Aurionpro Strengthens Data Centre Growth Momentum with ₹150 Crore Follow-on Order from Global Hyperscaler

New order adds significant scale to the Company's order book, deepens its engagement with a global hyperscale operator, and accelerates its opportunity in AI-ready data centre infrastructure

Mumbai, October 05, 2026 – Aurionpro Solutions Limited (BSE: 532668; NSE: AURIONPRO), a leading end-to-end data centre solutions provider, is pleased to announce a significant expansion of its engagement with a leading global hyperscaler, with the Company securing a new order valued at ₹150 crore for the supply, installation, testing, and commissioning of an AI-ready data centre in Navi Mumbai, Maharashtra. The project is scheduled to be delivered over the next nine months and marks the third significant project awarded by the hyperscaler to Aurionpro in less than a year. The latest win underscores the growing scale and depth of this relationship, taking the value of projects close to ₹ 300 crores.

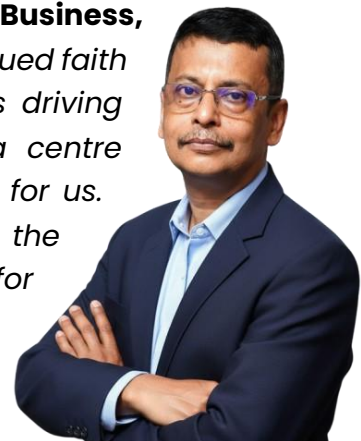

A key addition to this project is Aurionpro's first deployment of **skid-based modular systems**, which marks an important step in the Company's backward-integration strategy, strengthening its manufacturing capabilities while enabling greater control over quality, execution and deployment timelines for critical data centre infrastructure.

Bhaskar Bhattacharya, EVP & Head – Enterprise Business,

Aurionpro: *"We thank our customer for reposing its continued faith in Aurionpro. India's rapidly expanding AI ecosystem is driving unprecedented demand for advanced, AI-ready data centre infrastructure, creating a significant growth opportunity for us.*

Our ongoing backward-integration strategy, including the planned addition of in-house manufacturing capabilities for critical components, enables us to expand our presence across the value chain, enhance execution efficiency, and strengthen our competitive positioning. We believe these capabilities will further establish Aurionpro as a

partner of choice and will bring further wins, driving sustained growth across this business."

About Aurionpro Solutions: Aurionpro Solutions Ltd. (BSE: 532668 | NSE: AURIONPRO) is a global enterprise technology leader pioneering intuitive-tech through deep-tech IPs and scalable products. With a strong presence across Banking, Payments, Mobility, Insurance, Transit, Data Centers, and Government Sectors, Aurionpro is setting new benchmarks for AI innovation and impact.
