"We are pleased to begin FY27 on a strong note with revenue growing by 34% YoY, led by a 42% YoY increase in chimney volumes, reflecting sustained customer demand and continued improvement in our manufacturing operations. Due to a change in product mix, volume growth outpaced revenue growth during the quarter. With effect from July 2026, prices have been revised to mitigate the impact of higher raw material costs. We remain focused on strengthening our manufacturing capabilities, enhancing operational efficiencies and building on this growth momentum."
