Interarch Building Solutions Limited

November 2026

Safe Harbour

This presentation and the accompanying slides (the "Presentation"), which have been prepared by **Interarch Building Solutions Limited** (the "Company"), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

This presentation contains certain forward looking statements concerning the Company's future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, competition (both domestic and international), economic growth in India and abroad, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, our ability to manage our international operations, government policies and actions regulations, interest and other fiscal costs generally prevailing in the economy. The Company does not undertake to make any announcement in case any of these forward looking statements become materially incorrect in future or update any forward looking statements made from time to time by or on behalf of the Company.

Performance Highlights
Q2 & H1FY27

MD’s Commentary

Commenting on the performance, Managing Director & CEO Mr. Manish Garg stated,

“We delivered a steady performance in Q2FY27, in line with our expectations. Revenue from Operations grew 2.9% YoY to Rs. 505.4 crore, while EBITDA remained stable at Rs. 41.7 crore, with a margin of 8.3%. For H1FY27, revenue and EBITDA grew 10.7% YoY to Rs. 965.0 crore and Rs. 81.1 crore, respectively, reflecting the resilience of our business model and focus on operational excellence.

While near-term challenges arising from external market conditions and the seasonal nature of the PEB industry may persist, customer enquiries across key end markets remain healthy. The long-term industry outlook remains encouraging, supported by private capex spending and India's manufacturing-led growth, creating opportunities across manufacturing, warehousing, renewable energy, data centres and commercial infrastructure.

Our order book stood at an all-time high of Rs. 2,011 crore as of October 31, 2026, providing strong revenue visibility. We continue to focus on quality order inflows, prioritizing projects that align with our execution capabilities and profitability objectives.

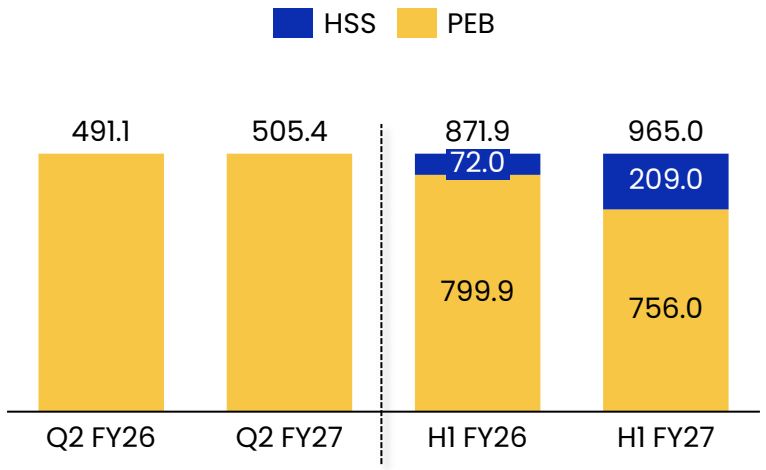

During the first half of FY27, we commissioned Phase 1 of our PEB facility at Kheda, Gujarat, and Phase 1 of our Heavy Steel Structures facility in Andhra Pradesh. These capacity additions will further enhance our manufacturing capabilities and strengthen our ability to undertake larger and more complex projects.

Going forward, growth will be driven by our core PEB business, Heavy Steel Structures and exports. We expect execution momentum to improve in the second half, supported by our strong order book, healthy enquiry pipeline and expanded capacities. Backed by our integrated business model and robust balance sheet, we remain focused on sustainable, profitable growth and long-term value creation.”

