USPs

1

India's Largest Black Galaxy Granite producer & exporter and largest Absolute Black Granite Producer

2

India's largest integrated Quartz Processing Plant, supplying raw materials to solar glass and engineered stone manufacturers in domestic and export markets

3

Diversifying into extraction of Heavy Mineral Sands and Rare Earth Oxides

4

Focus on Innovation and Technology Integration for Efficiency, Optimization, and a Greener Footprint

1 India's Largest Black Galaxy Granite producer & exporter and Largest Absolute Black Granite Producer

Andhra Pradesh

Black Galaxy is available in only one village in **Andhra Pradesh** in the entire world

Key Highlights & Overview

65,284 cu. mtr.

Midwest's production of Black Galaxy Granite during Fiscal 2026

~37%²

Our exports share of Black Galaxy Granite sales. Midwest exported 25,820 cu. mtr.³ during Fiscal 2026

8.47 mn CBM

Blockable reserves for operational mines and **3.51 million CBM** for under development mines of Black Galaxy Granite

The sale price for **Black Galaxy Granite** ranges between **₹50,000-100,000** per cubic meter

The sale price for **Black Granite** ranges between **₹30,000-75,000** per cubic meter

Products

Black Galaxy Granite

Used in high-value real estate projectsApplication of final product

Luxury hotels

Condominium

Apartments

Kitchen counters

Fire place wraps

Floor tiles

Accent walls

Steps and facades

Expansion of Resource Base

1

Continuously evaluating **opportunities for expansion** by developing additional mines.

2

Developing an additional **Black Galaxy Granite Mine over 10.94 hectares** adjacent to existing operations in Chimakurthy, Andhra Pradesh

3

Exclusive **mining rights, proven reserves, and an established customer base** position the company well to cater to the high-value market

Absolute Black Granite

2 India's Largest Integrated Quartz Processor with plans to double its capacity

Commissioned Phase I of the 303,600 MTPA quartz processing plant in September 2025, serving the solar glass and engineered stone sectors, with plans to double the quartz capacity to 606,600 MTPA for Ultra-High-Purity Quartz.

Surge in Quartz Demand Driven by Solar Glass and Engineered Stone Growth

(In Kilo Tons)

Domestic demand by end use

India **currently imports 65%** of its solar glass needs, but **domestic supply is expected to rise to 70-80%** by FY 2030

Quartz **demand for solar glass** is expected to **grow at a CAGR of 30.7-31.4%**, reaching 1,840-2,000 KT by FY 2030

Midwest plans to add **0.5 mnT of quartz grit capacity for solar glass**, meeting 11-13% of FY 2030 demand

Average realisation for Solar Grade Grit is **6300 – 6500 (INR/Tonne)**

(In USD Mn)

Engineered quartz stone market in India

Global demand for engineered quartz slabs has led to a significant surge in exports, with **China, India, and Turkey** as **top exporters**

Export opportunity

Export opportunity of Quartz (In INR Mn)¹

■ Quartz lumps ■ Quartz powder

Export opportunity of Quartz (In Kilo Tons)¹

■ Quartz lumps ■ Quartz powder

Ultra high purity Quartz powder is a **pre-cursor** for production of **crucibles, optical glass and semi-conductors**

Products

Quartz Grit

Quartz Grit

Quartz Grit Powder

3 Diversifying into extraction of Heavy Mineral Sands and Rare Earth Oxides

Secured four exploration licenses in Sri Lanka for minerals like Rutile, Ilmenite, Zircon, Garnet, Sillimanite, and Monazite, which are key feedstocks for Titanium dioxide, pigments, and Rare Earth Elements used in EVs, renewables, defence, and medical devices.

