Commenting on the performance Mr. Vipul Bhatt, Chairman and MD said:

In FY26, Vital Chemtech focused on strengthening its business foundation through **strategic investments, operational improvements, and expansion across specialty chemical segments**. Despite challenging global market conditions, the company demonstrated resilience with stable revenue performance and improved operational efficiencies during Q4 FY26. During the year, the company continued to **invest in its subsidiaries, Vital Synthesis Limited and Vital Alkoxides Private Limited**, with a long-term vision of **expanding its presence in high-growth specialty chemical markets**. While these investments impacted short-term profitability, they are expected to strengthen the group's growth platform, diversification strategy, and future earnings potential. The company remains **focused on improving capacity utilization, optimizing product mix, strengthening customer relationships, and expanding its portfolio of value-added specialty chemical products**. Backed by its integrated manufacturing facility at Dahej and growing capabilities across the group, Vital Chemtech remains well-positioned to capitalize on long-term opportunities across domestic and export markets.