Company Evolution

1983
Incorporated in Delhi

1993
Introduced brand TRACDEK® for metal roofing and cladding systems

2000–2005
2000: Set-up 1st PEB manufacturing facility in Greater Noida*

2005: Set up of Pantnagar Manufacturing Facility

2007–2008
2007: Commenced supply from Tamil Nadu Manufacturing Facility I
OIH Mauritius acquired ~13% stake in the Company

2008: Set up of Kiccha Manufacturing Facility

2009 - 2011
2009: Commenced supply from Tamil Nadu Manufacturing Facility II

2011: Completed roofing and sheeting for Delhi Airport

2020–2023
2021: Expansion of Kiccha Facility

2023: Revenue from operations cross Rs 1,000 crores(1)

2024
Listing on NSE & BSE

Inaugurated its 5th State-of-the-Art PEB Manufacturing plant (4th fully integrated unit) in Athivaram, Andhra Pradesh

2025
Secured India's single largest PEB Order

2026
Commenced Production of Gujarat PEB Facility Phase-1

Commenced production of AP Unit 2 Phase-1 (HSS)

Note: * Subsequently closed; (1) in FY23

Commercial & Urban Infrastructure
High-Rise Buildings | Multi-Storey Steel Structures

*PEB Contracts comprise turnkey building solutions, including design, engineering and on-site installation/erection, whereas PEB Sales comprise the supply of building materials and components.

Key Certifications

Certificate for Inspection Program for Manufacturer of Metal Building System issued by IAS used to supply the pre-engineered buildings in USA

1

ISO 14001 :2015 - International Certificate for Environmental Management Systems (EMS).

2

ISO 45001 : 2018 – International Certificate for Occupational Health and Safety (OH&S) Management

3

Certificate of Compliance - HPSS2000F Standing Seam Roof System.

4

CSA A660-10 - Certification of Manufacturers of Steel Building Systems.

5

CSA Standard W47.1 Division: 2 – Manufacture of pre-engineered buildings.

6

ISO 9001:2015 - International Certificate for Quality Management System.

7

Key Strengths

1. Delivering End-to-End Solutions Across the Entire PEB Value Chain

Raw Materials Procurement	Design & Engineering	Fabrication & QC	Logistics & Delivery	Erection & Installation	Commissioning & Handover
					
Strategic sourcing of Raw Material	Integrated in-house design & engineering capabilities	State of the Art manufacturing facilities with quality control	End to end project logistics management	Execution with Experienced project management team	Project completion & Handover

Only player in India offering end-to-end PEB turnkey solutions - One Date, One Building, One-Stop Solution for a client

2. Advanced Heavy Steel Structures (HSS) Capabilities

Plant at a Glance

2 **Dedicated Production lines**
Hot Rolled | Heavy Built-up Fabrication

New manufacturing facility with Phase 1 capacity of **25,000 MTPA**

Automated Lines for **Box Column, Star Column & I Column fabrication**

Cumulative of HSS orders Received
+1 Lakh tons

Key Projects executed and ongoing Heavy Steel Structures projects

HSS Orders Applications

Data Centers | **Semiconductor Manufacturing Facilities** | **Steel/Power/Fertilizer Plants** | **High-Rise Buildings** | **Multi-Storey Steel Structures**

3. Strategic Collaborations Driving Export Growth

JV Agreement with ER Steel Inc.; Canada

ER Steel INC. *(24% Stake)* + **Interarch Building Solutions** *(76% Stake)*

Key Rationale

Interarch' s strength in engineering & Manufacturing and ER Steel 's strong presence in the target market complements making it a strategic partnership

Scope of Business

Interarch
Engineering | Detailing | Manufacturing | Quality Compliance

ER Steel
Market Development | Customer Relationships | Sales And Marketing in USA & Canadian markets | Project Execution

~₹80 crore indicative **JV funding** requirement towards land procurement, business development and operationalization

Strategic Collaboration MOU with ER Steel

- ✓ Collaboration with ER Steel to expand Structural Steel and PEB/PEMB business across Canada and North America.
- ✓ Leveraging ER Steel's local presence and Interarch' s engineering, manufacturing and supply capabilities.

