COMPANY OVERVIEW

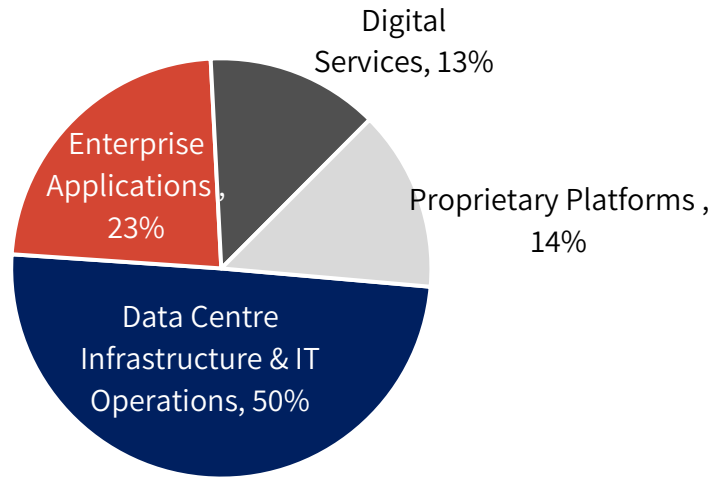

Company Overview

- Established in 2002, Xtranet is an integrated technology solutions provider with 24+ years of experience.
- Services spread across data centres infrastructure and IT solutions, enterprise applications, digital services and proprietary platforms.
- The company's proprietary platforms include SYNERGY for low-code digital transformation and XtraTrust for digital trust and PKI-based authentication.
- The company serves government, PSUs and private enterprises across diverse sectors including BFSI, utilities, transportation and manufacturing.
- Combines project-based execution with recurring managed services and platform-led revenues.
- Executed 175 projects across multiple Indian states during FY24–FY26, focused on digital infrastructure.
- Strong focus on e-Governance, digital trust, smart cities and enterprise infrastructure, offering resilience against AI-led disruption.

H1-FY27 Segment-wise Revenue Split

Key Milestones

2002
Incorporated as XtraNet Technologies Private Limited

2006
Expanded into IT System Integration (LAN, WAN, IT Security, System Support)

2007
Achieved **ISO 9001:2000** Certification

2008
Initiated Customized Application Development services

2012
Expanded into **Data Centres & Disaster Recovery (DR) sites**

2016
Achieved **ISO 27001:2013** Certification

2017
Achieved **ISO 20000-1:2011** Certification

2018
Entered **Smart City & ICCC projects**; achieved **CMMI Level-3**

2021
Launched proprietary low-code platform **"Synergy"**; achieved **CMMI Level-5**; became **NASSCOM member**

2022
Established **NOC & SOC**; launched **XtraTrust** Digital Signature platform with Govt. of India licensing

2023
Tech Excellence Award 2023 – Global Pride Awards
Best Employer Brand Award 2023 – Bhopal Region
Maharashtra State Best Employer Brand Award 2023.
Recruiting & Staffing Industry Leader of the Year 2023.

2024
Executed large DR, SOC, SD-WAN & Core Banking System integration projects; deployed AI-based analytics platforms

2025
Converted to **Public Limited Company**; expanded proprietary portfolio (X-ERP, Smart Lockers, ITSM, AI-based EDMS, PKI server)

2026
Listed successfully on **BSE** and **NSE** Stock Exchange

Data Centre Infrastructure & IT Operations

- End-to-end data centre infrastructure management across servers, storage, networks, virtualization, power and cooling.
- Integrated IT operations covering application hosting, database management, backup, cybersecurity and network support.
- 24×7 monitoring, proactive maintenance and disaster recovery to ensure high availability and business continuity.
- On-site and remote support delivered under Service Level Agreements (SLAs) with defined response and resolution parameters.
- Long-term SLA-based contracts drive recurring revenues, customer retention and revenue visibility.
- Growth is driven by new data centre mandates and expanding managed services within existing accounts.

