Subject: Oil India Empanels Asian Energy Services for Seismic Data Acquisition Services

Dear Sir/Madam,

Asian Energy Services is pleased to inform that it has been empanelled by Oil India Ltd (OIL) for acquisition of on-land 2D and 3D seismic data services across OIL's onshore acreages in India. The empanelment is for a period of three years and covers multiple project categories, including large-scale seismic surveys.

The empanelment positions the Company as an eligible bidder for participation in OIL's future tenders for seismic data acquisition services. Contract awards will be subject to separate tendering processes, evaluation criteria, and compliance with technical and commercial requirements specified by OIL from time to time.

The development will further strengthen Asian Energy's position in the integrated Oil & Gas segment and enhance opportunities to secure future business from a leading public sector enterprise in the oil and gas sector.

This is for your information and record.

Thanking you,

Yours faithfully,

For Asian Energy Services Limited

Shweta Jain
Company Secretary & Compliance Officer