Global consumption of titanium minerals

(In Million Tons)

~8.5 MT

with 88%
~7.5 MT
for white titanium dioxide pigment

8%
0.7 MT
for titanium metals

4%
~0.3 MT
for welding applications

Domestic consumption of titanium minerals

(In Kilo Tons)

~308 KT

with 90%
~278 KT
for white titanium dioxide pigment

6%
~19 KT
for titanium metals

4%
~12 KT
for other applications

Products

Rutile

Rutile production by FY30P: **16.6-17.8 KT, India**

Global Rutile production by 2030P: **478-507 KT**

Garnet

Global industrial garnet production was **980 KT in 2024**
Domestic abrasive garnet increased to **10.3 KT in FY23**

Zircon

Global zircon production to reach **1,650-1,690 KT by 2030**
growing at a **CAGR of 2.0-2.5%**

Ilmenite

Domestic Ilmenite production to reach **530-567 KT by FY30**
Global production to reach **10,579-10,946 KT by 2030**

Monazite

It contains rare earth materials critical to produce **high-quality magnets** finding applications in **electronics, wind turbines and electric vehicles**. As per IBM, the production of **monazite stood at 69.75KT in fiscal 2020**

4 Focus on Innovation and Technology Integration for Efficiency, Optimization, and a Greener Footprint

Focus on R&D primarily comprises

Tracing, identifying and establishing new mineral deposits to expand resource portfolio

Developing methods to increase operational efficiency and improve the quality of products

with a focus on Black Galaxy Granite, Absolute Black Granite and Quartz

Potential mineral bearing areas are identified

By using satellite imagery

Studying geological and geophysical reports and data

8 member dedicated R&D/Exploration team with on an average 16.10 years of industry experience

6 Geologists

1 Quality control specialist

1 Chemist

Company experiences a **lower manufacturing cost** due to operational efficiencies i.e. reduction in consumption of diesel and spare parts, sourcing of captive solar power, steady electrification of dump trucks and reduction of cycle times across production activities to achieve higher output*

Backward Integration – Diamond Wire

Backward integration to support the development of environmentally friendly diamond tools such as **Diamond wire** used in the cutting and processing of hard materials, for **captive as well as industry consumption**

Quartz Laboratory Facilities

Established a laboratory in APIIC Growth Center, Prakasam, Andhra Pradesh³

The lab is **capable of assessing quartz samples** from mines and identifying attributes to **meet specifications for processing and market needs including Engineered Stone and Solar Glass**

Improves ability to understand the quality of raw materials and **design process parameters**, enables us to arrive at **yields without relying on third-party facilities**

Technological Advancements

Electric Squaring & Dressing Station

1 Co-developed electric dressing station with an Italian company¹, **reducing equipment costs, emissions and manpower requirement**

2 Electric power **accelerate the production process, enhances equipment longevity, and improves safety**².

Electric Dump Trucks

1 Induction of one electric tipper trucks on a pilot basis, **reducing maintenance, downtime, and emissions**

2 Proposing solar power generation at two mine locations (0.66 MW capacity) allowing us to **power trucks with renewable energy**

Phasing-out Usage of Explosives

1 Traditionally, rough Granite blocks are separated from the bed rock in the mines using drilling and blasting

2 Identified & improvised a process utilizing chemical powder as a substitute for explosives, **improved the yield, reduces dust pollution, safety risks and compliances**

*CRISIL Report

Note: 1. Allows to replace at least three mechanical drills in the dressing process 2.Reduction of the number of personnel present in the Mine pit, reduces the risk of injury 3. laboratory in APIIC Growth Center (Building Materials Special Economic Zone) at Annangi Village, Prakasam District, Andhra Pradesh, India

Financial and Operating Performance

1 Proven Track Record of Financial and Operational Performance

Revenue from Operations (INR' Cr)

EBITDA (INR' Cr)

PAT* (INR' Cr)

Improving ROE and ROCE(%)

Cashflow from operations (INR' Cr)

Working Capital Cycle (in days)

Between FY 2023 and FY 2026, the company achieved financial growth, with revenue, EBITDA, and profit after tax increasing significantly, supported by a stringent credit policy and favorable customer payment terms that ensured healthy cash flow and reduced reliance on external financing

Margins

* FY25 PAT & PAT Margin after excluding exceptional item of Rs. 26 Cr. approx; All numbers are on consolidated basis