Enterprise Applications

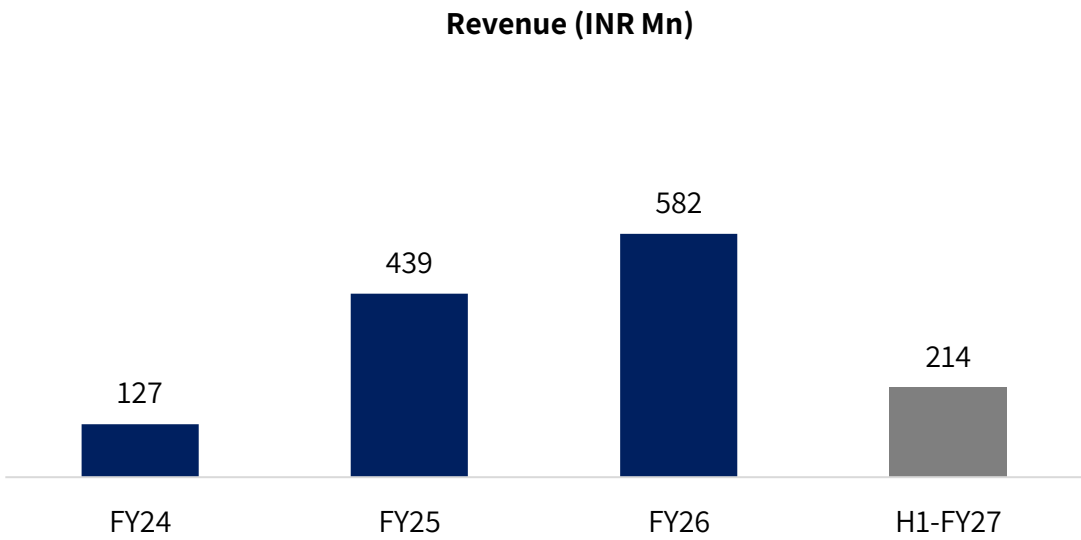

- Xtranet provides ERP selection, design, configuration and customization, with implementation of core modules across Finance, HRMS, SCM, Procurement and Billing.
- Enterprise, government, web and mobile applications are developed and supported across deployment, workflow integration, testing and performance optimization.
- Projects follow a structured lifecycle from requirement assessment and implementation to commissioning and ongoing support, through on-site and remote delivery models.
- Broad technology capabilities enable clients to consolidate multiple IT requirements with a single service provider.