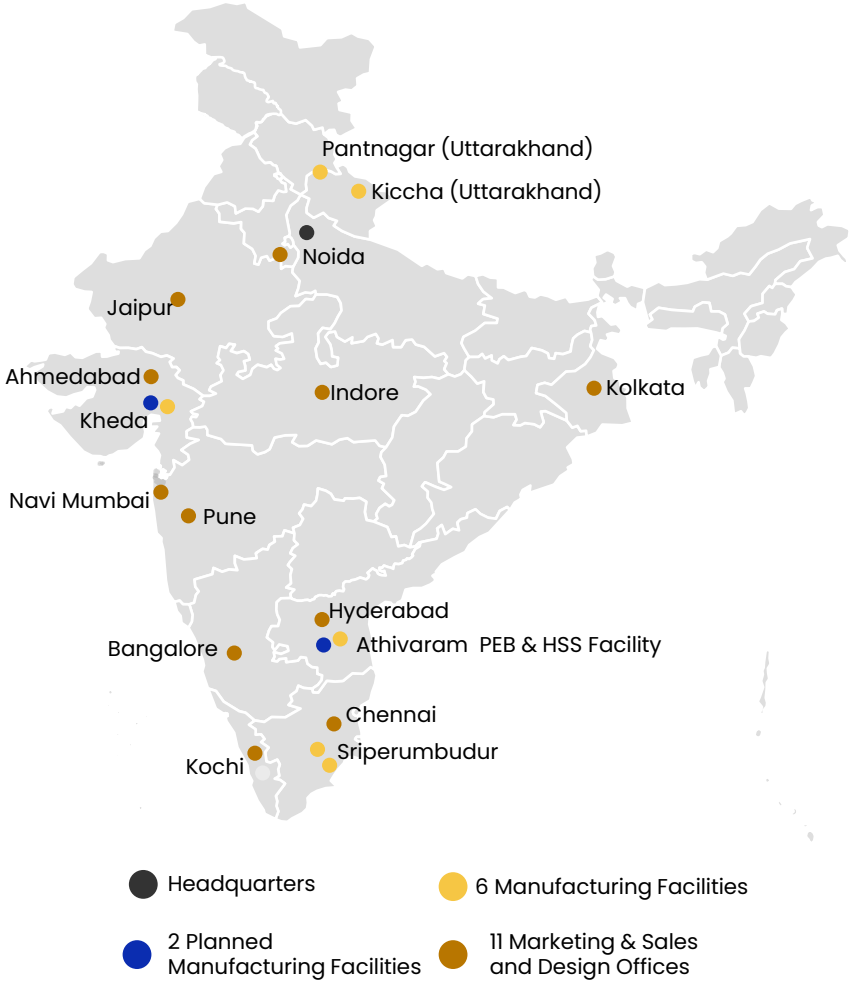

JV & Collaboration – A clear route to North American Markets

India	→	Canada	→	USA + Canada
Interach - Engineering & Manufacturing		ER Steel - Platform & Local Presence		Access to Markets

JV Agreement Terms

ER Steel must enter into 100% offtake agreement with JV Co and purchase the total quantity of OWJS products for distribution and sale in Canada & USA

4. Integrated Manufacturing & In-house Design and Engineering

Manufacturing Facilities

Facility	Set up Year	Installed capacity (MTPA)[1]	Utilizable capacity (MTPA)
Pantnagar Facility (PEB)	2005	31,000	~26,000
Kiccha Facility (PEB)	2008	59,500	~50,000
Tamil Nadu Facility I (PEB)	2007	10,000	~8,500
Tamil Nadu Facility II (PEB)	2009	40,500	~34,000
Andhra Pradesh Phase 1 (PEB)	2024	20,000	~17,000
Andhra Pradesh Phase 2 + Kiccha Line (PEB)	2025	40,000	~32,000
Gujarat Facility (PEB) Phase 1	2026	20,000	~17,000
Andhra Pradesh (HSS) Phase I	2026	25,000	~20,000
Gujarat Facility (PEB) Phase 2	Q3FY27	20,000	~17,000
Andhra Pradesh Phase 2 (HSS)	Q4FY27	24,000	~20,000
Total Existing Capacity[1]		**2,46,000**	**~2,04,500**

