Skipper Limited wins New Orders of Rs 1,305 crores

Kolkata, August 27th, 2026: Skipper Limited (BSE: 538562) and NSE (Symbol: SKIPPER), one of the world's leading manufacturers for Power Transmission & Distribution structures and a major EPC player in 765 Kv transmission lines and substation, is proud to announce that it has secured fresh new order of Rs 1,305 crores for several Domestic & International T&D projects.

New Order Details

The business has secured new orders for power T&D projects across India and Export Markets

- **Supply of transmission towers and monopoles for T&D projects in North America markets**
- **Secured two 765 Kv transmission line projects from a reputed domestic developer**

Director Speaks

Commenting on the release, Mr. Sharan Bansal, Director of Skipper Limited, said: " The receipt of new orders aggregating to ₹1,305 crore across domestic and international markets is a strong endorsement of Skipper's execution capabilities, technical expertise and growing customer confidence. We are particularly encouraged by the renewed momentum in our export business, with orders from developed markets gaining traction in line with our expectations. The breadth of these orders further strengthens our diversified T&D portfolio and reinforces our position as a trusted partner for complex power infrastructure projects across geographies."

He further added "We are pleased to see export opportunities picking up, particularly across our targeted developed markets, and expect this momentum to strengthen as market conditions continue to improve, the sustained momentum in order inflows reflects the significant investments underway in transmission infrastructure, grid expansion and renewable energy integration, both in India and globally. With a healthy order book and pipeline and an expanding opportunity landscape across our key markets, we remain focused on scaling the business through disciplined project selection, efficient execution and a balanced domestic and international mix. We are confident that these opportunities will support sustainable growth and enable us to create long-term value for our stakeholders."

ABOUT SKIPPER LIMITED

Skipper Limited established in 1981 is one of the leading companies in the Power Transmission & Distribution and the Polymer segment. With over 44+ years of domain knowledge it is largest in India and tenth globally basis the manufacturing capacity. Skipper differentiates its offerings with high quality but cost-effective solution for infrastructure providers and telecom operators.
