Lupin Launches Formoflo-G® MDI, World's First Fixed-dose Triple Combination Drug for COPD Management

Mumbai, October 6, 2026: Lupin Limited (Lupin) has launched **Formoflo-G® MDI**, the world's first fixed-dose triple combination metered-dose inhaler (MDI) for chronic obstructive pulmonary disease (COPD) in India, following approval from the Drug Controller General of India (DCGI). The launch marks a significant advancement in respiratory care, expanding treatment options for patients living with COPD.

Lupin Formoflo-G® is a first-of-its-kind MDI that combines Glycopyrronium Bromide, Formoterol Fumarate and Fluticasone Propionate for the long-term management and treatment of moderate to severe COPD. The product is available as a twice-daily, single-strength fixed dose, bringing hope to more than 55 million people living with COPD in India, a condition that remains a leading cause of death and disability.

Commenting on the launch, **Nilesh Gupta, Managing Director, Lupin**, said, "As respiratory diseases continue to impact millions across India, access to effective therapies remains critical. Formoflo-G® MDI reflects our commitment to addressing unmet patient needs through differentiated, high-quality therapies. By combining innovation with accessibility, we aim to improve outcomes for patients living with respiratory diseases."

Rajeev Sibal, President – India Region Formulations, Lupin, said, "Formoflo-G® MDI marks an important addition to our respiratory portfolio, bringing together three established therapies in a single inhaler. It strengthens Lupin's respiratory portfolio and provides healthcare professionals with an important treatment option for appropriate COPD patients. It reflects our commitment to delivering innovative, high-quality therapies that help improve patient outcomes."

Ranked #2 in the respiratory therapy segment in India (*IQVIA, MAT Mar 2026*), Lupin continues to strengthen its leadership in respiratory care with the launch of Formoflo-G® MDI, reinforcing its focus on addressing unmet patient needs through innovation-driven therapies.

About Lupin

Lupin Limited is a global pharmaceutical leader headquartered in Mumbai, India, with a strong presence across India, the U.S., Other Developed Markets, and Emerging Markets, with products distributed in over 100 markets.