Design & Engineering Centers

- ✓ Supported by dedicated design and engineering centers in Noida, Uttar Pradesh; Chennai, Tamil Nadu and Hyderabad, Telangana
- ✓ In-house design and engineering team of **155+ qualified structural design engineers and detailers**
- ✓ Computer aided design technologies including Staad Pro, MBS, FrameCad, Tekla, Auto Cad and ZWCAD

Project Management

- ✓ Dedicated team of **90+ project managers, augmented by a network of 65 empaneled and approved builders / erectors**
- ✓ Established dedicated safety & quality control teams to oversee each stage of the erection process

5. Proven Execution Backed by Strong Project Management Capabilities

Infrastructure

AIRPORT
At Delhi

Infrastructure

HOSPITAL BUILDING
In Bangalore, Karnataka

Manufacturing

FOOD PROCESSING MANUFACTURING
At Muzaffarnagar, Uttar Pradesh

Industrial Buildings

INDUSTRIAL & LOGISTICS PARK
In Haryana, Punjab, Maharashtra, Tamil Nadu

Industrial Buildings

PACKAGING MANUFACTURING
At Greater Noida, Uttar Pradesh

Manufacturing

PLASTIC PRODUCTS MANUFACTURING
At Roorkee, Uttarakhand

Renewables

SOLAR PV MODULES MANUFACTURING
In Dholera, Gujarat & Jaipur, Rajasthan

Heavy Steel Structures

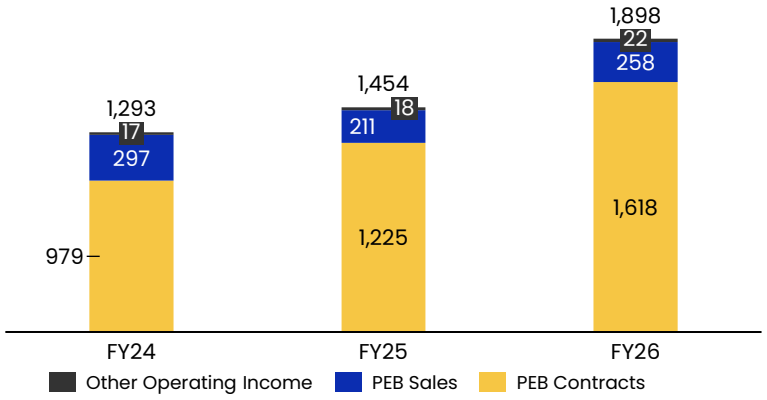

DATA CENTER BUILDING
In Navi Mumbai, Maharashtra

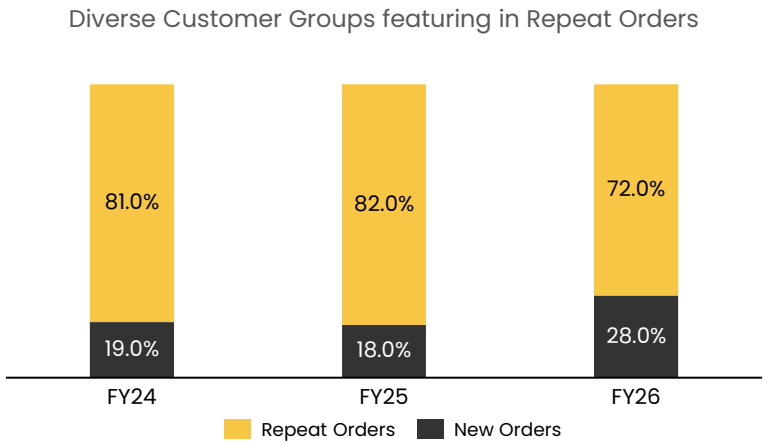

Demonstrated execution capabilities across diverse sectors, delivering complex PEB projects spanning industrial, commercial, logistics and infrastructure applications.

