PRESS RELEASE

EIL to Execute Dangote's Mega Greenfield Refinery & Petrochemical Plant in Kenya

The Dangote Group, headquartered in Lagos, is Nigeria's foremost multinational conglomerate and a dominant industrial force in West Africa. With diversified interests spanning upstream oil & gas, mining, petrochemicals, fertilizers, cement, sugar, and food; the Group is one of the region's largest employers and operates across 17 African countries. Its flagship 650,000 barrels-per-day Integrated Refinery and Petrochemical Complex in the Lekki Free Zone is the world's largest single-train refinery, producing Euro-V quality gasoline, diesel, jet fuel and polypropylene which is further being expanded to 1.4 Million barrels per day.

Engineers India Limited (EIL), a premier engineering consultancy organization under the Ministry of Petroleum & Natural Gas, Government of India, has been a trusted partner in shaping global energy and industrial assets. With proven strengths across the entire project lifecycle- from concept to commissioning, EIL delivers excellence in oil & gas, refining, petrochemicals, fertilizers, metallurgy, infrastructure, and renewable energy sectors.

Having partnered with the **Dangote Group as the Project Management Consultant (PMC) and EPCM Consultant for the successfully commissioned 650,000 BPD Dangote Refinery and Petrochemical Complex at Lekki Free Zone, and further working on its expansion to 1.4 Million barrels per day-** a project that is fundamentally reshaping Africa's energy architecture.

Driven by this proven track record of execution leadership, EIL is proud to extend this transformative partnership to **Dangote's upcoming Greenfield Refinery and Petrochemical Plant in Kenya.**

A Commitment to Regional Energy Security

The Dangote Group is aggressively expanding its continental footprint into East Africa. **To meet regional demand and process a wider crude basket, Dangote is setting up a state-of-the-art 700,000 BPD Greenfield Refinery and Petrochemical Plant in Kenya.**

Believing in EIL's Engineering and Project Management excellence, the **Dangote Group has once again joined hands with EIL in this endeavor and signed a Contract Agreement of value in excess of US\$ 450 Million to engage EIL as PMC and EPCM Consultant for this prestigious Project.** Once completed, this project will be critical in strengthening fuel production within East Africa, reducing reliance on imports, and supporting regional energy security and further playing a critical role by supplying the petroleum products to Global Market.

This Contract is a strong affirmation of the trust reposed in EIL's capabilities to deliver projects of exceptional scale and complexity. As we move into this next phase, EIL will bring its decades of experience, multidisciplinary strengths, and global execution model to support Dangote in creating one of the world's most advanced and fully integrated energy complexes.