Digital Services

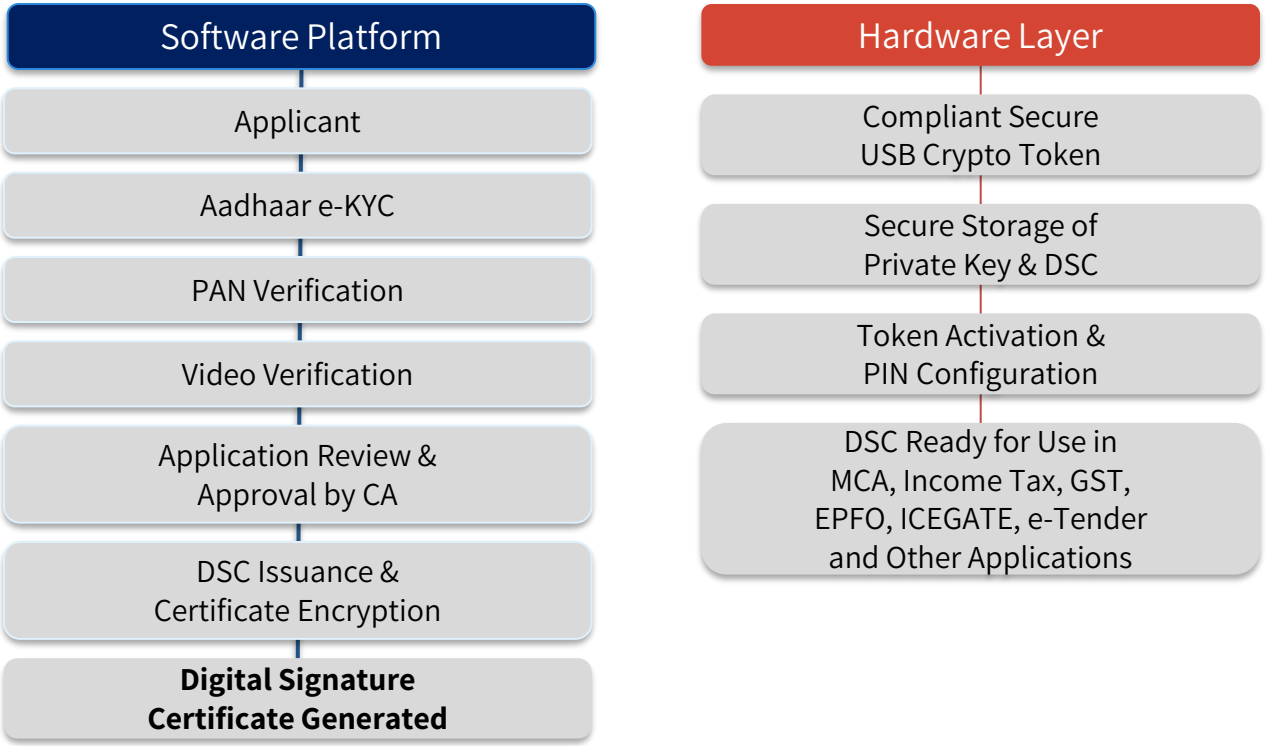

- Technology-enabled solutions support the transition from legacy systems to scalable digital platforms across applications, cloud and analytics.
- Digital solutions leverage AI, IoT and Blockchain to enhance automation, security, real-time monitoring and data-driven decision-making.
- Execution spans system assessment, implementation, deployment and ongoing support, ensuring seamless digital transformation.
- Synergy is a low code platform designed to accelerate digital transformation through rapid application development, workflow automation & business process management.
- The platform supports enterprise portals, dashboards, mobile applications and also reduces development time and total cost of ownership while enhancing client stickiness.

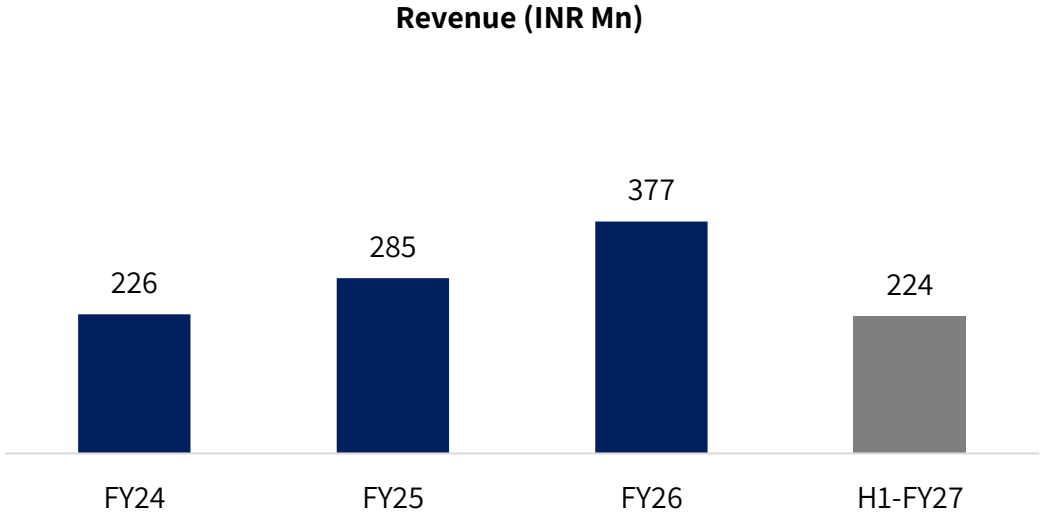

Proprietary Platforms

- XtraTrust enables secure authentication, digital signatures and trusted digital transactions across regulated environments.
- XtraTrust is among the MeitY, Government of India-approved Certifying Authorities (CA), authorized to issue Digital Signature Certificates and provide e-Sign services.
- The platform benefits from high regulatory entry barriers and mission-critical applications, supporting long-term adoption and strong customer stickiness.