6. Long-standing Relationships with Key Customers

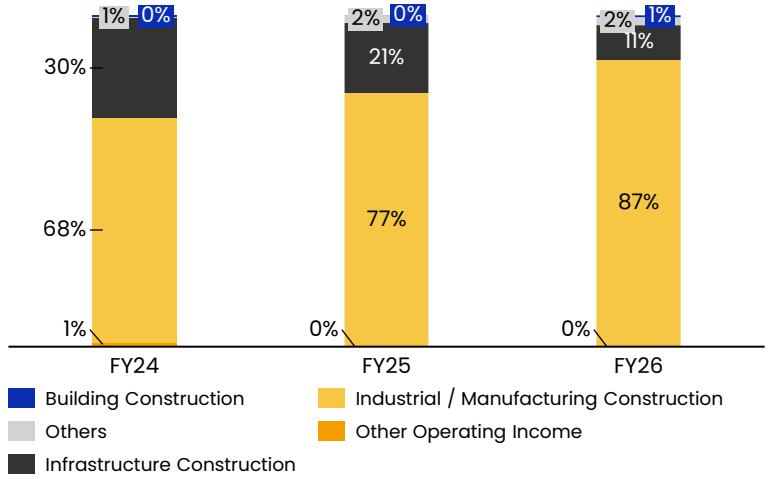

Revenue from Operations by End User Sectors

Repeat Orders as % of Revenue[1]

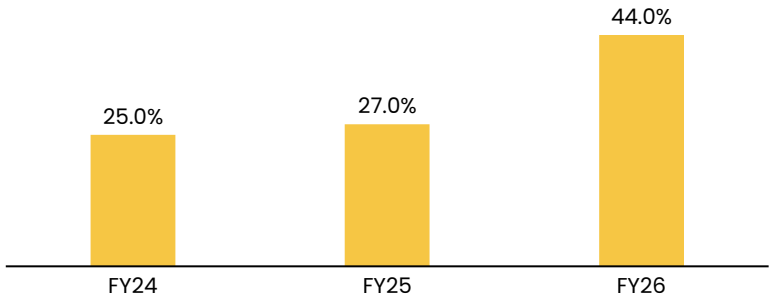

Revenue Breakup – End User Industry (%)

Key Customers

asianpaints · ADITYA BIRLA GRASIM · TATA TATA PROJECTS · Addverb Technologies · Unilever · Reliance Industries Limited

Revenue from Top 5 Customer Groups

Stringent customer requirements make quality, durability and reliability critical to sustaining long-term relationships.

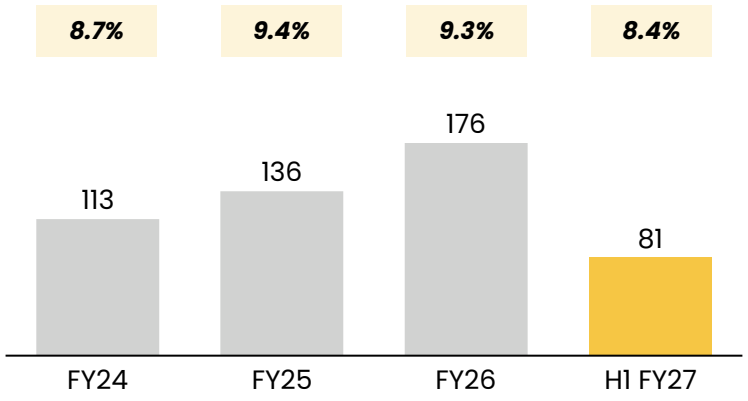

Notes: [1] Repeat orders are orders which we identify as orders placed by customers or Customer Groups that have placed orders with us previously. Logos displayed are for representation purposes only and remain the property of their respective owners

7. Consistent Financial Performance and Strong Growth Track Record

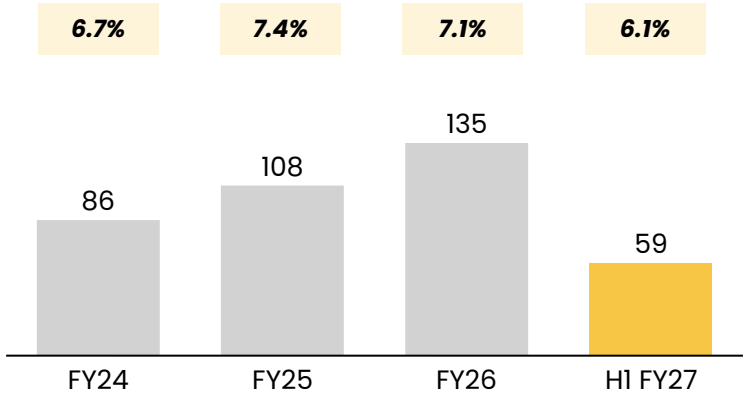

Revenue (INR Cr.)