2 Proven Track Record of Financial and Operational Performance

Production of Black Galaxy Granite (In cubic meters)

Production of Absolute Black (In cubic meters)

Production of Diamond Wire (In meters)

Black Galaxy Granite Sold (In cubic meters)

Absolute Black Sold (In cubic meters)

Diamond Wire Sold (In meters)

Over fiscals 2023-2026, 96% of revenue came from the primary business of selling granite blocks, particularly absolute black and black galaxy granite. The secondary segments (diamond wire and others) contributed 2% each

Annexures

1 Experienced Promoters and Independent Directors

Promoters of the company

Mr. Kollareddy Rama Raghava Reddy
(Founder and President)

- More than 50 years of experience and expertise in the natural stone industry.
- Visionary entrepreneur & expert in various technologies with the track record of building sustainable and socially responsible enterprises; Specialist in mineral exploration, mining, mineral processing, and engineering.
- Actively engaged in global research on natural stone, Coal to Liquids and carbon sequestration; pioneer in resource development in several countries across the globe.
- Partners with technology experts to develop advanced, hybrid decarbonization solutions that maximize efficiency, safety, and cost-effectiveness.

Mr. Kollareddy Ramachandra
(Promoter, Whole-time Director & CEO)

- Over 20 years of industry experience.
- Leads execution for Midwest on various fronts, including identifying cost reduction measures, implementing resource optimization strategies, developing marketing strategies etc.
- Formulates the execution strategy to ensure his vision is imbibed by the entire organization to ensure the performance beats set milestones.
- Under his leadership, PAT grew an impressive 97.5% between Fiscals 2023 and 2025.
- Served as a director on the Board of NSPIRA Management Services Private Ltd.

Mrs. Uma Priyadarshini Kollareddy
(Promoter and Whole-time Director)

- Holds degrees in Electronics & Communications Engineering, Financial Engineering, and an MBA from Columbia University.
- 18+ years of experience, including investment banking in New York.
- Handles business strategy, management, joint venture negotiations, team building and deal structuring at Company.
- Member of T-Hub's Investment Committee, Telangana Government's Startup Fund, and Independent Director at Awaze Limited.

Mrs. Kukreti Soumya
(Promoter and Non-Executive Director)

- Holds a Bachelor's degree in Commerce from Osmania University.
- Over 12 years of experience in the mining industry.
- Develops and executes technology in Company.
- Instrumental in establishing our then diamond tools manufacturing operations in Sri Lanka.

Independent Directors of the Company

Mr. Rana Som
(Chairman and Independent Director)

- Bachelor's degree and master's degree in arts (economics) from the University of Calcutta.
- Post-graduate diploma in personnel management from the National Institute of Personnel Management.
- Prior association with Hindustan Copper, NMDC Limited (chairman-cum-MD), ArcelorMittal, Nippon Steel India and Essar Steel Minnesota LLC.

Mr. Duvva Pavan Kumar
(Independent Director)

- More than two decades of experience in the legal industry.
- Associated with Amarchand, Mangaldas & Suresh A Shroff & Co. and Trilegal after which he founded The Law Chambers in 2017.
- Holds a bachelor's degree in law from NALSAR University of Law, Hyderabad, where he got two gold medals as the 'best all round student in the final year' and the 'best student in corporate law'.

Ms. Smita Amol Lahoti
(Independent Director)

- Bachelor's and master's degree in commerce from University of Pune.
- Secured the 'ICAI's prize, the 'Late Shri Mohan Moreshwar Walkalkar' prize and the 'Anant Rangnath Kanade Memorial' prize for the highest marks in advanced accountancy.
- Partner at M/s. Muttha & Lahoti, Chartered Accountants since 2005.