STRATEGIC OVERVIEW

Key Strengths

High Share Of Recurring And Annuity-led Revenues

Data Centre Infrastructure & IT Operations contributed **50% of H1-FY27 revenue**, providing predictable cash flows, higher visibility, and long-term client engagement through SLA-based contracts.

Strong Positioning In Government And PSU Digital Infrastructure

Approximately **47% of FY26 revenue** is derived from Government and PSU clients, supported by a proven track record of **175 projects completed** over FY24–FY26 and deep experience in e-governance, smart cities, data centres, and mission-critical systems.

Diversified Business Model Across Services And Platforms

Revenue is spread across **Data Centre Infrastructure & IT Operations (50%), Enterprise Applications (23%), Digital Services (13%), and Proprietary Platforms (14%),** reducing dependence on any single service line while enabling cross-selling.

Proven Digital Infrastructure Execution Capabilities

50+ data centres delivered, supported by deep DC/DR expertise, managed services capabilities, and comprehensive infrastructure lifecycle management, positioning the company as a trusted partner for mission-critical digital infrastructure projects.

Order Book Visibility Supporting Growth

Outstanding order book of **INR 3,900 Mn (as of September 30, 2026)** across multiple states and clients provides revenue visibility and execution continuity over the medium term.

Platform Ownership And Technology Depth

Proprietary platforms **Synergy** (low-code digital transformation) and **XtraTrust** (digital trust and PKI) enhance differentiation, support scalable deployments in regulated environments, and improve the long-term margin profile.