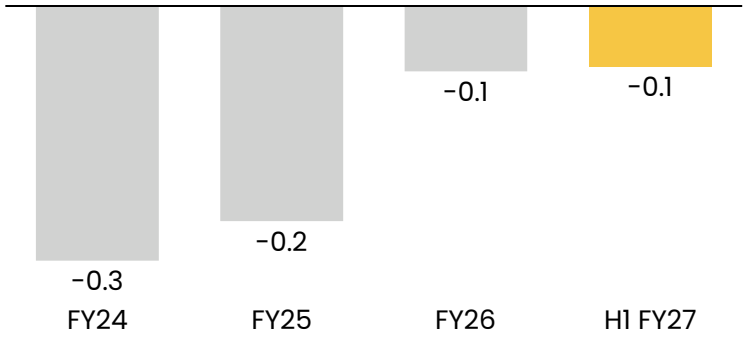

EBITDA (INR Cr.) & Margin (%)

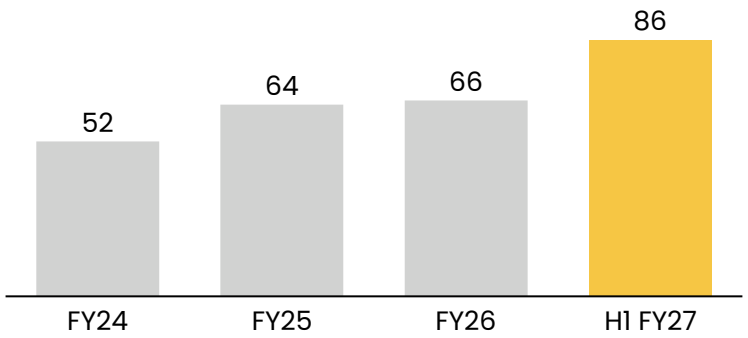

PAT (INR Cr.) & Margin (%)

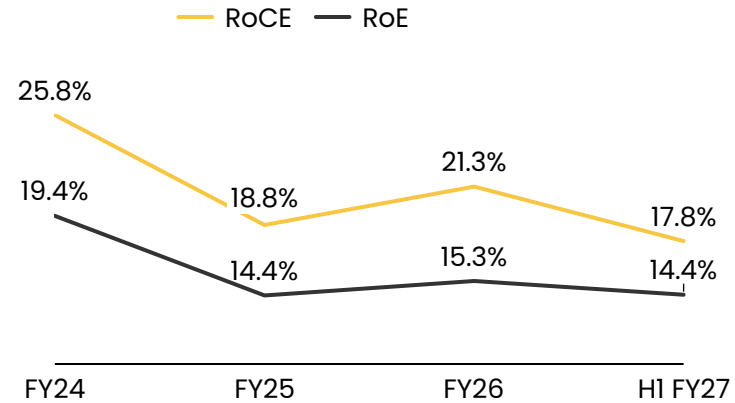

Net Debt / Equity (x)

Net Working Capital Days

ROCE & ROE (%)

A debt-free company with a high cash reserve demonstrating strong financial stability and growth potential.

Way Forward

From PEB Leadership to an Integrated Steel Solutions Platform

Building a vertically integrated platform with HSS and ER Steel to drive scale, margins and a larger addressable market

Value Chain Integration

Expanding from PEB to upstream steel through HSS and ER Steel, strengthening supply security, cost competitiveness and project execution.

Higher Scale & Margins

Adds large, in-house capacity in HSS and ER Steel, enabling scale, better cost control and margin improvement through backward integration.

