Nucleus Software Announces Q1 FY 2026–27 Results; Continues Investment in Product Innovation and Global Growth

The Company continues investments in product modernization, execution excellence and strategic market development

New Delhi, India, July 30, 2026: Nucleus Software, a leading provider of lending and transaction banking products to the global financial services industry, today announced its financial results for the Quarter ended June 30, 2026.

Key Highlights of Q1 FY 2026–27

➢ Revenues in Q1 FY 2026-27 at Rs. 210.43 Crores on a consolidated basis.
➢ EBITDA in Q1 FY 2026-27 at Rs 7.59 Crores on a consolidated basis.
➢ PAT in Q1 FY 2026-27 at Rs. 23.87 Crores on a consolidated basis.
➢ EPS at Rs. 9.07 on a consolidated basis.

Revenues on a consolidated basis stood at Rs. 210.43 Crores for the quarter ended June 30, 2026, as against Rs. 217.72 Crores in Q1 of FY 2025–26. The PAT on a consolidated basis stood at Rs. 23.87 Crores, as against Rs. 35.20 Crores in Q1 of FY 2025–26. The EPS on a consolidated basis during this period stood at Rs. 9.07 as against Rs. 13.37 in Q1 of FY 2025–26.

Revenues on a standalone basis stood at Rs. 193.69 Crores for the quarter ended June 30, 2026 as against Rs. 200.80 Crores in Q1 of FY 2025–26. The PAT on a standalone basis stood at Rs. 22.95 Crores, as against Rs. 39.59 Crores in Q1 of FY 2025–26. The EPS on a standalone basis during this period stood at Rs. 8.72 as against Rs. 15.04 in Q1 of FY 2025–26.

During the quarter, Nucleus Software continued to execute against its long-term priorities of product innovation, customer success, delivery excellence and international market development.

The Company continued to enhance its lending and transaction banking platforms, with a focus on intelligent automation, responsible AI, composable architecture, real-time processing and regulatory readiness. These investments are aimed at helping financial institutions modernize their operations while improving agility, efficiency and customer experience.

Nucleus Software strengthened its customer success leadership during the Quarter through the appointment of Mr. Bhavit Godiwala as Chief Customer Success Officer. In this role, he will focus on deepening customer relationships, strengthening governance and delivery excellence and accelerating value realization for financial institutions globally.

The Company also continued to develop its regional partner and customer ecosystem. During the Quarter, Nucleus Software entered into a strategic partnership in Indonesia and marked five years of collaboration with Hatton National Bank, underscoring its continued focus on long-term relationships and market-aligned transformation.

Commenting on the results, **Mr. Vishnu R. Dusad, Co-founder and Managing Director, Nucleus Software**, said:

"Our focus remains firmly anchored in creating long-term value through relevant innovation, trusted customer relationships and responsible execution. The financial services industry is entering a new phase in which intelligence, agility and resilience must work together. We will continue to invest thoughtfully in our products, people and capabilities to help financial institutions respond to this evolving environment with confidence."

Mr. Parag Bhise, Chief Executive Officer and Executive Director, Nucleus Software, added:

"During Q1, we continued to progress our strategic priorities across product development, customer success, delivery and global market engagement. Our emphasis remains on disciplined execution and on building capabilities that support sustainable growth over the long term. We are closely aligning investments with customer priorities while maintaining a measured approach to operational efficiency and value creation."

Looking ahead, Nucleus Software will continue to focus on strengthening its lending and transaction banking platforms, expanding the application of responsible AI and intelligent automation and enhancing customer outcomes across its markets.

The Company will also continue to build its regional partner network, strengthen global delivery capabilities and maintain disciplined execution as it progresses through FY 2026–27.

About Nucleus Software

Nucleus Software Exports Ltd. is a publicly traded software product company listed on the BSE under code 531209 and on the NSE under the symbol NUCLEUS. The company provides lending and transaction banking products to financial institutions globally.

Nucleus Software delivers fintech solutions to more than 200 banks and financial institutions across over 50 countries, supporting retail lending, corporate and SME finance, Islamic finance, automotive finance, captive automotive finance, cash management, liquidity management, financial supply chain management and transaction banking.

Its transaction banking platform manages more than $15 trillion in transactions annually and processes over 26 million transactions each day. Its lending platform manages more than $1.2 trillion in loans globally and enables over 500,000 users to log in daily.

Nucleus Software's flagship platforms include:

1. **FinnOne Neo®:** A next-generation digital lending platform that enables financial institutions to manage the complete lending lifecycle across customer acquisition, loan servicing and collections.
2. **FinnAxia®:** An integrated global transaction banking platform that helps banks manage payments, receivables, liquidity, financial supply chains and corporate banking operations.
3. **Nucleus Software Digital Services:** A comprehensive portfolio of services that helps banks and financial institutions modernize their technology environments, improve operational efficiency and accelerate digital transformation.

Together, these offerings reflect Nucleus Software's commitment to enabling intelligent, agile and future-ready financial institutions.

Recognized by Gartner® and Forrester®, Nucleus Software continues to drive innovation across lending, transaction banking, and financial technology transformation.