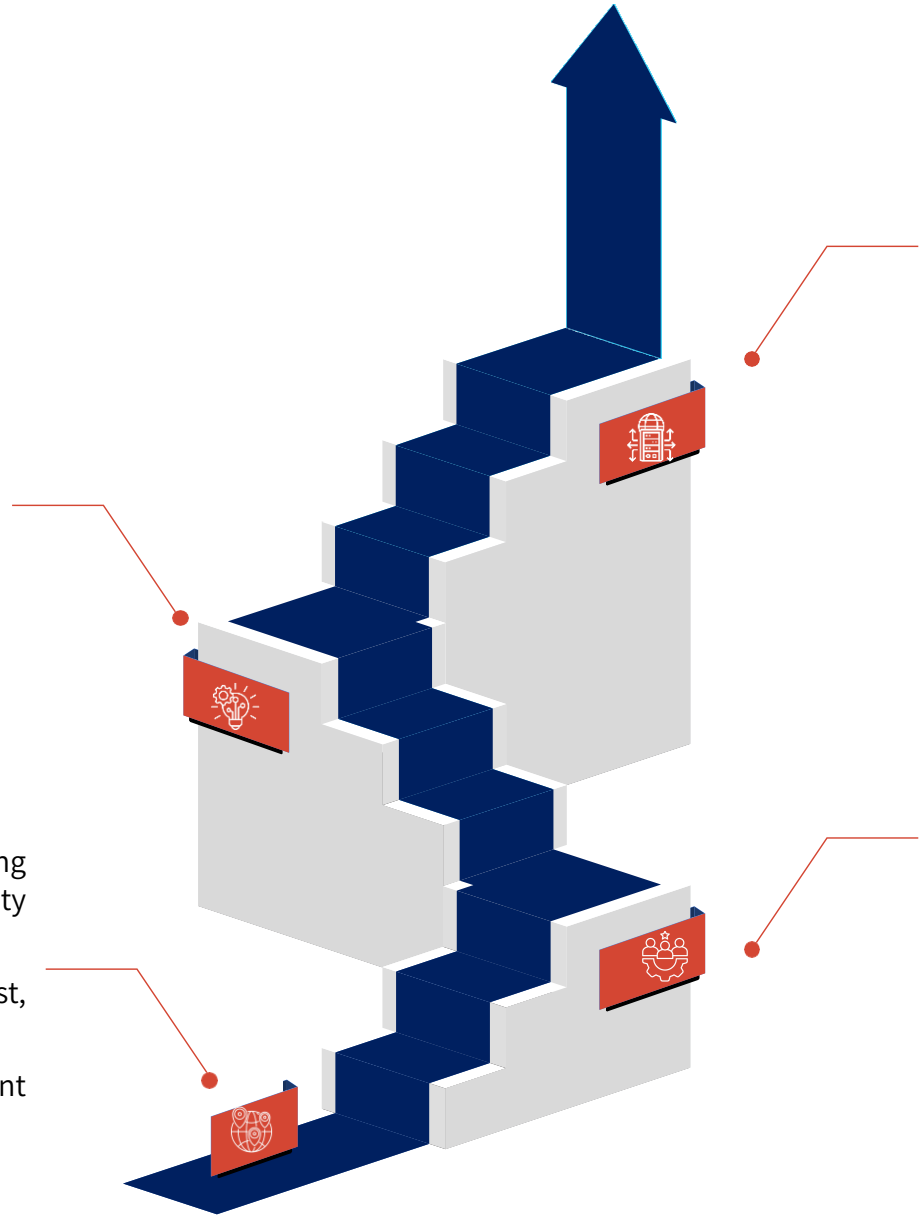

Future Growth Strategies

Data Centre & Infrastructure Expansion

- Expanding and modernizing data centre, disaster recovery sites, and cybersecurity infrastructure
- Adoption of modular, scalable designs to improve efficiency and utilization
- Enhancing reliability and sustainability through automation, backup, virtualization, and renewable energy adoption

Continue to Expand Our Geographical Footprints

- Scaling operations across new States by leveraging government digitization, Smart City, and utility modernization programs
- International expansion targeted in Middle East, Africa, and Asia- Pacific markets
- Growing international presence through deployment of proprietary platforms across new geographies

Expanding and Augmenting Our Platforms and Services Portfolio

- Expanding data centre infrastructure & IT operations and digital services with upgraded proprietary platforms
- Scaling Synergy (low- code digital transformation) and XtraTrust (digital trust & PKI) to address enterprise and government requirements.
- Focus on cloud adoption, workflow automation, cybersecurity, and compliance- driven solutions

Technology Innovation

- Ongoing investment in AI, ML, IoT, cloud, blockchain, and edge computing
- Embedding AI-driven analytics, predictive dashboards, and automation capabilities across offerings
- Enhancing Synergy and XtraTrust with advanced security, automation, and compliance capabilities

INDUSTRY OVERVIEW

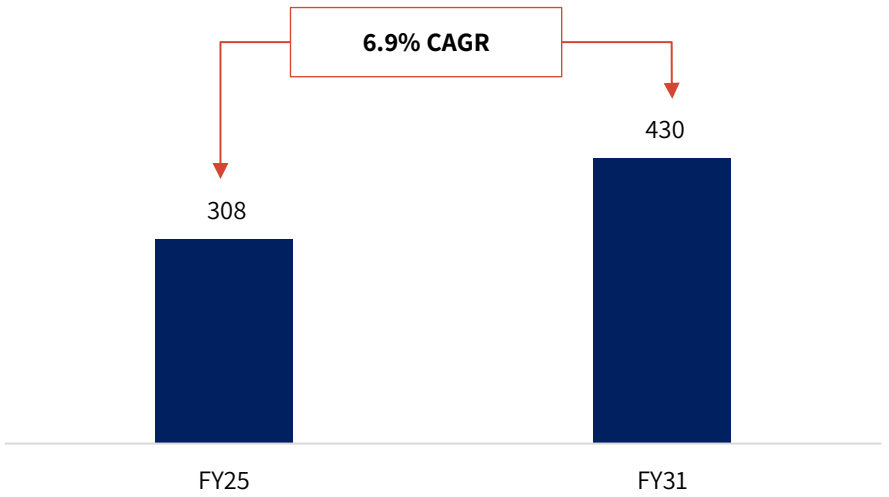

IT-ITeS Industry: Market Landscape & Growth Outlook

The global IT-ITeS market grew at a CAGR of 6.1% from CY20 to CY26 and reached USD 5.63 trillion in CY26E. The market is projected to grow at a CAGR of 4.7% from CY26 to CY30.

The Indian IT-ITeS market grew at a CAGR of 10% from FY21 to FY26, reaching USD 308 billion in FY26, and is projected to grow at a CAGR of 6.9% from FY26 to FY31, reaching USD 430 billion.

