Goodluck India Limited

“Goodluck Defence has successfully Secured Quality Assurance Certificate from Directorate General of Quality Assurance (DGQA), Dept. Of Defence Production, Ministry of Defence for Supply of 155mm M107 Ready-to-Fill Artillery Shells assembled with recovery Plug”

27th July, 2026

Goodluck India Ltd is pleased to announce that its subsidiary, **Goodluck Defence and Aerospace Ltd (GDAL)**, has successfully **met the prescribed technical, operational, and quality assurance requirements** and successfully cleared the **Visual Examination, Gauging, Dimensional Inspection and Dynamic Test** for supply of **155mm M107 Ready-to-Fill Artillery Shells** (empty shells) conducted by the Competent Authority under the **Department of Defence Production, Ministry of Defence, Government of India**.

The certification has been granted following successful evaluation against the prescribed requirements.

This certification confirms that GDAL has qualified as an approved supplier of 155mm M107 Ready-to-Fill Artillery Shells by satisfying the technical specifications and quality assurance standards prescribed by the Department of Defence Production. **The certification is an important milestone that enables the subsidiary to participate in supply opportunities for this critical defence product to the Government of India, subject to applicable procurement processes, tender conditions, and contractual awards.**

The achievement further strengthens Goodluck India's position in India's defence manufacturing ecosystem and reflects the Company's continued focus on quality, precision engineering, and compliance with the rigorous standards required for defence supplies.

Commenting on the development, Mr. Mahesh Chandra Garg, Chairman, Goodluck India Limited, stated

"Receiving this certification is a significant achievement for Goodluck Defence. It demonstrates our ability to consistently meet the stringent technical, operational, and quality assurance requirements prescribed by the Ministry of Defence for the supply of 155mm M107 Ready-to-Fill Artillery Shells. This recognition strengthens our credentials as a qualified supplier to India's defence sector and reflects the confidence in our manufacturing excellence, quality systems, and operational capabilities. We believe this milestone enhances our opportunities to participate in future procurement programs while supporting India's vision of self-reliance in defence manufacturing."

About Goodluck India Limited:

Founded in 1986, Goodluck India Limited is a premier engineering solutions provider specializing in the manufacturing of Defence Products, High-End Forgings, Heavy Fabrication of Steel Structures for High Speed Railway Network and Infrastructure Projects, Automotive Tubing and Others. The company is led by first-generation techpreneur Mr. Mahesh Chandra Garg, an IIT Roorkee alumnus, and supported by three generations of professionally qualified family members, showcasing a legacy of over 40 years of industry excellence.

Goodluck India has evolved from a traditional manufacturer to a diversified engineering solutions provider with a strong presence in high-growth sectors such as Automotive, Solar, Railways, Defence, and Infrastructure. The company's diverse product portfolio ranges from ERW pipes to railway bridges, catering to industries like construction, oil & gas, renewable energy, and more. Its strategic involvement in emerging sectors, including Defence and active participation in India's first Bullet Train project, highlights its commitment to innovation and technological advancement.

Operating six state-of-the-art manufacturing plants across Uttar Pradesh and Gujarat, with a total capacity of 5,00,000 MTPA (including 2,85,000 MTPA of high-margin value-added products), Goodluck India serves over 600 customers globally, exporting to more than 100 countries. In addition, the company's subsidiary, Goodluck Defence & Aerospace Ltd, operates a dedicated defence manufacturing plant with an annual capacity of 1,50,000 shells and being further expanded to 400,000 shells per annum. The company employs over 4,000 professionals dedicated to maintaining the highest standards of quality and efficiency, backed by ISO 9001:2008 certification.

Goodluck India continues to focus on driving growth through strategic investments in technology, product diversification, and expanding its global footprint, with a strong commitment to quality, innovation, and sustainability.
