Sub: Disclosure under Regulation 30 of the SEBI (LODR) Regulations,2015- Appointed as primary authorised dealer by Ishan Dyes and Chemicals Limited

Dealership from Ishan Dyes and Chemicals limited are particularly significant as they are a reliable supplier of high-quality sulphur-based industrial chemicals, serving diverse sectors including fertilizers, pharmaceuticals, dyes, petrochemicals, and intermediates manufacturing. They have already established a strong business association with our organization, A-1 Limited having supplied materials worth approximately INR 40 Crores from February 2026 up till now, this reflects our capability, reliability, and the trust placed in us. With a continued commitment to product quality, process safety, and supply reliability, we are glad to announce that they have authorised A-1 Limited as a primary dealer for a significant portion of their sulphur-based chemical requirements. The key highlights are as follows:

Existing Business Volume	Rs.40 crores
Product Portfolio	Sulphuric Acid 98%, 70%, Oleum 23%, 65% Chloro Sulphonic Acid
Supplier Credentials	ISO 9001 & ISO 14001 CERTIFIED
End-use Industries	Fertilizers, Pharmaceuticals, Dyes, Petrochemicals
Arrangement type	Primary Authorised Dealer
Geographic Coverage	Gujarat and targeted expansion markets

Strategic Significance:

1. Revenue Diversification and scale

The partnership with Ishan Dyes adds a high demand sulphur-based chemicals vertical to A-1 Limited's existing portfolio of industrial acids and solvents. Sulphuric acid is one of the most widely consumed industrial chemicals globally, with applications across fertilizers, pharmaceuticals, dyes and petrochemicals- sectors that are experiencing strong domestic demand growth driven by India's manufacturing expansion and agricultural modernization.

2. Demonstrated Business Traction

The Rs.40 crore existing business association since February 2026 validates the commercial viability of the relationship and provides a strong foundation for scaled-up operations under the formal dealership

framework. This volume was achieved in approximately 4 months, indicating strong demand pull and operational execution capability

3. Enhanced Market positioning

As a primary authorized dealer, A-1 Limited gains preferential access to Ishan Dyes' production capacity, competitive pricing and dedicated supply allocation. This strengthens company's competitive position against unorganized traders and enhances its ability to serve large industrial customers with consistent supply assurance.

4. Synergy with Existing operations

The sulphur-based chemicals portfolio complements A-1 limited's existing distribution infrastructure, including its captive logistics fleet of 100+ vehicles. The company can leverage its established customer relationships in textiles, steel, pharmaceuticals and water treatment to cross sell sulphuric acid derivatives driving operational leverage across its network.

5. Quality and Compliance Edge

Ishan Dyes and chemicals Ltd. is a ISO 9001 and ISO 14001 certified, ensuring consistent product quality, environmental responsibility and strict adherence to safety and handling regulations. This aligns with A-1 Limited's commitment to reliable, compliant supply chain operations- an increasingly important differentiator as environmental regulations tighten.

Product Portfolio under the Dealership

Sulphuric Acid 98%	Fertilizer manufacturing, metal processing, petroleum refining
Sulphuric Acid 70%	Water treatment, chemical synthesis , battery manufacturing
Oleum 23%	Sulphonation processes, dyes intermediates
Oleum 65%	High-strength applications, explosives, specialty chemicals
Chloro Sulphonic Acid	Pharmaceutical intermediates, dye manufacturing, surfactants

Market context

India's sulphuric acid market is a key enabler of the domestic fertilizer and pharmaceutical industries, both of which are priority sectors under the Government of India's Atmanirbhar Bharat initiative. With India aiming to reduce import dependence in chemicals and expand domestic manufacturing capacity, organized distributors like A-1 Limited are positioned to benefit from the structural shift towards reliable, compliant supply chain partners.

The Company expects this dealership arrangement to contribute meaningfully to revenue growth in the ongoing financial year FY 2026-27 and beyond. While the exact revenue contribution will depend on market demand dynamics and customer offtake, the