India's IT market continues to strengthen its position globally, with its share of the global IT market expected to increase from 5.0% in CY20–CY21 to 6.4% by CY30, underscoring India's growing role in the global technology ecosystem.

Indian IT-ITeS Market Size (in USD Bn)

Indian IT-ITeS Market Segmentation Outlook

IT Services

IT Services is projected to grow at a CAGR of ~6.7% from FY25 to FY31, reaching USD 162.6 billion by FY31.

Hardware

The hardware segment is projected to grow at a CAGR of 4.9% from FY26 to FY31, reaching USD 103.3 billion.

Software

The software segment is projected to grow at a CAGR of 9.0% from FY26 to FY31, reaching USD 108.9 billion by FY31.

Licensing

The Licensing segment is projected to grow at a CAGR of 7.7% from FY26 to FY31, reaching USD 55.5 billion by FY31.

Key Growth Drivers & Government Initiative

Growth Drivers

Digital Transformation:
Rising adoption of cloud, AI/ML, analytics, cybersecurity, IoT, and automation; Indian IT firms provide end-to-end digital solutions

GenAI & Automation:
Growing use of GenAI and low-code platforms, with focus on AI investments, talent reskilling, and outcome-based services

Sector Demand

BFSI:
Digital banking, fintech, compliance, fraud analytics

Healthcare:
Telemedicine, EHRs, AI diagnostics, cloud platforms

Telecom & Media:
5G, network virtualization, OTT, CX analytics

Smart Cities Driving IT Adoption:
INR 1.64 trillion investment across 8,067 projects is boosting demand for digital platforms, IoT, data analytics, & cloud-based urban solutions

Expansion of Digital Governance:
Initiatives like Digital India, SDCs, SWAN, CSCs, & G-Cloud are enhancing e-governance, service delivery, & transparency

Government policies driving IT investments in India & key markets

Union Budget 2025–26 supports technology-led growth with a Rs 20,000 crore fund for R&D in AI, quantum computing, and blockchain.

BharatNet focuses on expanding rural broadband connectivity to bridge the digital divide.

Centres of Excellence in Artificial Intelligence, with an outlay of Rs 500 crore, aim to enhance AI skills and innovation.

Make in India offers customs duty exemptions to strengthen domestic electronics manufacturing.

The PLI Scheme promotes local manufacturing of IT hardware, mobile devices, and semiconductors.

Q2/H1-FY27 Operational Highlights

- Secured fresh orders worth approximately INR 850–900 Mn during Q2 FY27, taking the total order book to around INR 3,900 Mn, supported by new business wins in BFSI and extensions of existing customer engagements, strengthening client relationships and revenue visibility for the coming quarters.
- Active bid pipeline of over INR 22,000 Mn, spanning Data Centres, Enterprise Applications, Digital Services and other technology-led opportunities, provides significant potential for future order inflows.
- Formation of Xtranet Data Centre, a dedicated subsidiary, marks a strategic step towards developing and operating owned data centre infrastructure, positioning it as a key growth engine over the medium to long term. New subsidiary aims to leverage existing enterprise, BFSI and institutional customer relationships to expand cloud hosting and managed services, with a focus on building recurring, annuity-based revenue streams.
- XtraTrust and Synergy are being positioned as the next growth drivers beyond the Data Centre business, with a focus on scaling proprietary platforms, expanding subscription-based offerings and building recurring revenue streams.
- Continued focus on expanding XtraTrust across enterprise, government and BFSI segments, targeting larger, mission-critical and long-duration engagements to deepen customer relationships, increase cross-selling opportunities and strengthen recurring revenue streams.
- International expansion remains a strategic priority, with the company exploring overseas business opportunities, technology partnerships and collaborations to diversify its geographical revenue base.
- Strengthening procurement, supply-chain arrangements, delivery resources and execution capabilities to support higher business volumes and accelerate execution of its existing order book.
- Continued emphasis on converting the substantial bid pipeline into confirmed orders, improving EBITDA and PAT margins, strengthening operating cash flows and enhancing capital efficiency to sustain growth through H2 FY27, FY28 and beyond.