Larger Market Opportunity

Positions Interarch to capture a bigger share of growing demand for pre-engineered and heavy steel structures across industrial, infrastructure and institutional projects.

New End-Markets

Opens access to large-scale and complex projects in data centres, manufacturing, logistics, renewables, oil & gas and infrastructure.

FUTURE ROADMAP

Core Platform	HSS Foray	ER Steel Integration	Expand & Optimize	Next Phase of Growth
PEB Leadership Established platform in pre-engineered buildings with end-to-end design, manufacturing and project execution capabilities.	**Entry into HSS** Dedicated capacity for heavy steel structures (HSS) to cater to large and complex projects across sectors.	**JV with ER Steel** Partnership with ER Steel, Canada, strengthens its presence in the North American structural steel and PEB markets.	**Scale-up & Ramp-up** Scaling up HSS and ER Steel capabilities along with driving operational efficiencies to enhance utilization, cost competitiveness and margins.	✓ Expand presence in large and complex infrastructure projects ✓ Scale up OWJS capabilities and drive export growth ✓ Tap opportunities across data centres, industrial and infrastructure segments ✓ Strengthen manufacturing capabilities and execution efficiencies

OWJS - Open Web Joist System

Growth Levers: HSS and Exports

Heavy Steel Structures Contracts

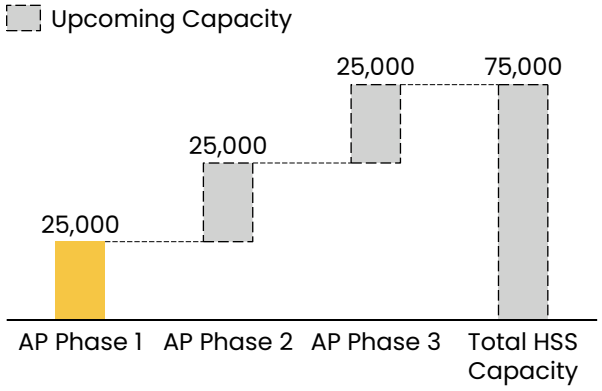

- → **More than 5 Tons of** steel pieces used
- → **Larger** Average order Size
- → **Advanced Italian Machinery** used at HSS facility
- → **~35%** of order book from New age Industries

Key End User Industries

Data Centers | **Power & Steel** | **Fertilizers** | **Semiconductors** | **Multi Story Steel Buildings**

HSS Capacity Ramp-up (in MTPA)

Total Plant Capacity to scaled up to

+75,000 MTPA

~3x total HSS capacity in next 2-3 years

Exports Contracts

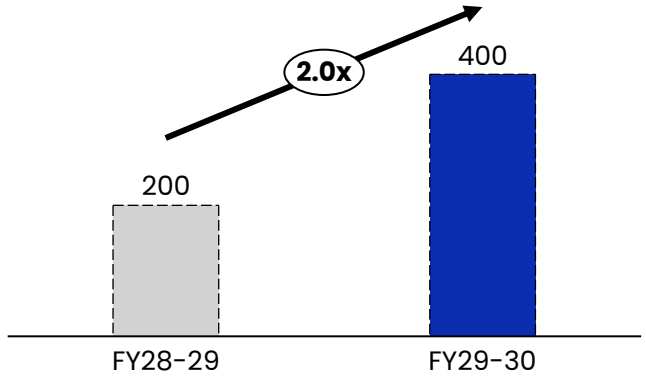

- → **Export PEB orders**
- → **Open Web Joist System (OWJS)** – JV with ER Steel
- → **Higher Margins** for Export Orders
- → Total Orders above **100MT** of export orders

Region Wise export orders (FY26)

Africa 48% | **36% Canada** | **16% South Asia**

Revenue Contribution OWJS & Exports (in Cr)

- ✓ Exports **revenue** expected to increase, largely driven **by OWJS** orders
- ✓ Alongside a significant **expansion in OWJS capacity**

OWJS - Open Web Joist System

Thank You
