Press Release

Mach Travel Solutions Secures Inbound Travel Groups from International Markets

New Delhi, India, August 24, 2026: Mach Travel Solutions Limited (formerly known as Mach Conferences and Events Limited) (BSE: MACHLTD), a publicly listed technology-enabled travel solutions company, has secured **three inbound travel groups from France, Belgium and the United States**, marking the Company's first steps towards building its **Inbound Travel** business.

The three groups comprise **71 international travellers** and are scheduled to travel in **October 2026**. This includes **30 travellers from France travelling to Rajasthan, 15 travellers from France and Belgium travelling to South India, and 26 travellers from the United States travelling to Nepal**.

The Company recognizes that building a meaningful inbound travel business will require time, sustained effort and the development of relationships across international source markets. These initial groups represent an important beginning as Mach starts acquiring and servicing customers originating outside India.

Commenting on the development, Mr. Amit Bhatia, Chairman & Managing Director, Mach Travel Solutions Limited, said:

"These groups represent a small but important beginning for Mach. Over the years, we have built significant capabilities in taking Indian travellers across the world. We are now taking our first steps towards building the other side of that opportunity by serving international travellers coming to India and the region.

We understand that building a meaningful inbound business will take time and sustained effort. However, securing our first groups from France, Belgium and the United States is an encouraging start. We intend to build this business gradually by developing relationships in international markets and leveraging our destination knowledge and execution capabilities."