Experienced promoters and professional management team with deep industry experience and strong track record

2 Strong Professional Management

Mr. Dilip Kumar Chalasani
(Chief Financial Officer)

- Fellow member of the ICAI with more than two decades of experience
- Previously worked with Power Mech Projects Limited and Aster Infratek Private Limited

Mr. Mallikarjuna Rao Kommana
(Chief Operating Officer (Mines))

- Associated with Midwest since 2018
- Granted 'Manager's First Class Certificate of Competency to manage a coal mine' under the Mines Act, 1952
- Previously worked with Singareni Collieries, Maytas Infra, Lanco Infratech and Dangote Industries

Mr. Peddibhotia Venkata Shiva Prasad
(Chief General Manager (Mechanical))

- Associated with Midwest since 2018
- Previously worked with Apple Granites, Deccan Cements, Gold Fields, Vijaya Traders, MFAR Constructions among others

Mr. Kummetha Damodara Reddy
(Chief General Manager (Mines) of APGM)

- Associated with Midwest since 2006
- First Class Manager's Certificate of Competency' under the Mines Act, 1952
- Previously worked with Tungabhadra Minerals, Nagri Mining and Rajashree Cements (a unit of Grasim Industries Limited)

Approach towards Sustainability and CSR

Electricity Management

Emissions Management

Scope 1

1 Scope 1 emissions arise from activities like **fuel combustion in mining equipment, vehicles, and on-site power generation using generators**

2 **21 diesel-operated compressors** have been **converted to electrical compressors**; 6 additional compressors are planned for conversion by 2026

Scope 2

1 Scope 2 emissions from **electricity purchases**, which we plan to address by investing in on-site renewable energy, like solar

2 A **1.10 MW solar plant** at Arpanapally powers a part of the energy requirement of two Mines, with **plans for 0.66 MW additional capacity** at two locations

Water Management

Sustainable use of water resources for water management, Focused areas are:

- 1 Assess water risk (availability & quality)
- 2 Implement water-efficient technologies
- 3 Recycle and reuse water
- 4 Monitor water discharges
- 5 Collaborate with local communities
- 6 Harvest rainwater & recharge groundwater

Waste Management

Waste Management Strategy for Sustainable Operations

Conduct waste audits, implement segregation, and minimize waste

Partner with certified providers and local communities for recycling

Reduce landfill waste, increase recycling, and explore waste-to-energy projects

CSR Initiatives

Undertaken, and continue to undertake, various CSR initiatives primarily focused on

Creation of infrastructure facilities for schools

Installation of water tanks and solar street lights

Construction of community halls

Donation of equipment to village hospitals

Support to farmers

Fiscal Year	2024	2025	2026
Amount (Rs. Cr)	2.03	2.24	2.58

Key Awards & Recognitions

**2003, 2008,
2009**

Model Granite Quarry Award

Awarded by Federation of Indian Mineral Industries (FIMI) in association with All India Granites and Stone Association (AIGSA)

**2008-09, 2010-11,
2011-12, 2012-13**

Export Promotion Award

Awarded by Development Commissioner, Visakhapatnam Special Economic Zone

2008-09

Model Granite Quarry Award

Awarded by FIMI in association with AIGSA

2009-10

Export Excellence Award

Awarded by Development Commissioner, Visakhapatnam Special Economic Zone

**2010-11, 2011-12,
2012-13**

Export Performance Award

Awarded by Export Awards for EOUs, Andhra Pradesh, Chhattisgarh, Yanam

2012

Longstanding Customer

Awarded by Export Credit Guarantee Corporation of India

2014

1st prize for Maintenance of Quarry Roads & Foot Paths

Awarded by Safety Committee Appointed by Director of Mines Safety / Director of Mines Safety

2014, 2017

1st prize for Mine Workings & Operation & Maintenance of Machinery, **2nd prize** for Registers & Records Maintenance, **3rd prize** for Appointment of Qualified Personnel Overall **1st prize** among all mines in the sector **BY Ministry of Labor and Employment**

2015-2020

One Star Export House

Awarded by Ministry of Commerce and Industry (DGFT)

2013-2018

Star Export House

Awarded by Ministry of Commerce and Industry (DGFT)

2018

1st prize in Registers & Records Maintenance
